*Traumatic Encounters* Paul Eisenstein, 2012-02-01 *Traumatic Encounters* argues for an alternative memorial path in Holocaust and cultural studies one that shows the vital necessity of thinking in a universal way about an event like the Holocaust Relying on Hegel's notion that the particular is already universal Eisenstein shows how the encounter with trauma transpires not in the refusal of a universalizing gesture but rather in its wholesale embrace This embrace results in a recognition involving the trauma that conditions the possibility of history in the first place a structural trauma immune to historicization that Hegel and psychoanalysis place at the heart of subjectivity and community This encounter with structural trauma is at the center of four titles that Eisenstein examines Spielberg's *Schindler's List* D M Thomas's *The White Hotel* Thomas Mann's *Doctor Faustus* and David Grossman's *See Under Love* **Arts & Humanities Citation Index**, 2000 **Ruin the Sacred Truths** Harold BLOOM, Harold Bloom, 2009-06-30 Bloom surveys with majestic view the literature of the West from the Old Testament to Samuel Beckett He provocatively rereads the Yahwist or J writer Jeremiah Job Jonah the Iliad the Aeneid Dante's *Divine Comedy* Hamlet King Lear Othello the Henry IV plays *Paradise Lost* Blake's Milton Wordsworth's *Prelude* and works by Freud Kafka and Beckett In so doing he uncovers the truth that all our attempts to call any strong work more sacred than another are merely political and social formulations This is criticism at its best **Table of Contents** 1 The Hebrew Bible 2 From Homer to Dante 3 Shakespeare 4 Milton 5 Enlightenment and Romanticism 6 Freud and Beyond **Reviews of this book** Bloom's puissance is not entirely his own for some of it he is indebted to Nietzsche Freud Schopenhauer Gershom Scholem and other masters But enough of it is his own to constitute a distinctive form of splendor Denis Donoghue *New York Review of Books* **Reviews of this book** The wit the eclecticism and the gripping paradoxes the force of Bloom's intellect carries the reader from pinnacle to pinnacle showing a new spiritual landscape from each Roger Scruton *Washington Times* **Reviews of this book** In some ways the wildest of the wild men and women in some ways the most traditional of the traditionalists Harold Bloom remains serene amid the turbulence much of it caused by him He stands dauntless a party of one as thrilling to behold up on the high wire as he is at times throttling to read on the page From this strong critic dealing with these strong poets comes a potent mix of insight Mark Feeney *Boston Globe* **Marxism and the Interpretation of Culture** Cary Nelson, Lawrence Grossberg, 1988 This title provides a picture of the state of Marxist thinking It aims to provoke a debate that will be of interest to those concerned with the status and development of Marxism and also to theorists in all fields of the human sciences *The Global Politics of Poverty in Canada* Will Langford, 2021-01-16 In the 1960s and 1970s in the midst of the Cold War and an international decolonization movement development advocates believed that poverty could be ended at home and abroad *The Global Politics of Poverty in Canada* explores the relationship between poverty democracy and development during this remarkable period Will Langford analyzes three Canadian development programs that unfolded on local regional and international scales He reveals the interconnections of anti

poverty activism carried out by the Company of Young Canadians among Métis in northern Alberta and francophones in Montreal by the Cape Breton Development Corporation and by Canadian University Service Overseas in Tanzania In dialogue with the New Left liberal reformers committed to development programs they believed would empower the poor to confront their own poverty and thereby foster a more meaningful democracy However democracy and development proved to be fundamentally contested and development programs stopped short of amending capitalist social relations and the inequalities they engendered The Global Politics of Poverty in Canada explores how Canadians engaged in informal and formal politics in the course of their everyday lives locally and transnationally Langford provides an enduring record of otherwise fleeting anti poverty programs and their effects the lived activism and opinions of development workers and ordinary people

**The Atlantic** , 1982 **Jews and Samaritans** Gary N. Knoppers, 2013-06-13 Winner of the R B Y Scott Award from the Canadian Society of Biblical Studies Even in antiquity writers were intrigued by the origins of the people called Samaritans living in the region of ancient Samaria near modern Nablus The Samaritans practiced a religion almost identical to Judaism and shared a common set of scriptures Yet the Samaritans and Jews had little to do with each other In a famous New

Testament passage about an encounter between Jesus and a Samaritan woman the author writes Jews do not share things in common with Samaritans The Samaritans claimed to be descendants of the northern tribes of Joseph Classical Jewish writers said however that they were either of foreign origin or the product of intermarriages between the few remaining northern Israelites and polytheistic foreign settlers Some modern scholars have accepted one or the other of these ancient theories Others have avidly debated the time and context in which the two groups split apart Covering over a thousand years of history this book makes an important contribution to the fields of Jewish studies biblical studies ancient Near Eastern studies Samaritan studies and early Christian history by challenging the oppositional paradigm that has traditionally characterized the historical relations between Jews and Samaritans "A" New English Dictionary on Historical Principles ,1928
