Memoirs of the Loves of the Poets; Mrs. Jameson (Anna), 1900 *Loves of the Poets* Ernest Alfred Vizetelly, 2015-06-16
Excerpt from *Loves of the Poets* Love is an inexhaustible subject Innumerable poets have sung its joys and its griefs Painters and sculptors have striven to depict it in one or another way and philosophers and moralists have repeatedly exerted themselves to define and analyse its nature and characteristics Of all the philosophical definitions that of Leibnitz is generally regarded as one of the very best Taking a lofty standpoint the great German philosopher wrote that to love is to rejoice in another's happiness otherwise to make of another's happiness one's own Lacordaire on his side declared love to be the supreme act of the soul and the masterpiece of mankind a sentiment re-echoed by George Sand who knew love under many aspects and who held that it was the aspiration of the most ethereal part of the soul towards the unknown About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Loves of the Poets - Volume I** Anna Brownell Jameson, 2015-04-24 *The Loves of the Poets Volume I* from Anna Brownell Jameson British writer 1794-1860 **D.H. Lawrence's Poetry** Amitava Banerjee, 1990-06-18 This book brings together articles and essays published over a period of about 60 years These discussions lead to an assessment of Lawrence's poetry showing how he has been regarded as a poet over the years as well as analyzing the intrinsic merit of his poetry *The Cambridge Companion to Latin Love Elegy* Thea S. Thorsen, 2013-11-21 Latin love elegy is one of the most important poetic genres in the Augustan era also known as the golden age of Roman literature This volume brings together leading scholars from Australia Europe and North America to present and explore the Greek and Roman backdrop for Latin love elegy the individual Latin love elegists both the canonical and the non canonical their poems and influence on writers in later times The book is designed as an accessible introduction for the general reader interested in Latin love elegy and the history of love and lament in Western literature as well as a collection of critically stimulating essays for students and scholars of Latin poetry and of the classical tradition *The Art of Love Poetry* Erik Gray, 2017-12-29 Love begets poetry

poetry begets love So thinkers from Plato onwards have claimed and even today when poetry has largely disappeared from the mainstream of popular culture it is still commonly considered the most seductive of all forms of art But why should this be What are the connections between poetry and love that lead us to associate them so strongly with one another In this study Erik Gray draws on a broad range of Western thought and poetry to reveal the qualities and structures that love and poetry share Above all he argues both are founded on paradox Love is at once necessarily public because interpersonal and intensely private hence love both requires expression and resists it Likewise the experience of love is simultaneously surprising and familiar singular and conventional In poetry especially lyric poetry which is similarly both dependent on and resistant to language both exceptionally regular and exceptionally irregular love finds a natural outlet The Art of Love Poetry illuminates many of the recurrent tropes that poets across the centuries have employed to represent and express love exploring such topics as the poetic kiss the lyric of conjugal love and the role of animals in love poetry In describing the inherent erotics of poetry it offers new insights not only into the long tradition of love lyric but into the nature of love itself

Propertius: A Hellenistic Poet on Love and Death Theodore D. Papanghelis, 1987-05-28 The bond between love and death has long been recognised as a defining characteristic of the elegies of Propertius but scholars have rarely clarified how or to what degree Propertius differed from other love poets in associating these themes In this book Dr Papanghelis traces the radical way in which Propertius dealt with amorous and morbid fantasies in his poems He argues that the modes of erotic expression used in the elegies are fundamentally unconventional to the point that the definitions of love and death are interdependent This book offers a detailed reading of some of the most stimulating and problematic of Propertius elegies offering fresh insight on the question of the poet's sensuous temperament and the significance of the love death relationship in his works

Non-Elegiac Latin Love Poetry of Late Antiquity Vasileios Pappas, 2025-05-19 For about five hundred years between Ovid's death 17 AD and Maximianus Elegies 6th century AD the genre of love elegy disappears Does this mean that love poetry in general was no longer being written This was certainly not the case Poets continued to compose love poetry merely in other forms than elegy This book deals with non elegiac Latin love poetry of Late Antiquity It is the first monograph to focus on the metaliterary interpretation of four non elegiac poetic works the *Pervigilium Veneris* Ausonius Bissula *Reposianus De concubitu Martis et Veneris* and the *Aegritudo Perdicae* The book contains all the required information about these poems including their date authorship structure and literary tradition However its content is predominantly original as it examines subjects that have not previously been discussed in the past These include a the generic interaction between the poems host genre and several guest genres that are present within them b the metaliterary discourse developed in several passages which reveals the metapoetic self consciousness of their poets c their hidden demands for the innovation of love poetry and d their allusive comments on the conservatism of this era

The Roman Poetry of Love Efrossini Spentzou, 2013-10-24 The Roman Poetry of Love explores the formation of a key literary genre in a troubled historical and political setting The short lived genre of Latin love elegy produced spectacular multi faceted and often difficult poetry Its proponents Catullus Tibullus Propertius and Ovid remain to this day some of the most influential poetic voices of Western civilisation This accessible introduction combines aesthetic analysis with socio political context to provide a concise but comprehensive portrait of the Roman elegy its main participants and its cultural and political milieu Focusing on a series of specific poems the title portrays the development of the genre in the context of the Emperor Augustus ascent to power following recognizable threads through the texts to build an understanding of the relationship between this poetry and the increasingly totalising regime Highlighting and examining the intense affectation of love in these poems The Roman Poetry of Love explores the works not simply as an expression of a troubled male psychology but also as a reflection of the overwhelming changes that swept through Rome and Italy in the transition from the late Republic to the Augustan Age
