**The Confederacy** Henry Putney Beers, 1968 Slavery and the American West Michael A. Morrison, 2000-11-15 Tracing the sectionalization of American politics in the 1840s and 1850s Michael Morrison offers a comprehensive study of how slavery and territorial expansion intersected as causes of the Civil War Specifically he argues that the common heritage of the American Revolution bound Americans together until disputes over the extension of slavery into the territories led northerners and southerners to increasingly divergent understandings of the Revolution's legacy Manifest Destiny promised the literal enlargement of freedom through the extension of American institutions all the way to the Pacific At each step from John Tyler's attempt to annex Texas in 1844 to the Kansas Nebraska Act to the opening shots of the Civil War the issue of slavery had to be confronted Morrison shows that the Revolution was the common prism through which northerners and southerners viewed these events and that the factor that ultimately made consensus impossible was slavery itself By 1861 no nationally accepted solution to the dilemma of slavery in the territories had emerged no political party existed as a national entity and politicians from both North and South had come to believe that those on the other side had subverted the American political tradition

**John Brown Gordon** Ralph Lowell Eckert, 2015-12-03 John Brown Gordon's career of prominent public service spanned four of America's most turbulent decades Born in Upson County Georgia in 1832 Gordon practiced law in Atlanta and in the years immediately preceding the Civil War developed coal mines in northwest Georgia In 1861 he responded to the Confederate call to arms by raising a company of volunteers His subsequent rise from captain to corps commander was unmatched in the Army of Northern Virginia He emerged from the Civil War as one of the South's most respected generals and the reputation that Gordon earned while wearing the gray significantly influenced almost every aspect of his life during the next forty years After the Civil War Gordon drifted into politics He was elected to the United States Senate in 1873 and quickly established himself as a spokesman for Georgia and for the South as a whole He eloquently defended the integrity of southern whites while fighting to restore home rule In addition to safeguarding and promoting southern interests Gordon strove to replace sectional antagonisms with a commitment to building a stronger more unified nation His efforts throughout his post war career contributed significantly to the process of national reconciliation Even in the wake of charges of corruption that surrounded his resignation from the Senate in 1880 Gordon remained an extremely popular man in the South He engaged in a variety of speculative business ventures served as governor of Georgia and returned for another term in the Senate before he retired permanently from public office He devoted his final years to lecture tours to serving as commander in chief of the United Confederate Veterans and to writing his memoirs *Reminiscences of the Civil War* Utilizing newspapers scattered manuscript collections and official records Ralph Eckert presents a critical biography of Gordon that analyzes all areas of his career As one of the few

Confederates to command a corps without the benefit of previous military training Gordon provides a fascinating example of a Civil War citizen soldier Equally interesting however were Gordon s postwar activities and the often conflicting responsibilities that he felt as a southerner and an American The contributions that Gordon made to Georgia to the South and to the United States during this period are arguably as important as any of his career Sherman John F.

Marszalek,2007-11-08 Sherman A Soldier s Passion for Order is the premier biography of William Tecumseh Sherman the Civil War commander known for his destructive war policy against Confederates and as a consummate soldier This updated edition of John F Marszalek s award winning book presents the general as a complicated man who fearing anarchy searched for the order that he hoped would make his life a success Sherman was profoundly influenced by the death of his father and his subsequent relationship with the powerful Whig politician Thomas Ewing and his family Although the Ewings treated Sherman as one of their own the young Sherman was determined to make it on his own He graduated from West Point and moved on to service at military posts throughout the South This volume traces Sherman s involvement in the Mexican War in the late 1840s his years battling prospectors and deserting soldiers in gold rush California and his 1850 marriage to his foster sister Ellen Later he moved to Louisiana and after the state seceded Sherman returned to the North to fight for the Union Sherman covers the general s early Civil War assignments in Kentucky and Missouri and his battles against former Southern friends there the battle at Shiloh and his rise to become second only to Grant among the Union leadership Sherman s famed use of destructive war controversial then and now is examined in detail The destruction of property he believed would convince the Confederates that surrender was their best option and Sherman s successful strategy became the stuff of legend This definitive biography which includes forty six illustrations effectively refutes misconceptions surrounding the controversial Union general and presents Sherman the man not the myth **Publications of the Southern History**

