Territories of the Soul Nadia Ellis,2015-08-27 Nadia Ellis attends to African diasporic belonging as it comes into being through black expressive culture Living in the diaspora Ellis asserts means existing between claims to land and imaginative flights unmoored from the earth that is to live within the territories of the soul Drawing on the work of Jose Mu oz Ellis connects queerness utopian potential with diasporic aesthetics Occupying the territory of the soul being neither here nor there creates in diasporic subjects feelings of loss desire and a sensation of a pull from elsewhere Ellis locates these phenomena in the works of C L R James the testy encounter between George Lamming and James Baldwin at the 1956 Congress of Negro Artists and Writers in Paris the elusiveness of the queer diasporic subject in Andrew Salkey s novel *Escape to an Autumn Pavement* and the trope of spirit possession in Nathaniel Mackey s writing and Burning Spear s reggae Ellis use of queer and affect theory shows how geographies claim diasporic subjects in ways that nationalist or masculinist tropes can never fully capture Diaspora Ellis concludes is best understood as a mode of feeling and belonging one fundamentally shaped by the experience of loss

Sexual Citizenship David Evans,2013-01-11 This enthralling and provocative book provides a new grounding for the understanding of sexual rights It argues that all varieties of sexuality under capitalism are materially constructed out of the complex interrelationship between the market and the state The examples of different sexual rights and lack of rights that it examines include the experience of male homosexuals bisexuals

history By understanding that it was not always a common practice we can devise better ways to dismantle it Spanning centuries across this wide ranging text Mirzoeff connects Renaissance innovations from the invention of perspective and the erection of Apollo statues as monuments to white beauty and power to the rise of racial capitalism dependent on slave labor with the ever expanding surveillance technologies of the twenty first century to show that white sight creates an oppressively racializing world in which subjects who do not appear as white are under constant threat of violence Analyzing recent events like the George Floyd protests and the Central Park birdwatching incident Mirzoeff suggests that we are experiencing a general crisis of white supremacy that presents both opportunities and threats to social justice If we do not seize this moment to dismantle white sight then white supremacy might surge back stronger than ever To that end he highlights activist interventions to strike the power of the white heteropatriarchal gaze *White Sight* is a vital handbook and call to action for anyone who refuses to live under white dominated systems and is determined to find a just way to see the world
