Pursuing Equal Opportunities The Theory And Practice Of Egalitarian Justice:

Pursuing Equal Opportunities Lesley A. Jacobs, 2004 This book offers original and innovative contributions to the debate about equality of opportunity The first part sets out a theory of equality of opportunity that presents equal opportunities as a normative device for the regulation of competition for scarce resources The second part shifts the focus to the consideration of the practical application by courts or legislatures or public policy makers of policies for addressing racial class or gender injustices The author examines standardized tests affirmative action workfare universal health care comparable worth and the economic consequences of divorce

Equality and Opportunity Shlomi Segall, 2013-12-05 Egalitarians have traditionally been suspicious of equality of opportunity But the past twenty five years or so have seen a sea change in egalitarian thinking about that concept Luck egalitarians such as G A Cohen Richard Arneson and John Roemer have paved a new way of thinking about equality of opportunity and infused it with radical egalitarian content In this book Shlomi Segall brings together these developments in egalitarian theory and offers a comprehensive account of radical equality of opportunity Radical equality of opportunity EOp differs from more traditional conceptions on several dimensions Most notably while other accounts of equality of opportunity strive to neutralize legal and or socio economic obstacles to one s opportunity set the radical account seeks to remove also natural ones Radical EOp then aims at neutralizing all obstacles that lie outside individuals control This has far reaching implications and the book is devoted to exploring and defending them The book touches on four main themes First it locates the ideal of radical EOp within egalitarian distributive justice Segall advances there three claims in particular that we ought to be concerned with equality in individual holdings rather than merely social relations that we ought to be bothered as egalitarians with unequal outcomes and never equal ones and that we ought to be concerned with disadvantages the absolute rather than relative badness of which the agent could not have controlled Second the book applies the concept of radical equality of opportunity to office and hiring It demonstrates that radical EOp yields an attractive account both with regard to justice in the allocation of jobs on the one hand and discrimination on the other Third the book offers an account of radical EOp in education and upbringing Segall tries to defend there the rather radical implications of the account namely that it may hold children responsible for their choices and that it places quite demanding requirements on parents Finally the book develops an account of radical equality of opportunity for health to rival Norman Daniels s Rawlsian account The proposed account is distinguished in the parity that it creates between social and natural causes of ill health

The Oxford Handbook of Distributive Justice Serena Olsaretti, 2018 Distributive justice has come to the fore in political philosophy how should we arrange our social and economic institutions so as to distribute benefits and burdens fairly Thirty eight leading figures from philosophy and political theory present specially written critical assessments of the key issues in this flourishing area of research

Critical Perspectives on Human Rights and Disability Law Marcia H. Rioux, Lee Ann Bassier Marks, Lee Ann Bassier, Melinda Jones, 2011-05-23 This book

examines the changing relationship between disability and the law addressing the intersection of human rights principles human rights law domestic law and the experience of people with disabilities Drawn from the global experience of scholars and activists in a number of jurisdictions and legal systems the core human rights principles of dignity equality and inclusion and participation are analyzed within a framework of critical disability legal scholarship *Encyclopedia of Law and Society* David S. Clark,2007-07-10 Introduction to and survey of the field of law and society Includes interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics Handbook of Equality of Opportunity ,2024-07-12 This Handbook provides an authoritative exposition of equality of opportunity It presents the different concepts most commonly associated with equality of opportunity and discusses the many problems dominating the controversies on equality of opportunity at the theoretical policy or practical level The chapters give a concise exposition of the different conceptions and basic concepts of equal opportunities They clarify variables that are part of the algorithm of equal opportunities e g opportunity equality non discrimination fairness responsibility chance and choice excellence qualifications effort talent merit desert inequality and risk The idea of equality of opportunity has traditionally been associated with a set of largely unquestioned ideals and over the last 50 years it has been at the very centre of the major progressive social changes and firmly entrenched in political rhetoric Yet the idea of equality of opportunity is far from unquestionable or unproblematic as the only solid assumption different conceptions have in common is their rejection of fixed social relations but not hierarchy itself Disagreements over the fundamental principles criticism over the inefficiency of policies aiming to ensure equal opportunities and objections to their unfairness all pose questions that current conceptions answer in different ways This Handbook examines a wide variety of questions about issues of motivation procedures genealogy taxonomy and compensation **A Post-liberal Approach to Language Policy in Education** John E. Petrovic,2015 This provocative book examines the strengths and weaknesses of liberal political theory to inform language policy in a way that promotes individual autonomy while not reifying language Important topics of discussion include the language identity link language rights language varieties and academic language **Neoliberalising Old Age** John Macnicol,2015-10-08 This book examines the effect of neoliberalism on the recent ageing and social policy agenda in the UK and the USA The Ethics of Immigration Joseph Carens,2013 Eminent political theorist Joseph Carens tests the limits of democratic theory in the realm of immigration arguing that any acceptable immigration policy must be based on moral principles even if it conflicts with the will of the majority *Lotteries in Public Life* Vilhelm Aubert,Dael Wolffe,Dennis C. Mueller,Robert D. Tollison,Thomas D. Willett,Hank Greely,George Sher,Barbara Goodwin,Richard G. Mulgan,Lewis A. Kornhauser,Lawrence G. Sager,Torstein Eckhoff,Fredrik Engelstad,Willem K.B.
