Our Future Together:

Creating the Future Together Loren B. Mead, Billie T. Alban, 2008-07-15 Congregations today face a multitude of challenges in trying to adapt to a quickly changing world. Balancing new concerns with core values is a complicated process that can leave too many members feeling that their voices and needs are not being met. Loren B. Mead and Billie T. Alban have developed *Creating the Future Together* to share their knowledge of how congregations can use large group methods to navigate these new waters. Large group methods involve getting all the stakeholders together to work on major issues of common concern. Mead and Alban outline four such methods: two for identifying a preferred future and two designed to create community and discover common interest. This book is not meant to be a how-to volume; its primary purpose is to familiarize leaders with these whole system approaches and to provide a conceptual framework for evaluating their potential usefulness against any given challenge. The authors also share stories from a variety of Christian and Jewish faith communities where ordinary religious leaders and clergy together have faced issues related to change using large group methods. Combining their wealth of experience in leading religious and secular bodies through times of change, Mead and Alban bring hope to faith communities as they work to embrace and even thrive through the need for change. *Capistrano*

Merlin T. Williams, 2012-09 This is a story for the Baby Boom generation and for their progeny as well. This is a tale for anyone who has wistfully dreamed of personal fulfillment. For those who contemplate the shedding of the shackles of conformity of repetitive task completion of living to satisfy the expectations of others, Michael Campbell is a man well worth meeting. Michael defines his own Castle in Spain, his statement of individual dream fulfillment, and he works tirelessly to achieve it. Michael's singular focus becomes a beacon to others. Some raft together with him to his immense benefit while others become steadfast in their attempts to sink him. *Capistrano*, a club for gentlemen in the heart of Metro Manila, rises to become the premier night spot in a city famous for its ability to gratify the nocturnal nefarious desires of those who enjoy the embrace of business success. And those as well in sequined splendor whose agenda it is to satisfy those needs to achieve their own goals. *Capistrano* is a microcosm of South East Asia in the late 1980s. At once a bastion of sensual overload, it houses the unholy alliance of those with means and those who trade in their desires. *Capistrano* will make you laugh out loud; it will make you cry; and in the process, make you think about your own present and what possibilities lie untapped within. **New**

Winning Travis Moody, 2016-05-13 There is no question that life is definitely more fun when we win. Unfortunately, many of us are just drifting through life while often facing defeat at every turn. We long to improve our relationships, our health, and our finances, but for many of us, it seems as though we are just getting by in life. The good news is that God does not want us just to survive so that we can enjoy eternity; God wants for us the same thing that we all want for ourselves: to win in life. He wants for us to win in our relationships, in our health, and in our finances. This book will help you do just that. **Winning** begins with a brief self-assessment that encourages honest reflection on the kinds of behaviors that trigger freedom, peace, and inner strength. Travis Moody, a former college athlete and corporate executive turned life coach and stewardship consultant, relies on his personal experiences—both good and bad—to provide practical and spiritual advice intended to help you move from merely surviving to living a life of success and ultimately a life fulfilling your own unique purpose. In this step-by-step guide, you will learn how to win in every area of your life.

Samuel Kader Sr., Pastor, Community Gospel Church, Dayton, Ohio, Openly Gay, Openly Christian, Leyland Publications. Am I going to hell because I am gay? Is homosexuality a sin? Should I remain celibate my entire life? If you or someone you love is struggling with these issues, this book is for you. Together Forever Charlie Mighton, 2012-11 The United States was a great nation in the 1920s. We had finished winning the great war to end all wars in 1918. England and France wrote the surrender papers for Germany to sign. Sorry to say, but the restriction placed on Germany was more than any nation could live with. But Germany was under the thumb of England and France. I think this is what started World War II. I know it was. In 1929, the world went into the Depression, years lasting till World War II started in Europe. In 1939, war started again in Europe between France, England, and Germany when Germany invaded Poland. The United States, with its large manufacturing ability and can-do attitude, was able to come out of the Depression by supplying Europe with arms and other things. President Franklin D. Roosevelt started the WPA, PWA, the CCC, and other federal programs to kick-start the economy before the war in Europe. I grew up during the Depression years, having been born in 1924. We were poor like everyone else, but I did not realize we were poor because everyone else was in

the same condition One news reporter wrote a book and called us the greatest generation History proved that as we grew we became the most powerful nation in the world Today as I write this I can say we may not be the greatest We could be if we open our eyes and change things back like they were before a small group that thinks the government is the answer to all problems Then too we must think we are responsible for ourselves I hope the generation that follows my generation will wake up and do something about the sad shape we are in This book tells a little about what I did as a member of the greatest generation and World War II One of the greatest love stories was started and like all good things ended in disappointment due to nature
