Reconciling Our Aims Allan Gibbard,2008-09-12 In these three Tanner lectures distinguished ethical theorist Allan Gibbard explores the nature of normative thought and the bases of ethics In the first lecture he explores the role of intuitions in moral thinking and offers a way of thinking about the intuitive method of moral inquiry that both places this activity within the natural world and makes sense of it as an indispensable part of our lives as planners In the second and third lectures he takes up the kind of substantive ethical inquiry he has described in the first lecture asking how we might live together on terms that none of us could reasonably reject Since working at cross purposes loses fruits that might stem from cooperation he argues any consistent ethos that meets this test would be in a crucial way utilitarian It would reconcile our individual aims to establish in Kant s phrase a kingdom of ends The volume also contains an introduction by Barry Stroud the volume editor critiques by Michael Bratman Stanford University John Broome Oxford University and F M Kamm Harvard University and Gibbard s responses

Doing Ethics In A Diverse World Robert Traer,2018-05-04 Nothing is more difficult today than deciding what to do about abortion gay marriage economic injustice war torture global warming euthanasia capital punishment and a host of other controversies particularly in a world in which people of varying religious cultural and ethnic backgrounds commonly live side by side Can we draw on the wisdom of the past to address these contemporary ethical dilemmas Can we see more clearly how we should consider what is right and wrong and good and bad and then work through these divisive problems toward decisions that make sense to us While challenging moral relativism *Doing Ethics in a Diverse World* uses a pluralist approach that draws on religious as well as secular positions and on Eastern as well as Western traditions The book s approach reasons by analogy from the rule of law including international human rights law as a means to constructing ethical presumptions about duty character relationships and rights These presumptions are weighed against the predicted consequences of acting on them which either confirm the presumptions or support alternative actions

Right and Wrong, How Catholics Tell the Difference , In Sensible Judgement Max Deutscher,2016-05-23 Taking its bearings from classic texts including Plato Kant Hegel and Arendt this thoughtful and intriguing book provides philosophical reflection on what it is to judge and what judgement achieves alongside and sometimes in competition with thinking and willing Opening with the landmark Mabo High Court case in Australia and with detailed reference to other significant debates of judgement of the twentieth century Max Deutscher seeks to explore and explain approaches to the concepts of what is good right and legal Describing a connection between reason and grounds intrinsic to judgement he analyses and explores the tendency towards absolutism that displaces proper judgement By weaving concrete instances of judgement with philosophical thought Deutscher provides a fascinating phenomenology of practices of judgement that should

appeal to all readers with an interest in legal philosophical and political thought **The Book of Truth** Pastor Rod Cameron,2023-06-04 This is the Convocationism Bible It will be updated from time to time so check back often **Ethics'** **2006 Ed. (the Philosophical Discipline of Action)** E. Babor,2006 **Landscapes of the Soul** Douglas V. Porpora,2003-10-09 Do you believe in God Nine out of ten Americans unhesitatingly answer yes But for Douglas Porpora the real questions begin where pollsters leave off What he asks does religious belief actually mean in our lives Does it shape our identities and our actions Or despite our professions of faith are we morally adrift Landscapes of the Soul paints a disturbing picture of American spiritual life In his search for answers to his questions Porpora interviewed clerks and executives Jews evangelical Christians Buddhists Taoists and even followers of Bhagwan Sri Rajneesh He asked them about God and about what they saw as their own place in the universe What he found was a widespread inability to articulate any grand meaning of life We lack heroes to inspire us We lack a sense of calling of transcendent purpose in our existence Many of us seem incapable of caring deeply about the suffering of others Our society is permeated with moral indifference Yes we are a believing people but God is often a distant abstraction and rarely an emotional presence in our lives Only such an emotional connection Porpora argues can be the basis of a genuine moral vision Our emotional estrangement from God and the sacred keeps us from caring about social justice keeps us from wanting to change the world keeps us enclosed in our own private worlds Landscapes of the Soul is a passionate call to broaden our spiritual and moral horizons to raise our eyes to the greater reality that unites us all **Three Questions We Never Stop Asking** Michael K. Kellogg,2010-07-20 This excellent introduction to the essential issues that have preoccupied philosophers throughout the centuries provides fresh and engaging portraits of the greatest thinkers on three perennial questions What can I know What may I hope What ought I to do The author summarizes the thoughts of Plato and Wittgenstein on the possibility of philosophical knowledge Kant and Nietzsche on the existence of God Aristotle and Heidegger on human virtue The first member of the pair is a builder the second a destroyer One explores the promise of a theory the other the consequences of its ruin These juxtaposed pairs are not self contained however All six thinkers are engaged in a dialogue with one another on issues that touch our lives directly and profoundly The author has arranged them in an order that unveils an ever deepening understanding of the moral spiritual and intellectual space in which our lives unfold For anyone wishing to discover or rediscover philosophy in its original meaning the love of wisdom this engaging clearly written and accessible volume is an excellent place to start
