Making History Jonathon S. Cullick, 2000-04-01 From his first published book to his last works Robert Penn Warren wrote novels poetry biographies and essays based on the lives of American historical figures Even some of his critical texts take a biographical approach to their subjects In *Making History* the first comprehensive survey of Warren s biographical narratives Jonathan S Cullick tracks a clear development toward

autobiography in Warren's career. By applying narrative theory to that provocative trend, he then makes an intriguing discovery: Warren's discourse techniques dramatize his philosophy of history and ethics. Cullick unearths what might be called the narrative syntax of Warren's historical vision in which genre becomes vital in the attempt to reconcile American past and present. *Making History* considers all of Warren's major biographical narratives and their evolution from detached reporting to doubtful self-examination. It offers a new reading of Warren's famed novel *All the King's Men* and close examination of several neglected texts including Warren's first book *John Brown: The Making of a Martyr*, his essay *The World of Daniel Boone* and two of his final works *Jefferson Davis Gets His Citizenship Back* and *Portrait of a Father*. Robert Penn Warren: Mark Royden Winchell, 2023-12-15. At least since the dawn of the Romantic era, it has been assumed that the poet lives a lonely life, isolated in his garret. Nevertheless, writers are not always hermits and misanthropes. As human beings, they crave the company of other human beings; as artists, they need the stimulation of other artists. This book brings to light Warren's most important literary associations during his long and active life. *Portrait of a father* Robert Penn Warren, 1988. Confederate John Singleton Mosby forged his reputation on the most exhilarating of military activities: the overnight raid. Mosby possessed a genius for guerrilla and psychological warfare, taking control of the dark to make himself the Gray Ghost of Union nightmares. *Gray Ghost*, the first full biography of Confederate raider John Mosby, reveals new information on every aspect of Mosby's life, providing the first analysis of his impact on the Civil War from the Union viewpoint. *Robert Penn Warren*, 1976. *Robert Penn Warren and the American Imagination* Hugh Ruppersburg, 1990. The myth of America, the gap between American ideals and the actualities of American life, is a central and controlling metaphor in the works of Robert Penn Warren. Ranging across Warren's distinguished sixty-five-year career, *Robert Penn Warren and the American Imagination* identifies the concerns that stem from Warren's vision of American history as a struggle to restore the lost ideals of the founding fathers and shows how they resonate through his writings. From his 1928 biography of the abolitionist John Brown to the late poems of *Altitudes and Extensions*, Warren returned again and again to themes related to democracy, regionalism, personal liberties, individual responsibilities, minority relations, and above all, the loss of ideals. Ruppersburg initially focuses on Warren's expression of these themes in three major narrative poems: *Brother to the Dragons* portrays slavery in all its horror and its consequences for Jeffersonian idealism; *Audubon* extols the power of imagination in one man's quest to assert an American identity in the wilderness; and *Chief Joseph of the Nez Perce* regards the victimization of Native Americans and their exclusion from traditional versions of American history as evidence of flaws in the founding vision. In his nonfiction works *Segregation* and *Who Speaks for the Negro*, Warren depicted the civil rights movement as a struggle for identity and individualism. Ruppersburg traces the development of Warren's attitudes, arguing that his support of the civil rights movement paradoxically stemmed from agrarianism, which by the 1950s meant something very different to him from the agrarianism of *I'll Take My Stand*. In addition, Warren hoped that the civil rights

movement would restore some of the nation's original revolutionary ardor and idealism. The book closes with an examination of Warren's views on the future of democracy and the individual in a world dominated and threatened by science and technology. Looking particularly at *The Legacy of the Civil War*, *Democracy and Poetry*, and the poem *New Dawn*, Ruppensburg concludes that Warren was skeptical about our prospects for survival. Still, through his advocacy of the arts and the primacy of the individual, Warren affirmed the values that he believed would help Western culture to endure. Robert Penn Warren sought to explore the meaning of the American experience to validate the promise and the dangers of American ideals and to urge the nation to take stock of itself and struggle for control of its fate in history. Through this obsessive search for America's identity, Ruppensburg demonstrates Warren affirmed his own position as one of the most accomplished and significant of modern American writers. *Robert Penn Warren and History* Littleton Hugh Moore (Jr.), 1970 **Robert Penn Warren and History** L. Hugh Moore, 1976 **Robert Penn Warren, a Reference Guide** Neil Nakadate, 1977 Robert Penn Warren, Shadowy Autobiography, and Other Makers of American Literature Joseph R. Millichap, 2023-08-18

Toward the end of his career Robert Penn Warren wrote, "It may be said that our lives are our own supreme fiction." Although lauded for his writing in multiple genres, Warren never wrote an autobiography. Instead, he created his own shadowy autobiography in his poetry and prose as well as his fiction and nonfiction. As one of the most thoughtful scholars on Robert Penn Warren and the literature of the South, Joseph Millichap builds on the accepted idea that Warren's poetry and fiction became more autobiographical in his later years by demonstrating that that same progression is replicated in Warren's literary criticism. This meticulously researched study reexamines in particular Warren's later nonfiction in which autobiographical concerns come into play that is in those fraught with psychological crisis such as *Democracy and Poetry*. Millichap reveals the interrelated literary genres of autobiography, criticism, and poetry as psychological modes encompassing the interplay of Warren's life and work in his later nonfiction. He also shows how Warren's critical engagement with major American authors often centered on the ways their creative work intersected with their lives, thus generating both autobiographical criticism and the working out of Warren's own autobiography under these influences. Millichap's latest book focuses on Warren's critical responses to William Faulkner, John Crowe Ransom, Herman Melville, Nathaniel Hawthorne, John Greenleaf Whittier, and Theodore Dreiser. In addition, the author carefully considers the black and female writers Warren assessed more briefly in *American Literature: The Makers and the Making*. *Robert Penn Warren: Shadowy Autobiography and Other Makers of American Literature* presents the breadth of Millichap's scholarship, the depth of his insight, and the maturity of his judgment by giving us to understand that in his writing Robert Penn Warren came to know his own vocation as a poet and critic and as an American. *John Brown* Robert Penn Warren, 1929 *Robert Penn Warren* Paul West, 1964 Explores Warren's poetry and prose writings to reveal his philosophical concerns as well as the pattern of his career **The Poetic Vision of Robert Penn Warren**, 2010 *Cleanth Brooks and Robert Penn Warren* Cleanth Brooks, Robert Penn Warren, 1998 James A
