Our First Concert Flute:

The Flutist ,1928 **Flute and Shakuhachi** Jo Kondo,J. Benitez,2020-03-09 First Published in 1994 In their quest for new sound materials avant garde musicians often produce sounds which accidentally bear a strong resemblance to traditional instruments While conventional Western instruments have taken on a functional role instruments such as the shakuhachi are still closely associated with their cultural religious and historical roots The colorful and unique shakuhachi has become the most widely known and used Japanese instrument This collection provides a comprehensive historical overview of the shakuhachi its technical aspects and its relationship to the flute **The Musical Life of**

Nineteenth-Century Belfast Roy Johnston,2017-07-05 Roy Johnston and Declan Plummer provide a refreshing portrait of Belfast in the nineteenth century Before his death Roy Johnston had written a full draft based on an impressive array of contemporary sources with deep and detailed attention especially to contemporary newspapers With the deft and sensitive contribution of Declan Plummer the finished book offers a telling view of Belfast s thriving musical life Largely without the participation and example of local aristocracy nobility and gentry Belfast s musical society was formed largely by the townspeople themselves in the eighteenth century and by several instrumental and choral societies in the nineteenth century As the town grew in size and developed an industrial character its townspeople identified increasingly with the large industrial towns and cities of the British mainland Efforts to place themselves on the principal touring circuit of the great nineteenth century concert artists led them to build a concert hall not in emulation of Dublin but of the British industrial towns Belfast audiences had experienced English opera in the eighteenth century and in due course in the nineteenth century they found themselves receiving the touring opera companies in theatres newly built to accommodate them Through an energetic groundwork revision of contemporary sources Johnston and Plummer reveal a picture of sustained vitality and development that justifies Belfast s prominent place the history of nineteenth century musical culture in Ireland and more broadly in the British Isles Taffanel Edward Blakeman,2005 Paul Taffanel 1844 1908 is essentially the father of modern flute playing Drawing on previously unavailable material from a private archive in Paris Blakeman describes and evaluates Taffanel s life career and works with particular reference to his influence as founder of the modern French School of flute playing

New Music Review and Church Music Review ,1907 The Musical World ,1861 **Musical Times and Singing Class Circular** ,1894 **Evening the Score** Jan Bell Groh,1994-07 Despite the suffragist activities of the 1920s and the heightened pressures brought to bear on traditionally male only institutions in American society during the past three decades many vocations remain sanctuaries of male dominance One such area is the classical music world though as Jan Bell Groh asserts in *Evening the Score* inroads into this field have been made sometimes at great cost At the center of this work is a unique set of newsletters edited and published by Fredrick Petrides one of America s first and most influential female conductors In Petride s time most women musicians were forced to ply their trade in all female orchestras through

the thirty seven issues of *Women in Music* published from 1935 to 1940 the achievements of these musicians were championed and the prejudices misconceptions and deliberately discriminatory policies of many of their male counterparts were exposed and condemned *Evening the Score* is an ambitious endeavor that seeks not only to preserve these early documents and explain them within the context of the 1930s music industry but also to garner for Petrides the long overdue praise to which she is entitled It is at once a celebration and a source of inspiration

Britten and the Far East Mervyn Cooke,1998 Investigation into the influence of Eastern music on Britten's composition Benjamin Britten's interest in the musical traditions of the Far East had a far reaching influence on his compositional style this book is the first to investigate the highly original cross cultural synthesis he was able to achieve through the use of material borrowed from Balinese Japanese and Indian music Britten's visit to Indonesia and Japan in 1955-6 is reconstructed from archival sources and shown to have had a profound impact on his subsequent work the techniques of Balinese gamelan music were used in the ballet *The Prince of the Pagodas* 1957 and then became an essential feature of Britten's compositional style at their most potent in *Death in Venice* 1973 The No drama and Gagaku court music of Japan were the inspiration for the trilogy of church parables Britten composed in the 1960s The precise nature of these influences is discussed Britten's sporadic borrowings from Indian music are also fully analysed There is a survey of critical responses to Britten's cross cultural experiments Dr MERVYN COOKE lectures in music at the University of Nottingham

Musical Prodigies Gary E. McPherson,2016-11-17 Child prodigies have been observed in a range of disciplines particularly music mathematics chess and art The question of what makes a prodigy has long been controversial Some have dismissed the notion of giftedness arguing that most famous prodigies had strong parental cultural and environmental influences that helped them develop their extraordinary abilities One recent theory suggested that anyone could achieve outstanding success in whatever endeavour they wanted with a minimum of 10 000 hours of practice Nevertheless many studies of prodigies have suggested that there might be strong underlying cognitive differences regarding their use of short term versus long term memory spatial memory imagery and language Whatever the arguments for those interested in child development prodigies remain a fascinating subject of study when considering questions about creativity intelligence development and the impact of nature versus nurture This book breaks new ground in presenting the first scientific exploration on the topic of musical prodigies It brings together research from a range of disciplines including psychology neurobiology and genetics to provide a thorough exploration of prodigious talent In addition the book includes fascinating case studies of prodigies and also looks at their long term development into adulthood many child prodigies have had problems making the transition into adolescence and adulthood Musical prodigies will be required reading for anyone interested in child development music and the arts

Pacific Coast Musical Review ,1915

[The Woodwinds: Perform, Understand, Teach](#) James Byo,2016-06-17 *The Woodwinds Perform Understand Teach* provides comprehensive coverage

about the woodwind family of musical instruments for prospective instrumental music teachers What sets this book apart is its focus on how to teach the instruments Preparing students in the how of teaching is the ultimate goal of the woodwind class and the ultimate goal of this book which organizes information by its use in teaching beginning instrumentalists In developing performance and understanding pre service teachers are positioned to learn to teach through performance contrasted with an old school belief that one must first spend much time tediously trying to understand how things work before playing the instruments The book is organized in three parts Preliminaries Teaching the Instruments and Foundations Chapters in Teaching the Instruments are organized by instrument flute clarinet saxophone oboe bassoon and within each instrument according to how an effective teacher might organize experiences for novice learners Basic embouchure and air stream are covered first followed by instrument assembly then hands and holding Embouchure coverage returns in greater depth then articulation and finally the mechanism which includes sections on the instruments of the family transposition range special fingerings tuning and intonation and reeds In Foundations topics are situated in big picture contexts calling attention to the broad applicability of information across instruments

The Musical Observer ,1912 **Musical News** ,1895 **The Athenaeum** ,1914 *The Athenaeum* James Silk Buckingham,John Sterling,Frederick Denison Maurice,Henry Stebbing,Charles Wentworth Dilke,Thomas Kibble Hervey,William Hepworth Dixon,Norman Maccoll,Vernon Horace Rendall,John Middleton Murry,1914 *The Classical and Early Romantic Flute* Anne Pustlauk,2025 The Classical and Early Romantic Flute is about the flute flutists music and musical performance in the late eighteenth and early nineteenth centuries Readers learn about the complex development of the design of the flute how the different types of flutes were played and how music was interpreted during the Classical and Early Romantic periods according to original sources In addition fifteen short biographies of flutists and flute makers bring to life some of the main figures of the flute playing world of this era and present their playing styles and artistic achievements

The Musical Times and Singing-class Circular ,1903
