many symbols and motifs are shared by the Pueblos An impressive survey of more than 100 pieces of historic Pueblo pottery Grounded in Clay is remarkable for the fact that its content has been selected by Pueblo community members Rather than relying on Anglo American art historical interpretations this book foregrounds Native American voices and perspectives More than 60 participants from 21 Pueblo communities in the Southwest among them potters and other artists as well as writers curators and community leaders chose one or two pieces from the collections of the Indian Arts Research Center at the School of Advanced Research in Santa Fe New Mexico and the Vilcek Collection in New York They were then given the freedom to express their thoughts in whichever written form they wished prose or poem Their lively varied contributions reveal the pottery to be not only a utilitarian art form but also a powerfully intangible element that sits at the heart of Pueblo cultures With magnificent photography throughout Grounded in Clay showcases the extraordinary history and beauty of Pueblo pottery while bringing to life the complex narratives and stories of this most essential of Native American arts

Generations in Clay Alfred Edward Dittert, Fred Plog, 1980 **Pottery of the ancient Pueblos.
