

Ludwig Erhard

A black and white portrait of Ludwig Erhard, a German politician and economist. He is shown from the chest up, wearing a dark suit and a light-colored shirt. He is holding a cigar in his right hand and looking slightly to the left with a thoughtful expression. The background is dark and out of focus.

Ludwig Erhard A Biography

Maria Mitchell

Ludwig Erhard A Biography:

Ludwig Erhard Alfred C. Mierzejewski, 2004 While recent scholarship has dismissed Erhard's influence on Germany's economic recovery Mierzejewski returns to little cited German analyses and Erhard's own record and concludes that Allied currency reform and Erhard's liberalization of the economy were critical triggers for Germany's unprecedented economic boom in addition to evaluating Erhard's major policies Mierzejewski also details the less well known aspects of Erhard's leadership such as his struggle against cartels and the Common Market his effort to arrest the growth of the welfare state his battle for free trade and his consistent efforts to cut taxes BOOK JACKET *Sovereign Soldiers* Grant Madsen, 2018-04-04 They helped conquer the greatest armies ever assembled Yet no sooner had they tasted victory after World War II than American generals suddenly found themselves governing their former enemies devising domestic policy and making critical economic decisions for people they had just defeated in battle In postwar Germany and Japan this authority fell into the hands of Dwight D Eisenhower and Douglas MacArthur along with a cadre of military officials like Lucius Clay and the Detroit banker Joseph Dodge In *Sovereign Soldiers* Grant Madsen tells the story of how this cast of characters assumed an unfamiliar and often untold policymaking role Seeking to avoid the harsh punishments meted out after World War I military leaders believed they had to rebuild and rehabilitate their former enemies if they failed they might cause an even deadlier World War III Although they knew economic recovery would be critical in their effort none was schooled in economics Beyond their hopes they managed to rebuild not only their former enemies but the entire western economy during the early Cold War Madsen shows how army leaders learned from the people they governed drawing expertise that they ultimately brought back to the United States during the Eisenhower Administration in 1953 *Sovereign Soldiers* thus traces the circulation of economic ideas around the globe and back to the United States with the American military at the helm **The 1972 Munich Olympics and the Making of Modern Germany** Kay Schiller, Christopher Young, 2010 The 1972 Munich Olympics were intended to showcase the New Germany and replace lingering memories of the Third Reich In this cultural and political history of the Munich Olympics the authors set these games into both the context of 1972 and the history of the modern Olympiad *The Biographical Turn* Hans Renders, Binne de Haan, Jonne Harmsma, 2016-09-13 The Biographical Turn showcases the latest research through which the field of biography is being explored Fifteen leading scholars in the field present the biographical perspective as a scholarly research methodology investigating the consequences of this bottom up approach and illuminating its value for different disciplines While biography has been on the rise in academia since the 1980s this volume highlights the theoretical implications of the biographical turn that is changing the humanities Chapters cover subjects such as gender religion race new media and microhistory presenting biography as a research methodology suited not only for historians but also for explorations in areas including literature studies sociology economics and politics By emphasizing agency the use of primary sources and the critical analysis of context and historiography this book

demonstrates how biography can function as a scholarly methodology for a wide range of topics and fields of research International in scope The Biographical Turn emphasizes that the individual can have a lasting impact on the past and that lives that are now forgotten can be as important for the historical narrative as the biographies of kings and presidents It is a valuable resource for all students of biography history and historical theory **The Origins of Christian Democracy** Maria Mitchell,2012-10-04 A pioneering exploration of the origins of German Christian Democracy in the context of 19th and 20th century politics and religion **Christian Democratic Workers and the Forging of German Democracy, 1920-1980** William L. Patch,2018-03-15 How a distinctive approach to social policy led democracy to flourish in the Federal Republic of Germany despite its past *Fear of the Family* Lauren Stokes,2022 Fear of the Family offers a comprehensive postwar history of guest worker migration to the Federal Republic of Germany particularly from Greece Turkey and Italy It analyzes the West German government's policies formulated to get migrants to work in the country during the prime of their productive years but to try to block them from bringing their families or becoming an expense for the state The Oxford Handbook of Modern German History Helmut Walser Smith,2011-09-29 This is the first comprehensive multi author survey of German history that features cutting edge syntheses of major topics by an international team of leading scholars Emphasizing demographic economic and political history this Handbook places German history in a denser transnational context than any other general history of Germany It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics It also reaches out to scholars and students beyond the field of history with detailed and cutting edge chapters on religious history and on literary history as well as to contemporary observers with reflections on Germany and the European Union and on multi cultural Germany Covering the period from around 1760 to the present this Handbook represents a remarkable achievement of synthesis based on current scholarship It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany's dramatic often destructive integration into the community of modern nations As it brings this story to the present it also places the current post unification Federal Republic of Germany into a multifaceted historical context It will be an indispensable resource for scholars students and anyone interested in modern Germany *Friedrich Hayek: A Biography* Alan O. Ebenstein,2001-03-21 The first biography of the most important economist of the twentieth century Chancellors of Germany 1949 - 2024 Jan Driessen,2024-01-05 Dive into the multifaceted history of the Federal Republic of Germany with the book Chancellors 1949 2024 Experience the impressive personalities that have shaped the country from its founders to the present day Learn more about the pivotal moments that have shaped Germany and discover the individuals behind the political decisions A well researched and detailed chronicle that brings history to life a must read for history enthusiasts and anyone seeking to understand the political development of Germany *Research Guide to European Historical Biography, 1450-present:*

