Our Christian Faith Answers For The Future:

Our Christian Faith Karl Rahner, Karl-Heinz Weger, 1981 *On Christian Faith* Karl Rahner, Karl-Heinz Weger, 1980-09-01 **Faith, Freedom, and the Future** Michael Nazir-Ali, 2016-05-23 With unique insight and wisdom Bishop Michael Nazir Ali surveys the current challenges facing today's church and provides a compelling hope-filled vision of what a living Christian faith and its comprehensive outworking can offer society today Bishop Michael boldly tackles a range of pressing and controversial issues with astute scholarship and understanding including the challenges of Islam freedom and conscience the modern family bioethics and the uncertain future of the worldwide Anglican Communion and by implication other mainline denominations *Incarnation and Resurrection* Paul D. Molnar, 2007-06-15 For too long contemporary theology has downplayed the importance of holding together the incarnation and the resurrection when thinking theologically Paul Molnar here surveys the place of these key doctrines in the thought of several influential theologians Karl Barth Karl Rahner Thomas F. Torrance John Macquarrie Gordon Kaufman Sallie McFague Roger Haight John Hick and Wolfhart Pannenberg Molnar demonstrates that whenever the starting point for interpreting the resurrection is not Jesus himself the incarnate Son of the Father then Christology and Soteriology are undermined because they are not properly rooted in a plausible doctrine of the Trinity Fair comprehensive and balanced Molnar's analysis following Torrance and Barth highlights the details of contemporary theology of the resurrection linked to the incarnation and maintains the necessity of the incarnation in its intrinsic unity with the resurrection as the beginning rather than the end of Christology **A Spirituality of Everyday Faith** Declan Marmion, 1998 Because spirituality is such a ubiquitous term today any attempt to elucidate it more fully is only to be welcomed Volume 23 in the LTPM series represents a significant contribution in this regard Beginning with the apostle Paul Declan Marmion shows how the meaning of the term spirituality changed over the centuries He then offers a useful working definition of spirituality and explores the complicated relationship between spirituality academic theology and religious experience In the main body of the book Marmion focuses on the spiritual basis of Karl Rahner's theology Exhibiting a comprehensive knowledge of the primary and secondary literature in this area Marmion uses Rahner's notion of spirituality to treat such important themes as the nature of God mystical experience prayer love of neighbor and more *The Concept of Faith* William Lad Sessions, 1994 Faith lies at the heart of human life and not just in religious contexts But just what is faith In this book William Lad Sessions ventures a new approach to this age-old problem Viewing it in global terms he provides an effective and insightful set of analytical tools for deepening our understanding of the ideas of belief **The Living Church**, 1945 **Back to the Future of the Roman Catholic Church** Carmen J. Calvanese, 2014-11-04 This book explores the notion that the Roman Catholic Church risks imploding from within as a result of its inflexibility towards movements in favor of reasonable change and modernization Attendance at Sunday Mass has dramatically decreased the loss of the youth in these churches is a case in point At the same time the lack

of vocations to the priesthood and religious life is at crisis proportions as is further evidenced by the closing of parishes and the curtailment of religious services including the rising phenomenon of priest less Parishes Young men today even if they aspire to the priesthood experience both unrest and rejection at the continued demand of the Church's leadership that priests commit themselves to the lifelong discipline of celibacy Back to the Future of the Roman Catholic Church addresses the root causes of the various developments that have provoked discontent with Church policies and defections from parish life on the part of those who appear to have lost faith in their hierarchical leaders at the highest levels of Church governance Finally this book probes the ways in which the Church can emerge from its crises to become once again faithful to its origins as founded by Jesus Christ **Military Chaplains' Review** ,1991 **Freedom, Necessity, and the Knowledge of God**

