Pure Thoughts Voices:

The Voice Dr. Harlan Fisher, 2011-08-18 When Harlan Fisher was eight years old he started hearing and talking to what he now calls the Voice because that is exactly what it is an inner voice that he hears and communicates with continuously The Voice is an informative and inspirational journey into the discovery of your inner voice and how to listen to your higher energy self One of the major objectives of the book is to help you identify with all the elements surrounding the concept of hearing an inner voice just as many famous people have throughout their lives The book begins with a description of two eight year old boys and their encounters with a Voice The anecdotes help the book read like a novel even though it is nonfiction and includes all the self help attributes that individuals need to achieve the requirements necessary to discover their own higher energy self Furthermore the book reveals a scientific and metaphysical enlightenment that is occurring throughout the world with new ideas that are gaining speed with every new discovery Part Two teaches techniques to help us listen to the Voice and the importance of understanding how we learn This section goes into specific detail on how we can remain flexible thinkers and adapt to continuous change Part Three clarifies the practical information we need to tap into our higher selves and avoid important stumbling blocks in our lives such as social stigma fear of the unknown labeling education religion and mental illness With the knowledge you attain up to this point you will be able to translate the various techniques the voice may use to communicate to you The numerous stories in the book give you variations of what to expect when communicating with the Voice

The Voice L. Edward VanHoose, 2004-06 This work is the result of arduous hours of research entitled Biblical Cases of the Reincarnation Type developed during my graduate studies Many have marveled at the finding s persuasiveness and have suggested their publication The result is the very up beat and reader friendly volume now in your hands The Voice like its previous incarnation offers the first demonstrable case for reincarnation in the Bible that is objective It doesn t solely rely on how an author interprets a verse or suggests the subject was surreptitiously removed from the scriptures My research methods essentially emulated those of University of Virginia Psychiatrist Ian Stevenson M D For forty years he investigated cases of young children remembering a past life His landmark work Twenty Cases Suggestive of Reincarnation has been in print since 1966

THE VOICE OF THE SILENCE Charles Leadbeater, Annie Besant, This book is merely a record of talks by Mr Charles W Leadbeater and myself on three famous books books small in size but great in contents We both hope that they will prove useful to aspirants and even to those above that stage since the talkers were older than the listeners and had more experience in the life of discipleship The talks were not given at one place only we chatted to our friends at different times and places chiefly at Adyar London and Sydney A vast quantity of notes were taken by the listeners All that were available of these were collected and arranged They were then condensed and repetitions were eliminated Unhappily there were found to be very few notes on The Voice of the Silence Fragment I so we have utilized notes made at a class held by our good colleague Mr Ernest Wood in Sydney and incorporated these into Bishop Leadbeater s talks in that section No notes of my own talks on this book were available though I have spoken much upon it those talks are not recoverable None of these talks have been published before except some of Bishop Leadbeater s addresses to selected students on At the Feet of the Master A book entitled Talks on At the Feet of the Master was published a few years ago containing imperfect reports of some of these talks of his That book will not be reprinted the essential material in it finds its place here carefully condensed and edited May this book help some of our younger brothers to understand more of these priceless teachings The more they are studied and lived the more will be found
