SCARY ROBOTS Lawrence J. Terlizese,2020-09-20 Technophobia causes us to reflect to stop and ask what for Why are we doing this and could there be negative consequences to our actions Technophobia is not anti technology if we are honest no one is really anti technology that would be a rejection of life itself But neither does technophobia give the green light to all things technical An altogether too common position these days is to accept technology as manna from heaven as if just the very use of it will inherently lead us in the right direction All use is good use Technophobia does not allow us such an easy conscience

Mexploitation Cinema Doyle Greene,2015-01-28 Thanks in large part to an exploitation film producer and distributor named K Gordon Murray a unique collection of horror films from Mexico began to appear on American late night television and drive in screens in the 1960s Ranging from monster movies clearly owing to the heyday of Universal Studios to the lucha libre horror films featuring El Santo and the Wrestling Women these low budget Mexploitation films offer plenty of campy fun and still inspire cult devotion yet they also reward close study in surprising ways This work places Mexploitation films in their historical and cultural context and provides close textual readings of a representative sample showing how they can be seen as important documents in the cultural debate over

Mexico's past present and future Stills accompany the text and a selected filmography and bibliography complete the volume