**Association** Southern History Association,1897 Includes reports of the annual meetings *Grant* William S.

McFeely,2002-09-17 Combines scholarly exactness with evocative passages Biography at its best Marcus Cunliffe The New York Times Book Review Winner of the Pulitzer Prize The seminal biography of one of America s towering enigmatic figures From his boyhood in Ohio to the battlefields of the Civil War and his presidency during the crucial years of Reconstruction this Pulitzer Prize winning biography traces the entire arc of Grant s life 1822 1885 A moving and convincing portrait profound understanding of the man as well as his period and his country C Vann Woodward New York Review of Books Clearheadedness along with McFeely s unfailing intelligence and his existential sympathy informs his entire biography Justin Kaplan The New Republic *The Age of Discontent* Ralph Brauer,2025-04 For much of the last century three narratives framed American history The plantation narrative with its Gone with the Wind view of slavery and Reconstruction bolstered racial apartheid The frontier narrative worshipped individualism over collective responsibility and ignored the decimation of indigenous cultures The industrial narrative redefined by Ralph Brauer in this sweeping history of late nineteenth century

labor and farmer activism traditionally celebrated laissez faire capitalism and the achievements of wealthy industrialists The Age of Discontent offers an alternative perspective asserting that the largest and most important expression of mass democracy in American history laid the foundations for economic growth and prosperity Main Street not Wall Street was responsible for the American Century Grassroots activists and reformers from the working and farming classes take center stage in this fascinating success story of government programs and legislation

**Czech It Out** Miloslav Rechcigl Jr.,2015-07-23 Czech it Out Czech American Biography Sourcebook provides a wealth of information on a variety of sources relating to biographical information on notable Americans with Czech roots Besides the national figures also included are information sources on significant individuals at the state regional and local levels Beyond that we saw it fit to also incorporate ethnic information sources which frequently contain a wealth of information on pioneer settlers and individuals active at the community level Having in mind the interests of genealogists in individual families and their descendents a listing has also been provided on family histories and genealogies Even though Czechs have been living in the US practically since colonial times no composite biographical dictionary exists about the accomplished Czech Americans Biographical information about them is scattered in a plethora of sources which are difficult to find and some are not readily accessible The present author who literally devoted several decades of his life to the study of Czech American history has canvassed hundreds of sources at national and local levels to identify not only notable individuals but also pioneer settlers who played a significant role in the growth and development of the US This publication should fill a great void in literature until a comprehensive biographical compendium about Czech Americans has been written

*Cambridge Public Library Bulletin* Cambridge Public Library (Cambridge, Mass.),1897

**Cambridge Public Library Bulletin** ,1896

**The Credentialed Court** Benjamin H. Barton,2022-03-08 The Credentialed Court starts by establishing just how different today s Justices are from their predecessors The book combines two massive empirical studies of every Justice s background from John Jay to Amy Coney Barrett with short readable bios of past greats to demonstrate that today s Justices arrive on the Court with much narrower experiences than they once did Today s Justices have spent more time in elite academic settings both as students and faculty than any previous Court Every current Justice but Barrett attended either Harvard or Yale Law School and four of the Justices were tenured professors at prestigious law schools They also spent more time as Federal Appellate Court Judges than any previous Court These two jobs tenured law professor and appellate judge share two critical components both jobs are basically lifetime appointments that involve little or no contact with the public at large The modern Supreme Court Justices have spent their lives in cloistered and elite settings the polar opposite of past Justices The current Supreme Court is packed with a very specific type of person type A overachievers who have triumphed in a long tournament measuring academic and technical legal excellence This Court desperately lacks individuals who reflect a different type of merit The book examines the exceptional and varied lives of past greats from John Marshall to Thurgood Marshall and asks how many if

any of these giants would be nominated today The book argues against our current bookish and narrow version of meritocracy Healthier societies offer multiple different routes to success and onto bodies like our Supreme Court The Nation ,1896 **A Study Guide for John F. Kennedy's Profiles in Courage** Gale, Cengage Learning,2015-09-15 A Study Guide for John F Kennedy s Profiles in Courage excerpted from Gale s acclaimed Nonfiction Classics for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Nonfiction Classics for Students for all of your research needs

Eventually, you will no question discover a other experience and completion by spending more cash. still when? pull off you give a positive response that you require to acquire those every needs later than having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more on the order of the globe, experience, some places, gone history, amusement, and a lot more?
