**Selected Works of Miguel de Unamuno: Our lord Don Quixote** Miguel de Unamuno, 1900 Manuel de Falla and Modernism in Spain, 1898-1936 Carol A. Hess, 2001 Although studies of Modernism have focused largely on European nations Spain has been conspicuously neglected As Carol A Hess argues in this compelling book such neglect is wholly undeserved Through composer Manuel de Falla 1876 1946 Hess explores the advent of Modernism in Spain in relation to political and cultural tensions prior to the Spanish Civil War The result is a fresh view of the musical life of Spain that departs from traditional approaches to the subject and reveals an open and constantly evolving aesthetic climate **The Humble Story of Don Quixote** Cesáreo Bandera, 2006 Don Quixote is often called the first modern novel many would argue it is the greatest novel ever written But compared with other world masterpieces from the Iliad to Paradise Lost or from Oedipus the King to Hamlet or Life is a Dream for example the storyline of Don Quixote is remarkably uninspiring and lowly a middle aged man becomes mad reading novels and makes a fool of himself by believing he is a hero The first great modern novel is a warning about the reading and the writing of novels In this original study by Ces reo Bandera the intimate connection between the simplicity and humility of the story and its greatness is explored Other comparisons are also made the story of the picaresque rogue on the one hand and the psychological insights of the pastoral novel on the other Through these analyses the meaning and significance of Cervantes novel are developed The book takes into critical account Mikhail Bakhtin s theory of the novel as well as Michel Foucault s views about madness and civilization in order to bring into relief the modernity of Don Quixote From another angle the contrasting views on human desire of such critics as Unamuno and Ren Girard become central to a new understanding of Don Quixote s madness as well as to the development of the main connection between the humility of the story and its greatness ABOUT THE AUTHOR Ces reo Bandera professor emeritus of Spanish literature at the University of North Carolina at Chapel Hill is author of several books and numerous essays in English and Spanish including *The Sacred Game The Role of the Sacred in the Genesis of Modern Literary Fiction* PRAISE FOR THE BOOK The originality of Bandera s approach and the novelty of his focus are grounded not only on a solid knowledge of history and literary theory but also of philosophy history of religion anthropology etc Bandera s study attracts from its first pages by confronting the reader with concepts which are fundamental to an understanding of the culture and literature of the West in the 17th century Jos Mar a D ez Borque Madrid Universidad Complutense We are dealing with a book different from all others that have come out on the occasion of the Fourth Centenary It is full of intuitions accurate judgments and above all it is organized and written by an author ready to make tabula rasa of all Cervantine bibliography in order to reexamine ab ovo the state of questions that are still relevant to those who study the best classical novel H ctor Briosio Universidad de Alcal Bandera discusses the historical social and spiritual developments that in the Renaissance made a revival of the old epic an impossibility and paved the way to the invention of the modern novel He presents an immensely

philosopher's life and thought Each chapter frames a striking issue usually encapsulated in a short passage from Kierkegaard and pursues it directly and deeply Kierkegaard speaks to our need for self understanding our need to negotiate the tensions between surprisingly subtle capacities for communication and surprisingly easy descent into clichés and banality The chapters of this book follow and reanimate Kierkegaard's brilliant and humorous discussions of death and authenticity of the maternal and paternal in faith and self transformations of self deception and obsessive judgmentalism of love and the search for stable centers of subjectivity as refinement of responsiveness to others the world and all we can value These evocative explications aim to match his stride in tracking deep human concerns that evade academic and cultural pigeonholes Like Hamlet Kierkegaard gives us a poem unlimited that is open to endless reflection Mooney's aim is to bring his matchless impulse and aspiration once more alive

**The Seven Deadly Sins** Stanford M. Lyman, 1989-01-01 When Stanford M Lyman authored The Seven Deadly Sins Society and Evil in 1978 it was hailed by Alasdair MacIntyre as a book of absorbing interest and importance\_ that places us all in his debt By Nelson Hart as a masterful and thought provoking book\_ that is the only scholarly treatment of sin that is so well informed by the best of ancient through modern perspectives By James A Aho as a work whose abstract hardly does justice to the scholarly and detailed analysis of sin And by Harry Cohen as a book\_ that stands as a beautiful illustration of what holistic idiosyncratic interdisciplinary and creative thinking and writing can bring to bear on the age old problem of society and evil The American Sociological Association's section on the Sociology of the Emotions selected this book as one of the works that laid the foundations for the study of pride lust envy and anger basic sentiments embedded in the social process For this

revised and expanded edition Lyman has written a new chapter Sentiments Sin and Social Conflict Toward a Sociology of the Emotions The new edition will be a valuable work for courses in social psychology ethics deviance and the sociology of morals and of religion

