Designs on Democracy Neal Shasore, 2022 Designs on Democracy provides an ambitious revision of how we understand the pivotal period of the formation of the profession of architecture in twentieth century Britain spanning the excitable discussions about the reconstruction of the profession for a democratic age after WWI and the reconstruction and planning following WWII **Conceptualising an Alternative Political Economy of Sustainability** Arturo Hermann, 2025-06-26

Engagement with and between a plurality of progressive non neoclassical traditions is an important step in fostering a more capacious understanding of sustainability both as a concept and as a political objective To that end this book provides a far reaching overview of the development of radical ecology and heterodox economics on the issues of sustainability highlighting the presence of different but largely complementary perspectives and arguing that greater engagement between these schools of thought is required to help formulate viable alternatives to the prevailing neoliberal ideology The chapters of this volume demonstrate from various theoretical perspectives of radical ecology and heterodox economics in particular degrowth ecosocialism original institutional economics theories of complex systems the conceptual ontological epistemological and political economic limitations of existing mainstream accounts of sustainability grounded as they are in neoclassical environmental economics The international cast list of contributors argues in favour of heterodox theories to inform an alternative political economy of socially just sustainability by considering how these are grounded in a more realistic holistic and critical economics Each chapter in this section examines how the schools of thought under consideration articulate the political economic foundations of sustainability and in turn what these mean in practice over how in policy action sustainability should be achieved This volume is essential reading for anyone concerned with a viable alternative conception of sustainable economy and in particular with readers from all strands of radical ecology and heterodox economics policy makers institutions and organisations dealing with the issues of sustainability Economics and Utopia Geoffrey M

Hodgson,2002-01-04 Since the fall of the Berlin Wall we have been told that no alternative to Western capitalism is possible or desirable This book challenges this view with two arguments First the above premise ignores the enormous variety within capitalism itself Second there are enormous forces of transformation within contemporary capitalisms associated with moves towards a more knowledge intensive economy These forces challenge the traditional bases of contract and employment and could lead to a quite different socio economic system Without proposing a static blueprint this book explores this possible scenario

Corporate Medievalism Karl Fugelso,2012 Essays on the post modern reception and interpretation of the middle ages with a particular focus on its relationship with business and finance Academia has never been immune to corporate culture and despite the persistent association of medievalism with escapism perhaps never has that been more obvious than at the present moment The six essays that open the volume explore precisely how financial institutions have promoted distorted appropriated resisted and repudiated post medieval interpretations of the middle ages In the second part of the book contributors explore medievalism in a variety of areas juxtaposing specific case studies with broader investigations of the discipline s motives and methods they include Charles Kingsley s racial Anglo Saxonism Jessie L Weston s Sir Gawain and the treatment of women in medievalist film The book also includes a spirited response to previous Studies in Medievalism volumes on the topic neomedievalism Contributors Harry Brown Henrik Aubert Helen Brookman Pamela Clements KellyAnnFitzpatrick Jil Hanifan Michael R Kightley Felice Lifshitz Lauren S Mayer Brent Moberley Kevin Moberley E L Risden Carol L Robinson M J Toswell J Rub n Vald s Miyares

Welfare for Markets Anton Jäger,2024-05-31 A sweeping intellectual history of the welfare state s policy in waiting The idea of a government paying its citizens to keep them out of poverty now known as basic income is hardly new Often dated as far back as ancient Rome basic income s modern conception truly emerged in the late nineteenth century Yet as one of today s most controversial proposals it draws supporters from across the political spectrum In this eye opening work Anton Jäger and Daniel Zamora Vargas trace basic income from its rise in American and British policy debates following periods of economic tumult to its modern relationship with technopopulist figures in Silicon Valley They chronicle how the idea first arose in the United States and Europe as a market friendly alternative to the postwar welfare state and how interest in the policy has grown in the wake of the 2008 credit crisis and COVID 19 crash An incisive comprehensive history Welfare for Markets tells the story of how a fringe idea conceived in economics seminars went global revealing the most significant shift in political culture since the end of the Cold War
