

Democracy and Public Policy

Dale Krane and Gary S. Marshall

School of Public Administration, University of Nebraska Omaha, Omaha, Nebraska, U.S.A.

Abstract

Democracy and public policy are intertwined because the organization of authority in a nation affects the design and implementation of government activity. Fundamental to democracy is the notion that citizens possess the ability and means to shape decisions made by public officials. How this theoretical idea became the guiding principle of a distinctive form of government is discussed first by a review of direct and representational democracy. Next, the institutional features associated with democratic governments are described. Different nations have evolved different institutional models of democracy. Parliamentary, presidential, and semipresidential forms are described, and these three models demonstrate how the idea of rule by the people can be the foundation for government in nations with different cultures and levels of development. Governments are created to pursue a variety of purposes, some of which are common to all governments. The primary purpose of democratic government, by definition, is to insure popular sovereignty, which in turn depends on the protection of individual civil and political rights. Democracy's desirability derives from its institutional design which allows the majority of citizens to influence public policy in ways relevant to their interests and needs. Recent societal changes, it is argued, have resulted in a "postdemocratic era" in which the viability of traditional representational democracy has been questioned. Calls for enhanced participatory forms and the use of digital technologies to foster popular sovereignty pose challenges to the continuing relevance of democracy in the twenty-first century.

INTRODUCTION

Any discussion of the definition, the attributes, or the purposes of democracy invariably entails a consideration of public policy. The two terms, although distinct and different, are closely intertwined. Democracy is a form of government and, as such, refers to a system of authority and power. Discussions of democratic theory revolve around the organization and use of political power within a society—who should govern, how they should govern, and for what ends or purposes they should govern. By contrast, public policy refers to a purposive course of action established by public officials that is binding on the residents of a community or nation. Simply put, public policy is what governments choose to do or choose not to do.^[1] Who exercises power or has authority to take actions binding on a community or a society will obviously affect what actions are selected or not selected. Likewise, the organization of authority will also shape its use as manifested in policy choice. Because of this link between form of government and performance of government, the theory of democracy, in Henry Mayo's^[2] words, "... is one answer to the question of how the political policy decisions are made and should be made."

DEFINITIONS OF DEMOCRACY

Since its emergence in Greek political thought, the literal definition of democracy, "rule of the people," has remained

more or less constant. But how this simple two-element formula of *demos* (people) and *kratos* (power) is interpreted and translated into actual practice has been a major industry in political theory from Socrates and Solon to Rousseau and Mills to the multitude of today's theorists. Books addressing questions such as "Who are the people?," "Which people should exercise power?," and "How many people are required to make a decision binding on the community?" fill whole sections of libraries around the world. "Today the term *democracy* [*italics in original*]," Dahl observes,^[3] "is like an ancient kitchen midden packed with assorted leftovers from twenty-five hundred years of nearly continuous usage." Yet, these definitional debates can be distilled down to the basic issue of identifying "... the best constitutional means of approaching the ideal, it already agreed that this ideal includes or involves a large participation of the common people in the forming of public policy" (as quoted by Mayo^[2] from Robinson, Richard: *Definition*. Oxford, 1949, 166).

Much of the theorizing about democracy falls into one of two perspectives. For much of its history, democracy was conceived as a form of government applicable only to communities of relatively modest populations such as the Greek city-states or the Italian and Swiss cities of the Renaissance period. Within small-scale societies, the people, usually defined as the (male) citizens, formed the government, typically an assembly of the whole, and decisions of the assembly were binding on citizens as well as all other residents of the community. This theoretical position is often labeled as *direct democracy* and "... is principally concerned with

Public Policy For Democracy

Joanna Podgórska-Rykała

Public Policy For Democracy:

Public Policy for Democracy Helen Ingram, Steven Rathgeb Smith, 2011-04-01 A fundamental rethinking is under way about the roles of government citizens and community organizations in public policy Can government be reconstructed to make public policies more responsive to citizens and thus more effective This challenge is apparent in the activist policy agenda of the Clinton administration which supports national service programs government voluntary collaborations and community based development projects Public Policy for Democracy is an important and timely contribution to the current discussion of how to get people more involved in their own governance In this book contributors urge policymakers and policy analysts to promote a more vigorous and inclusive democracy by incorporating concerns about citizenship in their craft rather than strictly emphasizing efficiency and effectiveness The authors provide insight into how the social construction of politics affects the recipients of the policies and the public in general They call attention to how policies reinforce negative stereotypes of some groups such as welfare recipients and often lead to political alienation and withdrawal In addition they discuss how policies using clinical reason a term borrowed from medicine and used as a way to classify people are increasingly applied to nonmedical situations such as domestic violence to restrict individual power and legitimacy The authors argue that much needs to be done by the government itself to improve policy design and empower all citizens to participate in the democratic process They identify concrete strategies for policymakers to enhance the role of citizens without sacrificing program effectiveness

Public Policy in Democratic Backsliding Michelle Morais de Sá e Silva, Alexandre de Ávila Gomide, 2024-11-25 This book examines the impact of democratic backsliding and populist governments on the public policy process Drawing on case studies from the USA Brazil Hungary Mexico Poland Turkey and the Philippines it assesses how elected populist governments have eroded policy capabilities and dismantled state apparatuses responsible for making and implementing policy The book offers a unique perspective into democratic backsliding through a public policy lens and considers why when and how policy processes change as a result of populist governments Numerous policy issues are analysed throughout the volume including environmental health and economic policies It will appeal to all those interested in public policy democracy studies and public administration

