Readying the Revolution Jonathan Shandell, 2025-01-14 Starting in 1966 African American activist Stokely Carmichael and other political leaders adopted the phrase Black Power The slogan captured a militant revolutionary spirit that was already emerging in the work of playwrights poets musicians and visual artists throughout the Black Arts movement of the mid 1960s But the story of those theater artists and performers whose work helped bring about the Black Arts revolution has not fully been told Ready the Revolution African American Theater and Performance from Post World War II to the Black Arts Movement explores the dynamic era of Black culture between the end of World War II and the start of the Black Arts Movement 1946 1964 by illuminating how artists and innovators such as Jackie Robinson Lorraine Hansberry Ossie Davis Nina Simone and others helped radicalize Black culture and Black political thought In doing so these artists defied white cultural hegemony in the United States and built the foundation for the revolutionary movement in Black theater that followed in the mid 1960s Through archival research close textual reading and an analysis of performance artifacts Shandell demonstrates how these artists negotiated a space on the public stage for cultivating radical Black aesthetics and built the foundation for the revolutionary movement in Black theater that followed in the mid 1960s *American Guy* Saul Levmore, Martha Craven Nussbaum, 2014 This text examines American norms of masculinity and their role in the law with essays from legal academics literary scholars and judges Together these papers reinvigorate the law and literature movement by bringing a range of methodological and disciplinary perspectives to bear on the complex interactions of masculinity with both law and literature ultimately shedding light on all three

Revel with a Cause Stephen E. Kercher, 2010-06-15 We live in a time much like the postwar era A time of arch political conservatism and vast social conformity A time in which our nation's leaders question and challenge the patriotism of those who oppose their policies But before there was Jon Stewart Al Franken or Bill Maher there were Mort Sahl Stan Freberg and Lenny Bruce liberal satirists who through their wry and scabrous comedic routines waged war against the political ironies contradictions and hypocrisies of their times Revel with a Cause is their story Stephen Kercher here provides the first

comprehensive look at the satiric humor that flourished in the United States during the 1950s and early 1960s Focusing on an impressive range of comedy not just standup comedians of the day but also satirical publications like MAD magazine improvisational theater groups such as Second City the motion picture Dr Strangelove and TV shows like That Was the Week That Was Kercher reminds us that the postwar era saw varieties of comic expression that were more challenging and nonconformist than we commonly remember His history of these comedic luminaries shows that for a sizeable audience of educated middle class Americans who shared such liberal views the period s satire was a crucial mode of cultural dissent For such individuals satire was a vehicle through which concerns over the suppression of civil liberties Cold War foreign policies blind social conformity and our heated racial crisis could be productively addressed A vibrant and probing look at some of the most influential comedy of mid twentieth century America Revel with a Cause belongs on the short list of essential books for anyone interested in the relationship between American politics and popular culture Forthcoming Books Rose Arny,1994-02 **In Tribute** Ted Tobias,1999 Collects eulogies given in memoriam of influential men and women of the twentieth century including John F Kennedy Walt Disney Cesar Chavez and others *Catalog of the E.
