Headhunter Uwe Timm, 2008 The first thing to be said about Uwe Timm s novel *Headhunter* as every one of the many outstanding reviews on its publication in Germany noted is that it is a thoroughly engrossing book gripping and entertaining from beginning to end FAZ The second thing is that Timm with a wonderfully light and precise touch has created a multi layered multi faceted book that addresses the times we live in and most particularly the role of money and the financial cannibalism of recent years The narrator Peter Walter is a charmer a master storyteller who has used that skill to siphon off millions from clients hoping to strike it rich on the commodities market Escaping to Spain on the day his trial verdict is to come down he intends to devote himself to his hobby study of Easter Island But a detective is on the trail of the missing millions and Walter s uncle an established author is planning to use Walter s life story in a novel Walter sets out to write his own intriguing autobiography from his childhood in Hamburg s red light district to his success in the world of high finance

Hildegard von Bingen's Physica , 1998-09-01 One of two major medical treatises by medieval healer Hildegard von Bingen presented in its entirety for the first time in English during the 900th anniversary of her birth A seminal text in the development of Western herbal medicine Presents nine categories of healing systems Plants Elements Trees Stones Fish Birds Animals Reptiles and Metals and elaborates on their medicinal use Closely related to Eastern medical approaches that

are gaining respect today Saint mystic healer visionary fighter Hildegard von Bingen stands as one of the great figures in the history of women in me At a time when few women could write and most were denied a formal education Hildegard von Bingen became a legendary healer visionary musician artist poet and saint Her works include twenty seven symphonic compositions Scivias a compilation of her visions and her two major medical works Causae et Curae a medical compendium and Physica published here in English in its entirety for the first time Physica has a strong affinity with the Eastern medical approaches gaining great respect today The modern reader interested in natural healing will recognize the enormous truth in the theories of this 12th century physician which remind us that our cures for illness depend on our natural world and our place in it