Public Policy and Democratic Backsliding in the UK Sean Kippin, 2025-02-27 This book examines the rise of illiberalism within the British Conservative Party during the last few decades It traces how the party's political agenda has become increasingly dominated by populist and nativist policy positions since the UK's withdrawal from the European Union in 2016 and the ways in which this has led to growing concerns over democratic backsliding Moving beyond debates over the ideology and governing philosophy of the Conservative Party this book focuses on the specific policy tools it has employed to carry out its political agenda This includes changes to public spending and taxation law and regulation public management and institutional reform Bridging the gap between populism studies UK politics and public policy the book throws important light on the

current state of British democracy at a time when concerns over the growth of illiberalism and authoritarianism in democratic countries is high Public Policymaking in a Democratic Society Larry N. Gerston, 2014-12-18 While people profess a disdain for politics in a democracy politics is the primary vehicle for citizens to influence the decisions and decision makers that shape public policy at every level This widely acclaimed work provides an overview of public policymaking in all its aspects along with basic information tools and examples that will equip citizens to participate more effectively in the policymaking process It is intended for use in internships and service learning programs but will serve equally as a resource for any organized effort to involve citizens in community service and the exercise of civic responsibility This updated edition includes an all new case study on the issue of immigration and all other case studies have been revised **Why Public Service Matters** R. Durant, 2014-10-02 Why Public Service Matters conveys the importance purpose and nobility of a career as a civil servant in the United States It does so however with an unflinching eye on the realpolitik that drives public administration in America s compensatory state and on the pitfalls of reformers focus on bureaucratic rather than democratic administration The book links the nation s ability to handle contemporary policy problems with the strategic tactical and normative quality of public management In doing so it offers newcomers a rare concise and accessible overview of the field Readers will gain an appreciation for the challenges choices and opportunities facing public managers as they help advance a sense of common purpose informed by democratic constitutional values in twenty first century America *Deliberative Democracy, Public Policy, and Local Government* Joanna Podgórska-Rykała, 2024-03-05 This book examines deliberative democracy and its practical forms and applications in local government public policy Author Joanna Podgórska-Rykała explores the topic of democracy leaning in particular on the origins of its representative variant Analyzing the elite dimension of the concept of representation she considers what historical and political events have influenced the contemporary shape of democracy and its understanding How were democratic ideals shaped and why are we currently experiencing a democratic recession Why is the debate that should be integral to the functioning of collegiate bodies disappearing Why aren t decisions based on evidence and why don t decision makers take into account expert opinions and stakeholder positions Drawing on empirical research interviews with city level decision makers the author considers whether and how deliberative innovation can support the renewal of decision making in representative institutions *Deliberative Democracy Public Policy and Local Government* will be of enormous interest to doctoral students and researchers as well as to practitioners of local government administration civic leaders representatives of nongovernmental organizations and people interested in public affairs It can also be used as an important supplement in courses on public administration political science international relations law economics and related studies at both the undergraduate and the graduate level Public Policy Peter Woll, 1981-12 Originally published by Winthrop Publishers Inc in 1974 this volume concentrates upon the role of major political institutions in policy making interest groups political parties the presidency Congress courts and the bureaucracy covering both the

formal and the informal context within which these institutions operate The capability of each institution to affect public policy is assessed in an attempt to answer the question where does the real power to make public policy reside in the political system

Policy Design for Democracy Anne Larason Schneider, Helen M. Ingram, 1997 A theoretical work on how democracy can be improved when people are disenchanted with government It summarizes four current approaches to policy theory pluralism policy sciences public choice and critical theory and shows how none offer more than a partial view of policy design

The Oxford Handbook of Public Policy Michael Moran, Martin Rein, Robert E. Goodin, 2008-06-13 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines Public policy is the business end of political science It is where theory meets practice in the pursuit of the public good Political scientists approach public policy in myriad ways Some approach the policy process descriptively asking how the need for public intervention comes to be perceived a policy response formulated enacted implemented and all too often subverted perverted altered or abandoned Others approach public policy more prescriptively offering politically informed suggestions for how normatively valued goals can and should be pursued either through particular policies or through alternative processes for making policy Some offer their advice from the Olympian heights of detached academic observers others as engaged scholars cum advocates while still others seek to instil more reflective attitudes among policy practitioners themselves toward their own practices The Oxford Handbook of Public Policy mines all these traditions using an innovative structure that responds to the very latest scholarship Its chapters touch upon institutional and historical sources and analytical methods how policy is made how it is evaluated and how it is constrained In these ways the Handbook shows how the combined wisdom of political science as a whole can be brought to bear on political attempts to improve the human condition

Public Policy in Israel David Nachmias, Gila Menahem, 2016-02-17 An examination of the current Israeli government covering public policies such as health housing and transport The volume covers the institutional as well as the political and the bureaucratic framework within which public policies have been made and implemented

The Top Books of the Year Public Policy For Democracy The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. Public Policy For Democracy : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Public Policy For Democracy : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