*The Sanctification of Don Quixote* Eric Ziolkowski, 2008-01-18 Ziolkowski explores the religious implications of the figure of Don Quixote in Western literature from Cervantes to the present While scholars and critics in the past have often called attention to the secularizing tendency of modern literature to the numerous fictional adaptations of the Christ figure on the one hand and the innumerable literary descendants of Don Quixote on the other this study is the first to examine a lineage of characters in whom the images of the alleged savior and the mad knight are combined After considering Don Quixote as the first modern novel and taking into account its relationship to religion society and censorship in seventeenth century Spain Ziolkowski traces the history and fate of Don Quixote the character through a series of religious transformations over the centuries focusing on three novels that adapt the Quixote figure Henry Fielding's *Joseph Andrews* Fyodor Dostoevsky's *The Idiot* and Graham Greene's *Monsignor Quixote* Ziolkowski argues that given the increased secularization and decline of religious consciousness over the last several centuries any pursuit of religious values or ideas becomes questionable and this appears quixotic insofar as it stands in contradiction to the sociohistorical context He concludes that religious existence for the few who pursue it in suffering which means that the religious person feels temporally displaced for adhering to a seemingly obsolete faith and lifestyle

Choices and Conflicts Hans van Stralen, 2005 This book approaches literary existentialism 1935-1960 from a philosophical point of view and provides a semantic frame through which the primary works of this movement can be interpreted Readings of Sartre, S. de Beauvoir, Noëteboom and others emphasize the place and themes specific to each writer within literary existentialism as a whole One of the most original features of this study is its focus on the central notion of engagement after 1960 Having highlighted its waning in postmodernism van Stralen then demonstrates the vigorous resurgence of this pivotal concept in postcolonial discourses

**Melancholy** F. László Földényi, 2016-01-01 Földényi's extraordinary *Melancholy* part history of the term melancholy and part analysis of the melancholic disposition explores many centuries to explore melancholy's ambiguities Along the way Földényi discovers the unrecognized role melancholy may play as a source of energy and creativity in a well examined life Földényi begins with a tour of the history of the word melancholy from ancient Greece to the medieval era the Renaissance and modern times He finds the meaning of melancholy has always been ambiguous even paradoxical In our own times it may be regarded either as a psychic illness or a mood familiar to everyone The author analyzes the complexities of melancholy and concludes that its dual nature reflects the inherent tension of birth and mortality To understand the melancholic disposition is to find entry to some of the deepest questions one's life Amazon.com

**The Image of Christ in Russian Literature** John Givens, 2018-05-29 Vladimir Nabokov complained about the number of Dostoevsky's characters sinning their way to Jesus In truth Christ is an elusive figure not only in Dostoevsky's novels but in Russian literature as a

whole The rise of the historical critical method of biblical criticism in the nineteenth century and the growth of secularism it stimulated made an earnest affirmation of Jesus in literature highly problematic If they affirmed Jesus too directly writers paradoxically risked diminishing him either by deploying faith explanations that no longer persuade in an age of skepticism or by reducing Christ to a mere argument in an ideological dispute The writers at the heart of this study understood that to reimage Christ for their age they had to make him known through indirect even negative ways lest what they say about him be mistaken for cliché doctrine or naïve apologetics The Christology of Dostoevsky Leo Tolstoy Mikhail Bulgakov and Boris Pasternak is thus apophatic because they deploy negative formulations saying what God is not in their writings about Jesus Professions of atheism in Dostoevsky and Tolstoy's non-divine Jesus are but separate negative paths toward truer discernment of Christ This first study in English of the image of Christ in Russian literature highlights the importance of apophaticism as a theological practice and a literary method in understanding the Russian Christ It also emphasizes the importance of skepticism in Russian literary attitudes toward Jesus on the part of writers whose private crucibles of doubt produced some of the most provocative and enduring images of Christ in world literature This important study will appeal to scholars and students of Orthodox Christianity and Russian literature as well as educated general readers interested in religion and nineteenth century Russian novels

**Immediacy and Meaning** Caitlin Smith Gilson, 2017-02-09 Immediacy and Meaning seeks to approach the odd uneasiness at root in all metaphysical meaning that the human knower attempts to mediate what cannot be mediated that there is a pre-cognitive immemorial immediacy to Being that renders its participants irreducible incommunicable and personal The dilemma of metaphysics rests on the relationship between the spectator and the player both as essential responses to the immediacy of Being Immediacy and Meaning is an attempt to pause but without retreat to be a spectator within the game to gain access into this immediate Presence for a moment only perhaps before the signatory failure into metaphysical language returns us to the mediated J K Huysman's semi-autobiographical tetralogy anchors this book as a meditation neither purely poetic nor only philosophical it claims a unique territory when attempting to speak what cannot be spoken The unnerving merits of nominalism the difficulties of an honest appraisal of efficacious prayer the mad sanity of the muse the relationship between the uncreated and the created and an originary ethics of antagonism each serves to clarify the formation of a new epistemology

