Merchants Of Heroin:

Merchants of Heroin Alvin Moscow, 1974 Merchants of Heroin Alvin Moscow, 1968 *Merchants of Madness* Bertil Lintner, Michael Black, 2009-01-05 For decades Southeast Asia's Golden Triangle where the borders of Thailand Laos and Burma intersect has been infamous for its opium and heroin production But then in the 1990s the drug gangs in the Golden Triangle began to produce methamphetamine a synthetic drug that does not depend on any unreliable crop such as the opium poppy In Thailand the drug has become known as yaba madness drug or madness medicine Unlike heroin which is a downer yaba or speed is an upper that makes those who take it hyperactive and often aggressive It has led to murders stabbings and the kidnapping of innocent people It breaks down the users mentally as well as physically It is a real madness drug But who are the merchants of this madness This book provides the answer It is based on extensive research spanning several decades and including a collection of first hand accounts of the drug trade from law enforcement officers and intelligence officials alike as well as sources close to the drug traffickers themselves This book will lead to a better understanding of the Golden Triangle drug trade how it all began and how it has grown to become a multi billion dollar criminal enterprise Merchant of Death Douglas Farah, Stephen Braun, 2010-12-14 Praise for Merchant of Death A riveting investigation of the world's most notorious arms dealer a page turner that digs deep into the amazing murky story of Viktor Bout Farah and Braun have exposed the inner workings of one of the world's most secretive businesses the international arms trade Peter L Bergen author of *The Osama bin Laden I Know* Viktor Bout is like Osama bin Laden a major target of U S intelligence officials who time and again gets away Farah and Braun have skillfully documented how this notorious arms dealer has stoked violence around the world and thwarted international sanctions Even more appalling they show how Bout ended up getting millions of dollars in U S government money to assist the war in Iraq A truly impressive piece of investigative reporting Michael Isikoff coauthor of *Hubris The Inside Story of Spin Scandal and the Selling of the Iraq War* Douglas Farah and Stephen Braun are two of the toughest investigative reporters in the country This is an important book about a hidden world of gunrunning and profiteering in some of the world's poorest countries Steve Coll author of *Ghost Wars The Secret History of the CIA Afghanistan and bin Laden from the Soviet Invasion to September 10 2001* In *Merchant of Death* two of America's finest reporters have performed a major public service turning over the right rocks that reveal the brutal international arms business at the dawn of the twenty first century In *Viktor Bout* they have given us a new Lord of War a man who knows no side but his own and who has a knack for turning up in every war zone just in time to turn a profit As Farah and Braun uncover and document his troubling role in the Bush Administration's Global War on Terror his ties to Washington almost seem inevitable James Risen author of *State of War The Secret History of the CIA and the Bush Administration* An extraordinary and timely piece of investigative reporting *Merchant of Death* is also a vividly compelling read The true story of Viktor Bout a sociopathic Russian gunrunner who has supplied weapons for use in some of the most

gruesome conflicts of modern times and who can count amongst his clients both the former Taliban regime in Afghanistan and the U S military in Iraq is a stomach churning indictment of the policy failures and moral contradictions of the world's most powerful governments including that of the United States Jon Lee Anderson author of *The Fall of Baghdad* Two respected journalists tell the incredible story of Viktor Bout the Russian weapons supplier whose global network has changed the way modern warfare is fought Bout's vast enterprise of guns planes and money has fueled internecine slaughter in Africa and aided both militant Islamic fanatics in Afghanistan and the American military in Iraq This book combines spy thrills with crucial insights on the shortcomings of a U S foreign policy that fails to confront the lucrative and lethal arms trade that erodes global security

