Our Loved Ones Are Around Us:

M. Erceg,2005-11-01 The manual is standard practice from Tivo to tent pitching yet blatantly omitted when we give birth and arrive on Earth We are here now with no manual swimming in a sea of peripheral information our most basic and primordial questions left unanswered Who are we Why are we here Just as we use a guidebook when visiting a new country for the first time so too do we value a guidebook during our stay on Earth The Book of Life Questions Answers takes us under its wing on an inspiring compelling behind the scenes tour of our world into the depths of our consciousness navigating the mentality creating the various arenas of our society By tying together the threads comprising these sectors in a way we can all understand we begin to make sense of why we relate to each other as we do why friction persists at the cost of global peace and grasp solutions along our journey through the book The shrouded seemingly complex reasoning driving our human actions is finally untangled and quite beautifully unraveled The curtains are swept back to plainly reveal how we have unconsciously created the framework of society as we know it today Your Life Is Your Journey Jennifer

BREAKING LIMITATIONS Lucy Mambu ,2021-10-11 Life is a battleground and it is a fundamental truth that we all encounter painful experiences in life that leave us paralyzed one way or another and as we journey through life we are marred by self inflicted limitations Limitations are circumstances that restrain or restrict our movements in life Some are spiritual limitations while some are self imposed limitations which is as a result of past experiences A limited man is a restricted man and limitations are designed to prevent many from living the abundant life already made available for them through the finished works of Christ In order to live a limitless life we must make a conscious effort to shatter the limitations that are holding us back and this book is compiled to help you understand that self inflicted limitations are destructive

detrimental and causes life to derail We must not set limitations on ourselves based on the challenges we encounter in life To help you understand that regardless of the obstacles that may present themselves in our lives we must consciously go after our dreams fearlessly and not be afraid to break barriers and push forward towards our destiny It is also compiled to help you understand that freedom is not the absence of limitations but the choice as to what you choose to restrain and restrict your progress because ultimately your freedom is in your hands Treasured, Undiscovered Thoughts Vanshika
