*Memoirs of Napoleon Bonaparte* Fauvelet de Bourrienne, 2015-11-17 In introducing the present edition of M de Bourrienne s Memoirs to the public we are bound as Editors to say a few Words on the subject Agreeing however with Horace Walpole that an editor should not dwell for any length of time on the merits of his author we shall touch but lightly on this part of the matter We are the more ready to abstain since the great success in England of the former editions of these Memoirs and the high reputation they have acquired on the European Continent and in every part of the civilised world where the fame of Bonaparte has ever reached sufficiently establish the merits of M de Bourrienne as a biographer These merits seem to us to consist chiefly in an anxious desire to be impartial to point out the defects as well as the merits of a most wonderful man and in a peculiarly graphic power of relating facts and anecdotes With this happy faculty Bourrienne would have made the life of almost any active individual interesting but the subject of which the most favourable circumstances permitted him to treat was full of events and of the most extraordinary facts The hero of his story was such a being as the world has produced only on the rarest occasions and the complete counterpart to whom has probably never existed for there are broad shades of difference between Napoleon and Alexander Caesar and Charlemagne neither will modern history furnish more exact parallels since Gustavus Adolphus Frederick the Great Cromwell Washington or Bolivar bear but a small resemblance to Bonaparte either in character fortune or extent of enterprise For fourteen years to say nothing of his projects in the East the history of Bonaparte was the history of all Europe With the copious materials he possessed M de Bourrienne has produced a work which for deep interest excitement and amusement can scarcely be paralleled by any of the numerous and excellent memoirs for which the literature of France is so justly celebrated M de Bourrienne shows us the hero of Marengo and Austerlitz in his night gown and slippers with a trait de plume he in a hundred instances places the real man before us with all his personal habits and peculiarities of manner temper and conversation The friendship between Bonaparte and Bourrienne began in boyhood at the

school of Brienne and their unreserved intimacy continued during the most brilliant part of Napoleon's career. We have said enough the motives for his writing this work and his competency for the task will be best explained in M de Bourrienne's own words which the reader will find in the Introductory Chapter. M de Bourrienne says little of Napoleon after his first abdication and retirement to Elba in 1814 we have endeavoured to fill up the chasm thus left by following his hero through the remaining seven years of his life to the last scenes of all that ended his strange eventful history to his deathbed and alien grave at St Helena. A completeness will thus be given to the work which it did not before possess and which we hope will with the other additions and improvements already alluded to tend to give it a place in every well selected library as one of the most satisfactory of all the lives of Napoleon.
