## **Lucha Por La Dignidad La:**

**La Lucha por la dignidad** José Antonio Marina, María de la Válgora, 2005 La evolución biológica dejó al ser humano en la playa de la historia. Entonces comenzó la ardua humanización del hombre mismo. Estamos crendonos todavía y luchamos para constituirnos como especie dotada de dignidad. La dignidad humana no está en el pasado sino en el futuro. Al final esta narración se convierte en fundamento de la tica. Y en un momento para su enseñanza. Hemos olvidado la génesis de lo que disfrutamos. Para comprender mejor nuestra circunstancia los autores han viajado a otras culturas a otros tiempos a otras situaciones. La dignidad humana por ahora es solo una lucha por la dignidad. Mediante ella lo que buscamos es ser felices. Dignidad y felicidad se unen en la polis. La inteligencia, la libertad y la esencia tica son creaciones sociales. Por eso los autores hablan de una felicidad política como los renacentistas hablaban de una Ciudad feliz.

**Tiempos de América** Centro de Investigaciones de América Latina, *Explotación, colonialismo y lucha por la democracia en América Latina* Pablo González Casanova, 2020-04-14 Su obra expresa el quehacer de un humanista comprometido con su tiempo y la de un maestro forjador de conciencias rebeldes. As describe Marcos Roitman Rosenmann a Don Pablo cuya personalidad y capacidad crítica le han ganado el respeto académico en América Latina. Son casi cincuenta los años que separan a este volumen de la primera edición de *La democracia en México*, el texto que formó a una escuela y a nadie. El tiempo no desgasta sus aportes, el potente análisis y la claridad discursiva se mantienen como ejemplo en la sociología, aunque tristemente sus establecimientos conserven vigencia. Fragmentos de este y otros trabajos con la misma importancia intelectual conforman esta obra que hoy refrenda el compromiso de la colección Inter Pares de tender un puente de diálogo entre generaciones y autores de distintas latitudes importantes para conformar el corpus del pensamiento crítico latinoamericano. Este volumen tiene como eje de selección los conceptos democracia, explotación, colonialismo interno y global, medulares en la obra de González Casanova además de plantear los nuevos retos que enfrentan las ciencias sociales.

**Fe y Desplazamiento** Christopher M. Hays, Milton Acosta, 2022-12-20 Durante décadas la nación de Colombia ha sufrido el flagelo del desplazamiento forzado debido al conflicto armado, lo cual ha dejado más de ocho millones sin hogar y sin tierra. Para responder ante esta crisis, los teólogos de la Fundación Universitaria Seminario Básico de Colombia crearon una metodología de investigación misional a fin de entender el fenómeno del desplazamiento forzado, movilizar las iglesias del país y así fomentar la recuperación histórica de las víctimas. Se involucraron docenas de estudiosos y profesionales de cuatro continentes además de co-investigadores seleccionados de las mismas comunidades desplazadas. La investigación abarcó los campos de la teología, la economía, la política, la pedagogía y, naturalmente, la teología. El fruto de esta colaboración innovadora fue una intervención llamada Fe y Desplazamiento, la cual se ha implementado en docenas de comunidades a lo largo del país. Este libro recopila sus hallazgos y aprendizajes describiendo el potencial de la metodología de investigación misional y demostrando el poder de la investigación teológica interdisciplinaria puesta al servicio de la misión de la iglesia.

local    **Josefina la mujer en la lucha por la tierra** Elizabeth Lino Cornejo,2014-07-05 En mayo de 1960 la comunidad de Rancas toma posesión de sus tierras que habían sido usurpadas por la empresa norteamericana Cerro de Pasco Corporation. Entonces los pobladores son reprimidos brutalmente por las fuerzas policiales con el amparo manifiesto del Estado Peruano. Este hecho desencadenó una ola incontenible de ocupación de tierras por parte de distintas comunidades en Pasco. En este contexto la historia de Josefina Oscategui nos acerca a la memoria de las mujeres que participaron en estos sucesos cuyos protagonismos resultan necesarios para comprender procesos históricos complejos como la lucha por la tierra en el Perú. Texto de contraportada. Este libro recupera una historia mínima que sin embargo consigue expandirse por las preguntas que desata y por los silencios inscritos en ella. Leer el testimonio de Josefina Oscategui implica observar cómo la historia del poder y de la hegemonía es vivida por los más pobres. Hoy nadie quiere recordar las viejas luchas campesinas. Hoy nadie quiere hablar de justicia social. Hoy la palabra desarrollo ha colonizado nuestros horizontes de sentido. Pero relatos como este apuntan a continuar dando cuenta de hechos que desconocemos y a mostrar todo eso que quiebra sin piedad a la historia oficial. Víctor Vich Pakarina Ediciones 2014    *La violencia sexual: sus causas y sus manifestaciones* Auxiliadora Díaz Velázquez,2023-10-16 La violencia sexual es un problema complejo arraigado en desigualdades de poder y género y normas culturales perjudiciales. Las múltiples manifestaciones de esta violencia que van desde agresiones sexuales hasta acoso y explotación requieren un enfoque integral que involucre cambios en la educación y la concientización y la legislación. La promoción del consentimiento, el respeto y la igualdad de género es esencial para abordar este problema. Las víctimas de violencia sexual comparten un denominador común: la invisibilidad. Experimentan agresiones como parte de su rutina diaria, lo que se percibe como una conducta naturalizada. La consideración de la dignidad como un valor inherente y fundamento de los derechos humanos subraya la necesidad de un cambio cultural y legal para proteger y empoderar a quienes han experimentado violencia sexual en cualquiera de sus manifestaciones    **Challenges to Legal Theory** María José Falcón y Tella, Juan Antonio Martínez Muñoz,2021-01-18 Challenges to Legal Theory offers the reader a fascinating journey through a variety of multi-disciplinary topics ranging from law and literature and law and religion to legal philosophy and constitutional law. The collection reflects some of the challenges that the field of legal theory currently faces. It is compiled by a selection of international and Spanish scholars whose essays are made available in English translation for the first time. The volume is based on a collection of essays published in Spanish in honour of Professor José Iturmendi Morales of Complutense University Madrid and brings the rich scholarship of pre-eminent Spanish scholars of law and legal theory to an international audience.
