Précis of official papers, session 1880-1881 Parliament proc, Vict, 1880 **A Digest of the Decisions of the International Court / Précis de la Jurisprudence de la Cour Internationale** Krystyna Marek, 2024-09-16 *Précis Writing* M. E. Whittaker, 1913 Summary of Proceedings and Debate United States. Congress. Joint Committee on Congressional Operations, 1973 *Building the Army's Backbone* Andrew L. Brown, 2021-12-15

In September 1939 Canada's tiny army began its remarkable expansion into a wartime force of almost half a million soldiers. No army can function without a backbone of skilled non-commissioned officers (NCOs) corporals sergeants and warrant officers and the army needed to create one out of raw civilian material. *Building the Army's Backbone* tells the story of how senior leadership created a corps of NCOs that helped the burgeoning force train fight and win. This innovative book uncovers the army's two-track NCO production system: locally organized training programs were run by units and formations while centralized training and talent distribution programs were overseen by the army. Meanwhile to bring coherence to the two-track approach the army circulated its best-trained NCOs between operational forces the reinforcement pool and the training system. The result was a corps of NCOs that collectively possessed the necessary skills in leadership tactics and instruction to help the army succeed in battle.
