Our Church Mring Binder White:

Children's Liturgy of the Word - CTL - 2009 , *The Living Church* ,1981 *Hope on the Horizon* Laura Davey,2022-05-15 Hope on the Horizon tells the story of Laura Davey who sustained an acquired brain injury at the age of twelve The book chronicles the high and low points of being an injured individual including the many trials she faced and overcame only through the grace of God Through this book she hopes to serve as an advocate for others who have been affected by a brain injury and shed some light on what people can expect when similar injuries occur in their lives The Power Worshippers Katherine Stewart,2020-03-03 The inspiration for the documentary God Country For readers of Democracy in Chains and Dark Money a revelatory investigation of the Religious Right s rise to political power For too long the Religious Right has masqueraded as a social movement preoccupied with a number of cultural issues such as abortion and same sex marriage In her deeply reported investigation Katherine Stewart reveals a disturbing truth this is a political movement that seeks to gain power and to impose its vision on all of society America s religious nationalists aren t just fighting a culture war they are waging a political war on the norms and institutions of American democracy Stewart pulls back the curtain on the inner workings and leading personalities of a movement that has turned religion into a tool for domination She exposes a dense network of think tanks advocacy groups and pastoral organizations embedded in a rapidly expanding community of international alliances and united not by any central command but by a shared anti democratic vision and a common will to power She follows the money that fuels this movement tracing much of it to a cadre of super wealthy ultraconservative donors and family foundations She shows that today s Christian nationalism is the fruit of a longstanding antidemocratic reactionary strain of American thought that draws on some of the most troubling episodes in America s past It forms common cause with a globe spanning movement that seeks to destroy liberal democracy and replace it with nationalist theocratic and autocratic forms of government around the world Religious nationalism is far more organized and better funded than most people realize It seeks to control all aspects of government and society Its successes have been stunning and its influence now extends to every aspect of American life from the White House to state capitols from our schools to our hospitals The Power Worshippers is a brilliantly reported book of warning and a wake up call Stewart s probing examination demands that Christian nationalism be taken seriously as a significant threat to the American republic and our democratic freedoms **Home on the Range** James E Roghair,2023-09-15 In this memoir James E Roghair recalls growing up as a South Dakota farm boy in the sixth decade after statehood He his parents and three younger siblings shared a small house without indoor plumbing electricity or telephone near unincorporated Okaton with its small school and church The summer he was twelve he drove a farm tractor preparing soil for the next season s cash crop winter wheat He tended a variety of animals a garden and other crops the variety of a typical family farm As you read his story you can observe farm life in the 1940s and 1950s and imagine the contrast to typical life today Join the author looking back at the lessons he
