The Secret Wife of Louis XIV Veronica Buckley,2010-08-31 Fran oise d Aubign marquise de Maintenon and secret wife of the Sun King Louis XIV was born in a bleak French prison in 1635 her father a condemned traitor and murderer her mother the warden s seduced daughter A timely pardon and a hopeful Caribbean colonial venture failed to mend the family s fortunes and Fran oise was reduced to begging in the streets Yet armed with beauty intellect and shrewd judgment she was to make her way to the center of power at Versailles the most opulent and ambitious court in all Europe At fifteen she was married off to the forty two year old satirical poet Paul Scarron a former rou now grievously deformed by rheumatism a sort of human Z as he described himself Despite his ailments Scarron presided over the liveliest and most scandalous literary salon in Paris and Fran oise quickly became its most prized ornament After Scarron s death she enjoyed a merry widowhood in the fashionable Marais district in the company of the courtesan Ninon de Lenclos and the King s splendid mistress Ath na s de Montespan who made the young widow governess to her brood of illegitimate children The appointment transformed Fran oise s life but

was fatal to the temperamental Athanasia herself with the King soon turning his attentions to the graceful governess Françoise who was raised to the nobility as Madame de Maintenon and unofficially Madame de Maintenon the lady of the moment The acclaimed biographer Veronica Buckley traces the extraordinary story of Françoise's progress from pauper child to salonnière to the compromised position of Louis's secret wife and uncrowned Queen An absolute ruler Louis turned away his many other mistresses to live with Françoise only trusting her as his closest confidante and remaining in love with her for forty years Sparkling with the irresistible wit of contemporary chroniclers such as Madame de Sévigné this exactly researched biography is a pinnacle of the form In vibrant colors The Secret Wife of Louis XIV paints a portrait of Europe in an age of violent change and the Sun King's France in the process of becoming its modern self Dialogues and Addresses Madame de Maintenon, 2007-11-01 Born Françoise d'Aubigné a criminal's daughter reduced to street begging as a child Madame de Maintenon 1653-1719 made an improbable rise from impoverished beginnings to the summit of power as the second secret wife of Louis XIV An educational reformer Maintenon founded and directed the celebrated academy for aristocratic women at Saint-Cyr This volume presents the dialogues and addresses in which Maintenon explains her controversial philosophy of education for women Denounced by her contemporaries as a political schemer and religious fanatic Maintenon has long been criticized as an opponent of gender equality The writings in this volume faithfully reflect Maintenon's respect for social hierarchy and her stoic call for women to accept the duties of their state in life But the writings also echo Maintenon's more feminist concerns the need to redefine the virtues in the light of women's experience the importance of naming the constraints on women's freedom and the urgent need to remedy the scandalous neglect of the education of women In her writings as well as in her own model school at Saint-Cyr Maintenon embodies the demand for educational reform as the key to the empowerment of women at the dawn of modernity **Love and Louis XIV** Antonia Fraser, 2010-06-25 The superb historian and biographer Antonia Fraser author of Marie Antoinette casts new light on the splendor and the scandals of the reign of Louis XIV in this dramatic illuminating look at the women in his life The self-proclaimed Sun King Louis XIV ruled over the most glorious and extravagant court in seventeenth-century Europe Now Antonia Fraser goes behind the well-known tales of Louis's accomplishments and follies exploring in riveting detail his intimate relationships with women The king's mother Anne of Austria had been in a childless marriage for twenty-two years before she gave birth to Louis XIV A devout Catholic she instilled in her son a strong sense of piety and fought successfully for his right to absolute power In 1660 Louis married his first cousin Marie Thérèse in a political arrangement While unfailingly kind to the official Queen of Versailles Louis sought others to satisfy his romantic and sexual desires After a flirtation with his sister-in-law his first important mistress was Louise de La Vallière who bore him several children before being replaced by the tempestuous and brilliant Athanasia marquise de Montespan Later when Athanasia's reputation was tarnished the King continued to support her publicly as Athanasia left court for a life of repentance Meanwhile her children's governess the intelligent and seemingly puritanical Fran

