Project Body Love Jessie Harrold, 2019-01-22 Loving your body is hard to do Project Body Love is the story of my quest to find acceptance respect and maybe even love for my body after spending a lifetime counting calories and drops of sweat What followed was a two year series of experiments that had me mining the depths of my past dismantling the effects of Diet Culture on my self worth taking up bellydancing posing for nude photographs and other daring feats of self exploration Far from being a shiny tale of self actualization Project Body Love explores the complexity of being a fat person in a thin obsessed world and concludes with an entirely new perspective on the elusive body love one that was surprising even to me This is my story and so much of it is also the story of millions of other women And so I wrote this for every woman who has spent too much time trying to make herself small I wrote it for every woman who wants to love her body but can't figure out how I wrote this for a world that needs its women committed to revolution and sovereignty and joy not eating more salad