Coo-Khr James A. Moncure, 1992 **Transformations of Retailing in Europe after 1945** Lydia Langer, 2016-02-17 After World War II structures practices and the culture of retailing in most West European countries went through a period of rapid change The post war economic boom the emergence of a mass consumer society and the adaptation of innovations which already had been implemented in the USA during the interwar period revolutionized the world of getting and spending But the implementation of self service and the supermarket the spread of the department store and the mail order business were not only elements of a transatlantic catch up process of Americanization of retailing National patterns of the retail trade and specific cultures of consumption remained crucial and long term processes of change starting in the 1920s or 1930s also had an impact on the transformation of retailing in post war Europe This volume presents a series of case studies looking at transformations of retailing in several European countries offering new insights into the structural preconditions of the emerging mass consumer societies and also into the consequences consumerism had on the practices of retailing **The Guardians of Concepts** Martina Steber, 2023-01-13 Since 1945 what conservative means has troubled intellectuals politicians and parties in the United Kingdom and West Germany In Britain conservatism was an accepted term of the political vocabulary denoting a particular tradition of political thought and practice In West Germany by contrast conservatism was a difficult concept for the young democracy to swallow It carried a heavy antiliberal and antidemocratic burden and led people to question whether there was a place for conservatism within democratic culture after all The Guardians of Concepts scrutinizes the debates about conservatism in the UK and the Federal Republic of Germany from the late 1940s to the early 1980s Informed by historical semantics it conceives of conservatism as a flexible linguistic structure and shows the importance of language for the self understanding of many conservatives who not by chance have regarded themselves as the guardians of concepts The intense national and transnational debates about the meaning of conservatism had far reaching consequences and continue to influence politics today **Nonconformity, Dissent, Opposition, and Resistance in Germany, 1933-1990** Sabrina P. Ramet, 2020-10-29 This book brings fresh light to previously marginalized subject in German history It is an original approach up to date written without scholarly jargon easily accessible to students both at undergraduate and graduate It is highly focused departing from the usual histories of a single country arguing for the two German states and the three political systems Prof Dr L szl K rti Institute of Applied Social Sciences University of Miskolc Hungary This book contrasts three very different incarnations of Germany the totalitarian Third Reich the communist German Democratic Republic and the democratic Federal Republic of Germany up to 1990 in terms of their experiences with and responses to nonconformity dissent opposition and resistance and the role played by those factors in each case Although even innocent nonconformity came with a price in all three systems and in the post war occupation zones the price was the highest in Nazi Germany It is worth stressing that what qualifies as nonconformity and dissent depends on the social and political context and thus changes over time Like those in active dissent opposition or resistance nonconformists are rebels

