Rise of the Celts Candace L. Bowser, T. E. Blackburn, 2014-07-27 The peace of the prior age had inspired a long lasting tranquility until the Old Gods intervened What was coming what would later unfold could not have been foretold not even in the cryptic messages spoken by the fierce and beloved Chepi Knowing that the lives of not only the O Bannon families but also the lives

of the Minqua and Farrah are dependent on the choices made Tim and Ian O Bannon must take fate into their hands and make their own destiny if any among them is to survive Certain a new world can rise from the ashes the Celtic Nation forms a great alliance to save the heritage they hold so dear the ones they have grown to love throughout the centuries and those who are destined to be their future The strength of every man woman and child within the valley will be tested The future cannot be foreseen but Tim O Bannon is certain of two things as he attempts to secure the valley wrong cannot be undone and blood shall fall Peace is inevitable But who will be willing to pay the price

The Rise of Rome Anthony Everitt, 2013-11-12 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE KANSAS CITY STAR From Anthony Everitt the bestselling author of acclaimed biographies of Cicero Augustus and Hadrian comes a riveting magisterial account of Rome and its remarkable ascent from an obscure agrarian backwater to the greatest empire the world has ever known Emerging as a market town from a cluster of hill villages in the eighth and seventh centuries B C Rome grew to become the ancient world's preeminent power Everitt fashions the story of Rome's rise to glory into an erudite page turner filled with lasting lessons for our time He chronicles the clash between patricians and plebeians that defined the politics of the Republic He shows how Rome's shrewd strategy of offering citizenship to her

defeated subjects was instrumental in expanding the reach of her burgeoning empire And he outlines the corrosion of constitutional norms that accompanied Rome s imperial expansion as old habits of political compromise gave way leading to violence and civil war In the end unimaginable wealth and power corrupted the traditional virtues of the Republic and Rome was left triumphant everywhere except within its own borders Everitt paints indelible portraits of the great Romans and non Romans who left their mark on the world out of which the mighty empire grew Cincinnatus Rome s George Washington the very model of the patrician warrior aristocrat the brilliant general Scipio Africanus who turned back a challenge from the Carthaginian legend Hannibal and Alexander the Great the invincible Macedonian conqueror who became a role model for generations of would be Roman rulers Here also are the intellectual and philosophical leaders whose observations on the art of government and the good life have inspired every Western power from antiquity to the present Cato the Elder the famously incorruptible statesman who spoke out against the decadence of his times and Cicero the consummate orator whose championing of republican institutions put him on a collision course with Julius Caesar and whose writings on justice and liberty continue to inform our political discourse today Rome s decline and fall have long fascinated historians but the story of how the empire was won is every bit as compelling With *The Rise of Rome* one of our most revered chroniclers of the ancient world tells that tale in a way that will galvanize inform and enlighten modern readers Praise for *The Rise of Rome* Fascinating history and a great read Chicago Sun Times An engrossing history of a relentlessly pugnacious city s 500 year rise to empire Kirkus Reviews Rome s history abounds with remarkable figures Everitt writes for the informed and the uninformed general reader alike in a brisk conversational style with a modern attitude of skepticism and realism The Dallas Morning News A lively and readable account Roman history has an uncanny ability to resonate with contemporary events Maclean s Elegant swift and faultless as an introduction to his subject The Spectator An engaging work that will captivate and inform from beginning to end Booklist
