## **Lovers Of Their Time Other Stories:**

**Lovers of Their Time and Other Stories** William Trevor, 1979      Love Minus One & Other Stories Norma Harrs, 1996-07-25 Whether we are eavesdropping on the imaginative Saturdays of a Portuguese cleaning lady or living through a divorced woman's search for the elusive orgasm Norma Harrs manages in this collection of short stories to absorb the essence of her narrator's psyche with the clarity of a good actress who gets under the very skin of her characters Love either the absence of or yearning for is the theme that links that stories in this collection together Love for a family member a friend a lover or a husband and sometimes that lack of reciprocity is the element that gives the stories poignancy and force The variety in these stories keeps the reader always guessing The author doesn't limit us to the easy answers but brilliantly provokes us to enlarge our own landscape      Love Among the Haystacks and Other Stories D. H. Lawrence, 1987-07-31 Each story in Love Among the Haystacks appears in a new authoritative text

**THE KREUTZER SONATA AND OTHER STORIES** ,2017-04-23 On comparing with the original Russian some English translations of Count Tolstoi s works published both in this country and in England I concluded that they were far from being accurate The majority of them were retranslations from the French and I found that the respective transitions through which they had passed tended to obliterate many of the beauties of the Russian language and of the peculiar characteristics of Russian life A satisfactory translation can be made only by one who understands the language and SPIRIT of the Russian people As Tolstoi s writings contain so many idioms it is not an easy task to render them into intelligible English and the one who successfully accomplishes this must be a native of Russia commanding the English and Russian languages with equal fluency The story of Ivan the Fool portrays Tolstoi s communistic ideas involving the abolition of military forces middlemen despotism and money Instead of these he would establish on earth a kingdom in which each and every person would become a worker and producer The author describes the various struggles through which three brothers passed beset as they were by devils large and small until they reached the ideal state of existence which he believes to be the only happy one attainable in this world On reading this little story one is surprised that the Russian censor passed it as it is devoted to a narration of ideas quite at variance with the present policy of the government of that country