whether they are conscious of it or not and have repeatedly played a role in pushing for change whether through reform of legislation transformation of the public's attitudes or even regime change *The Rhine* Ben Coates,2018-11-06 From rowing the canals of Amsterdam to riding a cow through the Alps via Cold War nuclear bunkers raucous Gay Pride parades tranquil Lake Constance and snowy mountain climbs *The Rhine* blends travelogue and offbeat history to tell the fascinating story of how a great river helped shape a continent **SHORTLISTED FOR THE STANFORD DOLMAN TRAVEL BOOK OF THE YEAR AWARD** *The Rhine* is one of the world's greatest rivers Once forming the outer frontier of the Roman Empire it flows 800 miles from the social democratic playground of the Netherlands through the industrial and political powerhouses of Germany and France to the wealthy mountain fortresses of Switzerland and Liechtenstein For five years Ben Coates lived alongside a major channel of the river in Rotterdam crossing it daily swimming and sailing in its tributaries In *The Rhine* he sets out by bicycle from the Netherlands where it enters the North Sea following it through Germany France and Liechtenstein to where its source in the icy Alps He explores the impact that the Rhine has had on European culture and history and finds out how influences have flowed along and across the river shaping the people who live alongside it imwe imba - the other room Munashe Wadzanai,Anne Schlechters,Thomas F. Andersson,2022-11-01 Munashe is a bright adolescent girl living in Zimbabwe She feels a pressure to leave Zimbabwe and to follow most of her peers to a university or to work in the West However she is not convinced that this is what she really wants Via Thomas an experienced European scientist and manager initiating a technical Start up Hub at her boarding school Munashe comes in contact with Anne Imwe imba the other room is a novel covering the last 2 high school years of Munashe and Anne in letters between the young women as well as from Thomas to Simon his now retired personal and business coach Through the letters Anne and Simon discover unknown and fascinating aspects of the southern African society Especially since Thomas includes stories from Nelson Munashe's grandfather and small holder farmer Based on the stories and hearing about Munashe's activities in more technical projects Anne develops a critical attitude towards both the current Western school system and the effectiveness of traditional Western development or aid projects On the other side Munashe learns that Europe is not the land of milk and honey for everybody Munashe and Anne assisted by Thomas review the so called development work activities in emerging markets and propose a promising approach to economically uplift more rural areas In part 2 the Start up Hub activities are proven to be sustainable and Munashe asks where do we want to go A design is made for a more ideal global society and the issues faced implementing their ideas are discussed The letters in this novel cover a wide spectrum of topics personal struggles and contemplations educational and business practices science and art geopolitics and historical backgrounds change management as well as social developments Each letter is written in an accessible language and underlined with references to allow the reader to explore more Most of all imwe imba wants to create awareness Awareness for the wonderful real life in Africa Awareness that Africa is prosperity Awareness that our younger generation is perfectly able to initiate change That a

single person can initiate change That complaining or being upset about various unacceptable global happenings or actions is not enough That a further polarisation and blaming the others doesn't help That we have to do things That we should not fear change but embrace the changes that are needed to come to the necessary improvements

Ambiguous Relations Shlomo Shafir, 2018-02-05 It is a comprehensive account of recent history that comes to groups with emotional and political reality

Economists in the Cold War Alan Bollard, 2023-05-31 Economists in the Cold War is an account of the economic drivers and outcomes of the Cold War told through the stories of seven international economists who were all closely involved in theory and policy in the period 1945-73 For them the Cold War was a battle of economic ideas a fight between central planning and market allocation exploring economic thinking derived from the battle between Marxist and Capitalist ideologies a fundamental difference but with many intricacies The book recounts how economic theory advanced how new economic tools were developed and how policies were tested Each chapter is based on the involvement of one of the selected economists It was a challenging but dangerous time in economics a time of economic recovery post war with industrial rebuilding economic growth and rising incomes But it was also a time of ideological warfare nuclear rivalry military expansion and personal conflict The narrative is approximately chronological ranging from the Potsdam Conference in Germany to the Pinochet Coup in Chile The selected economists include an American a Pole a Hungarian a German a British a Japanese and an Argentinian all very different economists but with interconnections among them Each chapter also features a dissenting economist who held a contrasting view and recounts the subsequent economic arguments that played out

Ireland, West Germany and the New Europe, 1949-73 Mervyn O'Driscoll, 2018-01-10 This groundbreaking book is an indispensable contribution to appreciating the dilemmas facing Ireland in the age of Brexit Encompassing an exhaustive account it traces the relationship between Ireland and FRG by drawing on original material from both It critiques depictions of Irish German relations as peculiarly affable and explores the problems presented by trade Britain neutrality NATO

Northern Ireland and the Cold War The work contends the German economic miracle was a vital stimulus for Ireland's tardy retreat from protectionism It maintains that Ireland's reorientation was informed by lessons gleaned from Irish German trade relations as well as a budding recognition of the potential offered by German industrial investment This granted Germany weighty influence over the shape and direction of Ireland

Trams Or Tailfins? Jan L. Logemann, 2012-11-28 In the years that followed World War II both the United States and the newly formed West German republic had an opportunity to remake their economies Since then much has been made of a supposed Americanization of European consumer societies in Germany and elsewhere Arguing against these foggy notions Jan L. Logemann takes a comparative look at the development of postwar mass consumption in West Germany and the United States and the emergence of discrete consumer modernities In *Trams or Tailfins* Logemann explains how the decisions made at this crucial time helped to define both of these economic superpowers in the second half of the twentieth century While Americans splurged on private cars and bought goods on credit in suburban

shopping malls Germans rebuilt public transit and developed pedestrian shopping streets in their city centers choices that continue to shape the quality and character of life decades later Outlining the abundant differences in the structures of consumer society consumer habits and the role of public consumption in these countries Logemann reveals the many subtle ways that the spheres of government society and physical space define how we live
