The information presented in each section provides the reader with a better understanding and a new perspective on how professional issues have been affected by both internal and external influences in recent years, including technological advances, demographic shifts, globalization, and economic factors. Chapter authors are recognized subject matter experts providing a blend of both foundational and cutting edge information in areas such as evidence based practice, ethics, job searching, and employment issues, interprofessional practice, service delivery in health care and education, technology, cultural competence, supervision, and leadership.
