Just When I Thought My Life Was over "But God!" Cassie Louis, 2017-08-30 Hi my name is Cassie Louis and the purpose of me writing my book is I was diagnosed with the HIV virus five years ago I must say God has put on my heart and he has also changed my heart so that I can help change and heal souls that are struggling with this same illness Now I personally want to also help change and heal souls that are struggling with this illness I know without a fact and without a doubt that many souls are suffering with the struggles of this illness I know because I have come in contact with many and they all state the same struggles as I have once had in my past To your thought my book is all about freeing the souls that is currently struggling and suffering today with the HIV virus and AIDS And also I want to save the world with my healing and with my blessings My book is stating to the victims that they can live again simply because they have stopped due to the fact of the

stereotyping and the opinions of others in this world My book will talk to their souls and their hearts My book will put smiles on their faces They will never frown again when relating to this illness which is the HIV virus and AIDS When theyve read my book they will laugh instead of always cry When the victims read my book they will then know and feel the security of God They will say I am just fine only and just because God is in control and because he is going to allow me to live As they read the victims will recover from their pain and they will gain back the lives that they had lost They will see the sunshine from the sun and they will see the light from life again But this time it will be a different light It will be the light of grace coming to rescue save and welcome them back into the life that they never thought they had which is the spiritual life The life where your experience pure happiness joy blessings happy and cherished moments peace and much more So when my book is and has changed and saved lives then I will say to myself and to God that I have made a difference to the world My heart will be contented and also it will be at peace knowing that I have indeed changed saved and also healed the world The Xlibris Publishing Company is my reason and also my synopsis of what my book is all about And I want to thank you from my heart and my life for helping me accomplish this mission Because overall its about others and saving souls

Benedict XVI: His Life and Thought Elio Guerriero, 2018-10-17 In these pages Benedict XVI shares his reasons for retiring from the papacy in 2013 in an interview with the author Many saw his astonishing retirement as a sign of the Church s decline but he intended it as a seed sown in the hope of bringing the Church a younger more vigorous leadership in the face of daunting challenges Among those challenges are the financial and sexual scandals that continue to undermine the Church s mission When Ratzinger was elected Pope in 2005 he opened a path of purification for the Church while calling upon the Western world to return to its Christian roots and to build a new humanism for the twenty first century and his call for renewal is still relevant Widely recognized as one of the most important theologians and spiritual leaders of our time Joseph Ratzinger served throughout the papacy of John Paul II as the Prefect of the Congregation for the Doctrine of the Faith Both men had witnessed how atheistic philosophies and war had ravaged twentieth century Europe and they shared in the effort of revealing to modern man his need for God for redemption in Jesus Christ