oise de Maintenon had already won the King's affections in a relationship in complete contrast to his physical obsession with Anna Louis XIV lived happily with Madame de Maintenon for the rest of his life very probably marrying her in secret When his grandson's child bride the enchanting Adelaide of Savoy came to Versailles she lightened the King's last years until tragedy struck With consummate skill Antonia Fraser weaves insights into the nature of women's religious lives as well as such practical matters as contraception into her magnificent sweeping portrait of the king his court and his ladies **Queen of Versailles** Mark Bryant, 2020-10-22 Explores the life and court career of Madame de Maintenon A study in queenship it reveals how the dynamics of power and gender operated within the realms of early modern high politics church state affairs and international relations while providing unique insights into the Sun King and his court *The queens of society, by Grace and Philip Wharton* Katherine Thomson, 1861 *The Queens of Society by Grace and Philip Wharton* Grace Wharton, 1865* *The Queens of Society. Illustrated by C. A. Doyle and the Brothers Dalziel* Grace WHARTON (pseud. [i.e. Mrs. Katharine Thomson], and WHARTON (Philip) pseud. [i.e. J. C. Thomson.]), 1860 **The Queens of Society** Mrs. A. T. Thomson, 1860 **The Prison Narratives of Jeanne Guyon** Jeanne Marie Bouvier de La Motte Guyon, Ronney Mourad, Dianne Guenin-Lelle, 2012 The first English translation of the Prison Narratives written by the seventeenth century French mystic and Quietist Jeanne Guyon 1648 1717 Guyon describes her confinement between 1695 and 1703 in various prisons including the dreaded Bastille and the introduction provides a comprehensive context for the historical literary and theological aspects of Guyon's writing *The Battle of the Boyne* Demetrius Charles Boulger, 1911 **The Princess Des Ursins** Maud Cruttwell, 2010-04-01 For the first time a complete life of the Princess des Ursins who was the moving spirit in the succession of the Bourbons to the Throne of Spain **The Dublin Review** Nicholas Patrick Wiseman, 1899 The Letters of Sarah Harriet Burney Sarah Harriet Burney, 1997 This scholarly edition presents for the first time all of the known surviving letters of British novelist Sarah Harriet Burney 1772 1884 The overwhelming majority of these letters more than ninety percent have never before been published Burney's accomplishments says Lorna J Clark have been unjustly overlooked She published five works of fiction between 1796 and 1839 all of which met with reasonable success including *Traits of Nature* 1812 which sold out within three months These letters position Burney among her fellow women writers and shed light on her relations with her publisher and her ambivalence toward her own work and her readership Her lively observation of the literary scene evinces the range and scope of her reading as well as her awareness of literary trends and developments Burney was for example remarkably prescient in recognizing and praising from the first the talent of Jane Austen and met several of the authors of her day A challenging new perspective on family matters also emerges in the letters The youngest child of the second marriage of Charles Burney and the only daughter to remain unmarried Sarah Harriet had the unenviable task of caring for her father in his later years Her letters reveal a darker side of Dr Burney and also help to round out our image of a more favored daughter Sarah Harriet's half sister and fellow novelist Frances Burney As literature

Clark observes Burney's letters are arguably her best work. Thoroughly versed in the epistolary arts, she sought always to amuse and entertain her correspondents. Burney ultimately emerges as a quiet but heroic single woman relegated to the margins of society where she struggled for independence and self-respect. Displaying literary qualities and a lively sense of humor, the letters provide a fascinating insight into the literary, political, and social life of the day. **Anne of Brittany** Helen Josephine Sanborn, 1917 **The Queens of Society** Grace Wharton, 2023-03-13 Reprint of the original first published in 1872. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Enlightenment Thought Margaret L. King, 2019-02-19 Margaret L. King has put together a highly representative selection of readings from most of the more significant but by no means the most obvious texts by the authors who made up the movement we have come to call the Enlightenment. They range across much of Europe and the Americas and from the early seventeenth century until the end of the eighteenth. In the originality of the choice of texts, in its range and depth, this collection offers both wide coverage and striking insights into the intellectual transformation which has done more than any other to shape the world in which we live today. It is simply the best introduction to the subject now available. Anthony Pagden, UCLA and author of *The Enlightenment and Why It Still Matters* **The Private Life of Catherine the Great of Russia** Marie de Chambrun, 1928