**As It Is in Heaven** Caitlin Smith Gilson, 2022-04-05 The loss of a real and heartfelt belief in God and by real I mean an experience that is both steady and moving ethereal though down to earth sentimental but never trite comes from an earlier more foundational loss namely that of an ardent and directed desire for heaven and more specifically that paradisaic longing for the resurrected life This book seeks to recover the neglected nature of heaven degraded into something out there and unknown degraded further into a vague wish for immortality and the often empty words of consolation Or even worse the almost comic book reduction of heaven to an earthly socialist paradise the immanentization of the Christian eschaton The vague better place which is meant well often means nothing at

all or worse than that can hamper us when approaching and engaging the mystery of grief This book will address and interrogate various questions about the nature of the afterlife on the status of guilt forgiveness friendship love embodiment sexuality and propose various paths to answers We are talking about that sacred innermost promise the hope of paradisaal reunion most secret and yet most universal never abstract and shapeless but embodied and individual We must wonder whether our casual forgetting of this estuary of human hope the resurrected life has caused us to lose ourselves in such a way that we do not even know what we have lost

**Nietzsche and the Problem of Subjectivity** João Constâncio, Maria João Mayer Branco, Bartholomew Ryan, 2015-10-16 Nietzsche's critique of the modern subject is often presented as a radical break with modern philosophy and associated with the so called death of the subject in 20th century philosophy But Nietzsche claimed to be a psychologist who was trying to open up the path for new versions and sophistications of the soul hypothesis Although there is no doubt that Nietzsche gave expression to a fundamental crisis of the modern conception of subjectivity both from a theoretical and from a practical existential perspective it is open to debate whether he wanted to abandon the very idea of subjectivity or only to pose the problem of subjectivity in new terms The volume includes 26 articles by top Nietzsche scholars The chapters in Part I Tradition and Context deal with the relationship between Nietzsche's views on subjectivity and modern philosophy as well as with the late 19th century context in which his thought emerged Part II The Crisis of the Subject examines the impact of Nietzsche's critique of the subject on 20th century philosophy from Freud to Heidegger to Dennett but also in such authors as Deleuze Foucault Derrida or Luhmann Part III Current Debates From Embodiment and Consciousness to Agency shows that the way in which Nietzsche engaged with such themes as the self agency consciousness embodiment and self knowledge makes his thought highly relevant for philosophy today especially for philosophy of mind and ethics

**A Commonplace Book on Teaching and Learning** Pascal de Caprariis, 2010-10-06 The format of the book is a little unusual because I decided to use the structure of a commonplace book in which commonplace items that one comes across in one's life are jotted down for future reference in a journal The idea is to let the quotations set up discussions about various aspects of learning My intent was to end up with a loosely coupled but reasonably coherent set of ideas within each chapter This goal was pursued by seeing to it that a substantial number of quotations within a chapter are at least somewhat related One advantage of this format is that the reader can open the book nearly anywhere and find an idea that can be considered independently of other parts of the book The intent is to provide on every page stepping stones that allow the reader to go a bit further by mulling over an idea

**Myth and the Limits of Reason** Phillip Stambovsky, 2021-11-15 Traditionally understood as pre critical even pre rational mythical thought has in fact played a critical role in post Enlightenment intellectual history Modernists in philosophy and literature have used the depictive rationality of myth to disclose in self reflective ways the limits of discursive sense making in various domains of human experience In so doing they have effectively furthered without resort to analytical abstractions the epistemological critique of

reason begun during the Enlightenment Stambovsky illustrates four widely diverse examples of this critical form of mythical thinking in works by Kierkegaard Miguel de Unamuno Henry James and Margaret Atwood The selected texts focus respectively on religious national cultural psychosocial and psychobiological realms of experience These illustrations follow an inquiry into why the very possibility of critical mythically inventive mythopoetic reflection is unsatisfactorily explained by leading rationalist accounts of myth It is with this problem in mind that Stambovsky begins his monograph with observations on the origins of rationalist and counter rationalist conceptualizations of myth in the fragments of Xenophanes the father of rationalist mythology and in Plato's Phaedrus Of pivotal import is the early rationalist discrimination of mythos from logos and its epistemological implications the rationalist legacy in the history of the idea of myth Following his look at paradigmatic classical precedents Stambovsky traces the influence of the rationalist legacy in the myth theory of Malinowski L vi Strauss Cassirer Ricoeur and Blumenberg The aim is to reveal how this influence in different ways limits these theories as instruments for detecting and explaining the seminal critical and historical significance of modern mythopoeia This study will be of particular interest to teachers and students of myth theory in departments of philosophy religion literature and cultural anthropology
