Kass, 2020-06-09 Most American young people like their ancestors harbor desires for a worthy life a life of meaning a life that makes sense But they are increasingly confused about what such a life might look like and how they might in the present age be able to live one With a once confident culture no longer offering authoritative guidance the young are now at sea regarding work family religion and civic identity The true the good and the beautiful have few defenders and the higher cynicism mocks any innocent love of wisdom or love of country We are supercompetent regarding efficiency and convenience we are at a loss regarding what it's all for Yet because the old orthodoxies have crumbled our interesting time paradoxically offers genuine opportunities for renewal and growth The old Socratic question How to live suddenly commands serious attention Young Americans if liberated from the prevailing cynicism will readily embrace weighty questions and undertake serious quests for a flourishing life All they and we need is encouragement This book provides that necessary encouragement by illuminating crucial and still available aspects of a worthy life and by defending them against their enemies With chapters on love family and friendship human excellence and human dignity teaching learning and truth and the great human aspirations of Western civilization it offers help to both secular and religious readers to people who are looking on their own for meaning and to people who are looking to deepen what they have been taught or to square it with the spirit of our times **My Name is Universe** Toni Pout, 2024-06-12 *My Name is Universe* is a book of interviews with internationally renowned personalities through which some of the layers of knowledge included in the Periodic Table are revealed recreated by Eugenia Balcells in the mural *Homage to the Elements*

**No Other Name?** Paul F. Knitter, 1985-01-01 Landscapes of the Soul Douglas V. Porpora, 2003-10-09 Do you believe in God Nine out of ten Americans unhesitatingly answer yes But for Douglas Porpora the real questions begin where pollsters leave off What he asks does religious belief actually mean in our lives Does it shape our identities and our actions Or despite our professions of faith are we morally adrift Landscapes of the Soul paints a disturbing picture of American spiritual life In his search for answers to his questions Porpora interviewed clerks and executives Jews evangelical Christians Buddhists Taoists and even followers of Bhagwan Sri Rajneesh He asked them about God and about what they saw as their own place in the universe What he found was a widespread inability to articulate any grand meaning of life We lack heroes to inspire us We lack a sense of calling of transcendent purpose in our existence Many of us seem incapable of caring deeply about the suffering of others Our society is permeated with moral indifference Yes we are a believing people but God is often a distant abstraction and rarely an emotional presence in our lives Only such an emotional connection Porpora argues can be the basis of a genuine moral vision Our emotional estrangement from God and the sacred keeps us from caring about social justice keeps us from wanting to change the world keeps us enclosed in our own private worlds Landscapes of the Soul is a passionate call to broaden our spiritual and moral horizons to raise our eyes to the greater reality that unites us all

*Red Brother, White Brother* Dr. Jean LaFrance, 2013-01-16 Aboriginal families and communities are losing their children to child welfare systems at an alarming rate Such children have very poor futures to look forward to rejection abuse and belonging to nowhere are too often the fate of children in care Academic failure poor self esteem and loss of identity accompany them often right into life on the streets experiencing lateral violence homelessness crime and ultimately jail where 70 % of inmates are former children in care This tragedy compounds over time former children in care grow up to become parents too often losing their own children to the child welfare system and the cycle perpetuates itself *Red Brother*

White Brother proposes that we can break this cycle if we are willing to learn from the experiences of Aboriginal families children community members and those who work with them An ancient Hopi prophesy predicted that after five hundred years of contact the white brothers would return from their ventures to share their technology and material progress The red brothers in return would remind them of their sacred connection along with the values and responsibilities that this implies Red Brother White Brother proposes a process of reconciliation in our relationship to end the loss of children and the destruction of families This exploration reflects the pain and pathos of that relationship While posing some challenging questions to be considered on the path to atonement
