A black and white photograph of a small boat, possibly a motorboat, with two people inside. The boat is tilted and appears to be in rough, choppy water. The person in the foreground is wearing a light-colored shirt and dark trousers, and is looking towards the camera. The person in the background is wearing a dark shirt and is looking away from the camera. The overall tone of the image is somber and dramatic, reflecting the title of the book.

The Daring Escape by Two Germans
from India 1944

ROLF MAGENER

Our Chances Were Zero

Peter R de Vries

Our Chances Were Zero:

Our Chances Were Zero Rolf Magener, 2008-03-05 During World War II the British imprisoned many German and Italian prisoners of war and civilian internees in India. The less cooperative prisoners were kept under harsh conditions in camps in the Himalayan foothills. The author was a German civilian working in India at the outbreak of war and was promptly interned by the British. In 1942 Magener and another prisoner Heins von Have finally managed to escape. Getting out of the camp was only the prelude to the difficult task of making their way across the entire Indian subcontinent in an attempt to reach friendly territory. Disguising themselves as British officers, the two Germans made an epic journey across India and through British forces on the Burma frontier in an attempt to link up with advancing Japanese forces. Ironically, the Japanese unit they finally located did not believe their story and they came close to being executed as spies. His grippingly told personal narrative of a German's escape from Allied custody is unique in the annals of prisoner of war escape and evasion. **Forex**

Zero Ed Stewart, 2005-02 It is an inescapable fact every situation has a Time Zero waiting to occur, be it the expectant mother anxiously looking forward to her new baby, a weary worker watching the clock slowly drag toward quitting time, or the end of San Francisco as we know it today. A clandestine meeting on the French Riviera between a terrorist and an international arms dealer to obtain Atomic Demolition Charges (mini A bombs) begins the trail of action and intrigue that culminates in San Francisco. A cross and double cross occurs as the A bombs change hands. Captain Tim Mitchell, the President's prodigal stepson, sneaks Major Jaqui Carlyle, an unauthorized crew member, onboard the final flight testing the 21st century's newest military weapon: Night Vision Goggles for pilots. When exposed, Major Carlyle is reassigned to a new hush-hush facility in west Texas. Captain Mitchell is assigned to flying a desk as assistant information officer at the home of Star Wars: The Lawrence Livermore Laboratory in California. Armando Quionez, a self-educated scientist, is contacted by the terrorist who sky-jacked the ADCs and manufactures the ADC detonators. To prove his firing pin works, one is exploded at White Sands, New Mexico. Plexiglass coffins nicknamed Gadgets are constructed for two A bombs which are placed under the Golden Gate and Bay bridges. The bombs are armed so if it is disturbed, it will detonate. The news media is notified that the Gadgets are

hot and the deadline for denotation is established Mitchell has minimal qualifications as a scientist but is about to prove his talent as commander under fire *The Thresholds of Innocence* Cyrus Shahrzad,2010-04-29 WITHIN ALL THAT HARSH REALITY A LOVE BLOOMS THAT TAKES OVER ALL THE PATRIOTIC FERVOR AND THE DEEP LOVE FOR THE MOTHER LAND A LOVE LIKE NO OTHER A LOVE THAT DRAWS THE LINES OF HIS FUTURE HIS DEEP LOVE FOR JUST BEING A FREE MAN TAKES HIM TO THE LAND OF FREEDOM AND LIBERTY THIS IS THE STORY OF ALMOST ALL OF US STORY OF US NEW GENERATION AMERICANS WHO HAVE COME HOME TO BE FREE THIS LOVE STORY IS THE LOVE OF ALL WHO PREFERRED TO BE FREE THAN BEING AT THE MERCY OF PATRIOTISM UNDER DICTATORSHIP **ONE PILOT'S STORY** Andy Anderson,2006-04-20 This is a remarkable book It is the real life story of a pilot of the famed 91st Bomb Group the Memphis Belle Group in World War II and the missions flown in that Group by the author and his comrades It follows him from the time his B 17 was shot down over the German French border he was rescued and hidden by villagers in the tiny village of Baslieuse then escaped through a Europe occupied by Nazi forces desperate to escape pursuing Allied armies The book chronicles in fascinating detail the life and training of those young men who made up the heroic 8th Air Force and describes the affectionate relationship often maintained by their crews with that most famed heavy bomber of all time the fabled B 17 It includes some of the most tragic stories as well as some of the wryest humor ever written about combat groups A heavy bomb group consists of 36 heavy bombers The 91st lost 207 planes during its WWII combat time 32 during the author s flight tenure Dr Anderson uses the words of the extraordinary crews of those planes to describe the training they absorbed the missions they flew the results they achieved the tragedy of watching their planes explode and their friends die and the heroism that brought so many near fatally damaged planes home with their dead and wounded crews This is also a story of growing up in pre war America and of the growth and development of that sturdy character which enabled these young men and their children and grandchildren to help create today s world God bless them their achievements and what their heroism made possible so that we could live in the world we do today **THE GRAND INTELLIGENCE** L.
