Marionette Plays from Northern China , 2017-04-07 Marionette puppet theater has a rich and ancient history in China extending back to the Han dynasty and reaching its heyday in the Qing dynasty While this art form is nearly extinct in northern China today a handful of troupes in Heyang County in Shaanxi Province which claims to be the

birthplace of marionette theater continue to perform skits and scenes from Heyang's earlier broader marionette theater repertoire. In this book Fan Pen Li Chen has collected and translated rare transcriptions of some of the most popular of these plays. Her insightful translations include a rich variety of genres and highlight memorable characters that range from manipulative aristocrats, poor Confucian scholars, and a woman warrior to Baldy Guo, the iconic clown of puppet theater. As the only work in English about the puppet theater of northern China, these translations provide valuable information about the history, religion, social roles, and popular culture of that region. Detailed introductions and annotations for each play, as well as an extensive bibliography, are also included. *A History of Chinese Theatre in the 20th Century II* Fu Jin, 2020-11-01.

The 20th century was a dynamic period for the theatrical arts in China. Booming urban theatres, the interaction between commercial practice and theatre dramas staged during the War of Resistance against Japan, and a healthy dialogue between Western and Eastern theatres all contributed to the momentousness of this period. The four volumes of *A History of Chinese Theatre in the 20th Century* display the developmental trajectories of Chinese theatre over those 100 years. This volume deals with the development of Chinese theatre from 1949 to 2000, covering the fluctuations of drama reform, spectacles of the Cultural Revolution, and theatre in the immediate years before the opening up of the country. The author demonstrates how Chinese dramatic traditions endured and adapted in the face of modernity and how politics and art interacted. By combining academic rigour with a high degree of readability, this volume is both an essential guide for scholars and students in the history of the arts and general readers interested in Chinese theatre. *Bulletin of the International Council for Traditional Music*, International Council for Traditional Music, 1986.

Hong Kong 1989 Aladin Ismail, 1989. [Neoliberalism and Culture in China and Hong Kong](#) Hai Ren, 2010-10-04. This book examines the period leading up to the Hong Kong handover in 1997, the countdown of time, and by using iconic cultural symbols such as the countdown clock, the Hong Kong Museum exhibitions, and cultural heritage sites, argues that China has undergone a transition to neoliberal state in part through its reunification with Hong Kong. The problem of synchronization with the world, a Chinese phrase that epitomizes China's engagement with modern capitalism since the first Opium War, was characterized throughout the 20th century as a humiliation, weakness, tragedy, and disaster, with China in the role of the victim of capitalist globalization. During the reunification with Hong Kong, these conventional expressions were replaced by new ones such as de-humiliation, return, self-esteem, and revival. Hai Ren gives an ethnographic and historical analysis of this cultural and political transformation of China's globalization experience by looking closely at public history practices in mainland China and Hong Kong and how the reconfiguration of everyday life and cultural norms led to the development of this neoliberal China. As a book which straddles Chinese and Hong Kong history, politics, cultural heritage, and museum studies, more generally, it can be regarded as a work of cultural political economy which will appeal to students and scholars of all of the above.