Paul D. Molnar,2021-12-30 Paul D Molnar discusses issues related to the concepts of freedom and necessity in trinitarian doctrine He considers the implications of non conceptual knowledge of God by comparing the approaches of Karl Rahner and T F Torrance He also reconsiders T F Torrance's new natural theology and illustrates why Christology must be central when discussing liberation theology Further he explores Catholic and Protestant relations by comparing the views of Elizabeth Johnson Walter Kasper and Karl Barth as well as relations among Christians Jews and Muslims by considering whether it is appropriate to claim that all three religions should be understood to be united under the concept of monotheism Finally he probes the controversial issues of how to name God in a way that underscores the full equality of women and men and how to understand universalism by placing Torrance and David Bentley Hart into conversation on that subject The Sacrament of the Eucharist John D. Laurance,2012 In The Sacrament of the Eucharist the latest volume in the Lex Orandi Series John D Laurance considers the Eucharist by way of two questions How by his first century life death and resurrection does Jesus Christ save all human beings throughout history from eternal death and make possible their permanent union with God How is that salvation made available now through the community of the church in her liturgical celebrations Soteriology and ecclesiology therefore play a prominent role in Laurance's investigation After forging a theology of the liturgy primarily out of the work of Rahner Kilmartin and Chauvet the author investigates the nature of the lex orandi lex credendi relationship and offers guidelines on how best to read the church's faith in her life of prayer He then uses both steps to discover the faith meaning of a particular Eucharist as typically celebrated in a modern American parish on Sunday morning **Divine**

Freedom and the Doctrine of the Immanent Trinity Paul D. Molnar,2017-02-23 Divine Freedom and the Doctrine of the Immanent Trinity is widely acclaimed by scholars in the field of Christian systematic theology Molnar's quest to place the doctrine of the immanent Trinity on the agenda of the Christian doctrine of God has proven to be a signal contribution to the debate in contemporary Christian theology The material in this second edition has been thoroughly updated it contains a new preface and a new introduction as well as a revised bibliography The book includes a brand new chapter titled Divine Freedom Revisited which addresses those questions that have arisen in connection with Molnar's original presentation of the

divine freedom Molnar revisits here his discussion of the Logos Asarkos the theologies of Karl Rahner and Wolfhart Pannenberg He sheds new light on Rahner's and Torrance's discussions of the Resurrection and incorporates modern discussions by contemporary theologians to offer new insights into Eberhard Jüngel's thinking **The Bridge** Michael W. McGowan, 2015-05-04 Philosophers of religion and theologians have long wrestled with the concept of revelation Does God reveal truth to human subjects primarily through sacred texts or audible voices Through inner experiences or pronouncements of religious leaders What is the relationship between the truths given in revelation and those discoverable by reason Revelation is a challenge not only to scholars but also for churchgoers How can the same God command one person to do one thing and another to do something quite different In *The Bridge* Michael McGowan explores how a number of great twentieth and twenty first century thinkers understand the concept of revelation Using insights from their work and some recent advances in literary theory and communication studies he constructs a model of revelation in which symbol and narrative figure heavily Ancient ideas are given new life in this contemporary explication of the nature of revelation God as the Revealer and revelation's implications *The One God* Michael L. Chiavone, 2009-05-01 In what sense is God one How can those who worship Jesus Christ his Father and the Holy Spirit claim to be monotheists These questions were answered by the early church and their answering analogies models and language have come down to the church today However theology is not stagnant and the twentieth century has seen several new models of the Trinity emerge Many of these models have focused on the three persons without adequately considering the consequences for the unity of God *The One God* seeks to develop an understanding of the unity of the Triune God by examining the positions put forward by Karl Rahner Millard Erickson John Zizioulas and Wolfhart Pannenberg After carefully presenting and critically examining each of these positions this book offers a synthesis an understanding of the unity of God that is historically informed theologically adequate internally coherent and able to explain Christian monotheism in a new century By affirming both the singular divine essence of God and the genuine eternal interdependence of distinct divine persons in God *The One God* affirms the personal and the natural levels of ontology both crucial for understanding God humanity and the world *Oom Bey for the Future* Len Hansen, Robert Vosloo, 2006-01-01 Look towards the future not as a disaster but as a challenge not as a problem but as an opportunity we have a common future live work build together Beyers Naudé *A Future Beyond Apartheid* **From the Future: Getting to Grips with Pannenberg's Thought** John McClean, 2014-08-08 The study of anticipation exposes the structure of Pannenberg's thought in important theological areas and opens up significant avenues for critical discussion of his thought This book gives an exposition of Wolfhart Pannenberg's thought by tracing the important theme of anticipation The recognition of the importance to Pannenberg of the challenge of philosophical atheism and the way in which anticipation enables him to overcome this challenge gives a vantage point from which it becomes possible to discern what Pannenberg is attempting to achieve in much of this project The theme of anticipation is a key to his theological project and the book traces

it through the doctrines of revelation Christ redemption and God The Evangelical repository. Vol. 1- new ,1868
