Thoughts Are Things with Sterling Wings Linda Onita Hardin-Atkins, 2010-03 Oftentimes the most painful experiences are the ones in which we learn the most about ourselves Linda Onita Hardin Atkins's personal journal chronicles her life from the tender age of eleven through the devastating pain of losing her father and to the present day awareness of the true essence of who she is Hardin Atkins discovered at a very young age that life was a vast greatness of unexplored questions This discovery was the true beginning of spiritual awareness a constant subtleness of something else something more Her journey took flight when she reached her mid thirties and suffered what she describes as unbearable mental pain and anguish after the death of her beloved father Searching for meaning she studied philosophy religion and meditation After an intensely draining yet amazingly clarifying meditation a voice spoke to her Write an autobiography about your life experiences over the last 28 years As her deeply buried emotions emerged Hardin Atkins was finally able to let go of the limbo that bound her Surrendering she found the missing link that she so desperately needed to move forward and embrace the beauty of life love and joy Thoughts Are Things With Sterling Wings is a compelling compassionate and beautiful rendering of a woman's spiritual journey Astounding in its insights this narrative is for anyone who wishes to discover the freedom of letting go and letting God in Linda Onita Hardin Atkins is a writer who lives near San Pablo California Publisher's website <http://www.strategicpublishinggroup.com/title/ThoughtsAreThingsWithSterlingWings.htm>

The Dark World of Pakistani Black Magic Insar Haq, 2024-11-01 A fascinating and often surprising journey into the belief and practice of magic in Pakistan exploring the country's myths legends and folklore The supernatural and the religious intertwine to produce a unique cultural landscape where the holy and the superstitious combine inextricably and practitioners of both white and black magic gain legitimacy and status from the incorporation of Quranic elements in their rituals from faith healing and protection to harmful sorcery Far from an arcane relic of times long past the practice of magic is ubiquitous in Pakistan today and amongst its diaspora across the globe constantly changing and adapting to new environments and influences Neither is the popularity of magic limited to the impoverished or illiterate belief is widespread regardless of status and education with a resurgence in interest from younger people perhaps disillusioned with modern society and organised religion and seeking a return to a more natural way of life The risks of exploitation and abuse from unprincipled charlatans are commonplace especially since they are promoted by the media and unregulated by law but genuine religiously legitimate practitioners also exist and their help is sought by millions suggesting a deep seated human need for connection to the supernatural