Poppies, Pipes, and People Joseph Westermeyer,2024-03-29 Opium production and use connote international intrigues illicit wealth and social degeneracy to industrialized societies The experiences and attitudes of those growing and using opium in poppy producing areas are not always so dramatic or so negative For a total of three years between 1965 and 1975 Joseph Westermeyer practiced medicine and studied the function of opium in Laos where it is a cash crop and from 1975 to 1982 he spent an additional six months studying opium addiction in other parts of Asia His work gives a clear picture of the very different ways opium and its use are regarded in a developing agricultural society Opium is a mainstay of the highland economy in Laos Ease of Transport gives the poppy great advantage over other cash crops although growers readily abandon its cultivation for work or animal husbandry that offers a higher profit Opium can sometimes be used without addiction as a recreational intoxicant or folk medicine but addiction is always a possibility especially among the growers of the poppy themselves Opium consumption can initially enhance productivity but its long term use is generally debilitating and the biomedical psychological and familial problems commonly associated with drug addiction also occur in Laos Westermeyer describes heroin as well as opium addiction includes a chapter on Caucasian addicts and evaluates indigenous and medical treatments for addiction He shows how lacking the cross cultural perspective offered here attempts by the United States to restrict opium flow have had little regard for the effect of narcotics policy on other countries and actually opens the way for heroin use in Laos Westermeyer's careful documentation is supplemented by individual vignettes that give a sense of the complex and often unpredictable reality of drug use His analysis will change many stereotypic notions of opiate use in Asia as it takes into account the myriad views and needs of people living under vastly different circumstances Opium production and use connote international intrigues illicit wealth and social degeneracy to industrialized societies The experiences and

Waterston, 2010-06-25 The moving first person accounts of drug addicts on the streets of New York *Proceedings of the Merchant Marine Council* United States. Merchant Marine Council, 1950 *Art and Crime* Noah Charney, 2009-05-14 Through the use of case examples and careful examination this book presents the first interdisciplinary essay collection on the study of art crime and its effect on all aspects of the art world Contributors discuss art crime subcategories including vandalism iconoclasm forgery fraud peace time theft war looting archaeological looting smuggling submarine looting and ransom The contributors offer insightful analyses coupled with specific practical suggestions to implement in the future to prevent and address art crime This work is of critical importance to anyone involved in the art world its trade study and security Art crime has received relatively little attention from those who study art to those who prosecute crimes Indeed the general public is not well aware of the various forms of art crime and its impact on society at large to say nothing of museums history and cultural affairs And yet it involves a multi billion dollar legitimate industry with a conservatively estimated 6 billion annual criminal profit Information about and analysis of art crime is critical to the wide variety of fields involved in the art trade and art preservation from museums to academia from auction houses to galleries from insurance to art law from policing to security Since the Second World War art crime has evolved from a relatively innocuous crime into the third highest grossing annual criminal trade worldwide run primarily by organized crime syndicates and therefore funding their other enterprises from the drug and arms trades to terrorism It is no longer merely the art that is at stake

Blood Brotherhoods John Dickie, 2014-04-22 MAFIA CAMORRA NDRANGHETA The Sicilian mafia known as Cosa Nostra is far from being Italy's only dangerous criminal fraternity. The country hosts two other major mafias: the camorra from Naples and from the poor and isolated region of Calabria the mysterious ndrangheta which has now risen to become the most powerful mob group active today. Since they emerged the mafias have all corrupted Italy's institutions, drastically curtailed the life chances of its citizens, evaded justice and set up their own self-interested meddling as an alternative to the courts. Yet each of these brotherhoods has its own methods, its own dark rituals, its own style of ferocity. Each is uniquely adapted to corrupt and exploit its own specific environment as it collaborates with, learns from and goes to war with the other mafias. Today the shadow of organized crime hangs over a country racked by debt, political paralysis and widespread corruption. The ndrangheta controls much of Europe's wholesale cocaine trade and by some estimates 3 percent of Italy's total GDP. *Blood Brotherhoods* traces the origins of this national malaise back to Italy's roots as a united country in the nineteenth century and shows how political violence incubated underworld sects among the lemon groves of Palermo, the fetid slums of Naples and the harsh mountain villages of Calabria. *Blood Brotherhoods* is a book of breathtaking ambition, tracing for the first time the interlocking story of all three mafias from their origins to the present day. John Dickie is recognized in Italy as one of the foremost historians of organized crime. In these pages he blends archival detective work, passionate narrative and shrewd analysis to bring a unique criminal ecosystem and the three terrifying criminal brotherhoods that have evolved within it to life on the page.

Merchants Of Heroin Introduction

In the digital age, access to information has become easier than ever before. The ability to download Merchants Of Heroin has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Merchants Of Heroin has opened up a world of possibilities. Downloading Merchants Of Heroin provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Merchants Of Heroin has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Merchants Of Heroin. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Merchants Of Heroin. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Merchants Of Heroin, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Merchants Of Heroin has transformed the way we access information. With the

convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
