Miriams Dilemma:

What Should I Do? Confronting Dilemmas of Teaching in Urban Schools Anna Ershler Richert, 2015-04-17 Have you ever been waiting for THE book This is that book Anna Richert has held on to this book for many years because she wanted it to honor the profession and the work of teaching It satisfies on two important levels that of those who study teaching and those who do the teaching At a time when the profession is suffering from a lack of support and criticism on all fronts Richert elevates it without valorizing it These are real dilemmas that real teachers struggle with everyday We owe Anna Richert a big thank you for What Should I Do Gloria Ladson Billings Kellner Family Chair in Urban Education University of Wisconsin Madison What Should I Do is a practical guide to the everyday dilemmas of the urban classroom It offers a lifeline to both beginning teachers who are struggling to be successful and to the teacher educators who are trying to prepare them for these challenges The author uses narratives of practice written by novice teachers to help readers experience a variety of dilemmas they are likely to encounter in the classroom By engaging with and analyzing the cases readers come to see that the problems of teaching are actually dilemmas that have no clear cut right or wrong solution thus reducing the potential for frustration and despair often felt by teachers This practical resource will empower teachers to transform the unpredictable world of troubled schools into places of learning and hope for both themselves and their students As a former teacher said I wish I had read this book and realized that I wasn't expected to have all the answers I would probably still be teaching Anna Ershler Richert is a professor in the School of Education at Mills College in Oakland California where she is Director of the Master of Arts in Education with an Emphasis on Teaching MEET Program and Faculty Director of the Mills Teacher Scholars

Breaking the Sequence Ellen G. Friedman, Miriam Fuchs, 2014-07-14 These nineteen essays introduce the rich and until now largely unexplored tradition of women's experimental fiction in the twentieth century The writers discussed here range from Gertrude Stein to Christine Brooke Rose and include among others Virginia Woolf Jean Rhys Jane Bowles Marguerite Young Eva Figes Joyce Carol Oates and Marguerite Duras Friedman and Fuchs demonstrate the breadth of their research first in their introduction to the volume in which they outline the history of the reception of women's experimental fiction and analyze and categorize the work not only of the writers to whom essays are devoted but of a number of others too and second in an extensive and wonderfully useful bibliography Emma Kafalenos The International Fiction Review After an introduction that is practically itself a monograph eighteen essayists too many of them distinguished to allow an equitable sampling take up three generations of post modernists American Literature The

editors see this volume as part of the continuing feminist project of the recovery and foregrounding of women writers Friedman and Fuchs's substantive introduction excellently synthesizes the issues presented in the rest of the volume Patrick D Murphy *Studies in the Humanities* Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Modernism, Feminism and the Culture of Boredom Allison Pease, 2012-08-27 Bored women populate many of the most celebrated works of British modernist literature Whether in popular offerings such as Robert Hitchens's *The Garden of Allah* the esteemed middlebrow novels of May Sinclair or H G Wells or now canonized works such as Virginia Woolf's *The Voyage Out* women's boredom frequently serves as narrative impetus antagonist and climax In this book Allison Pease explains how the changing meaning of boredom reshapes our understanding of modernist narrative techniques feminism's struggle to define women as individuals and male modernists' preoccupation with female sexuality To this end Pease characterizes boredom as an important category of critique against the constraints of women's lives arguing that such critique surfaces in modernist fiction in an undeniably gendered way Engaging with a wide variety of well and lesser known modernist writers Pease's study will appeal especially to researchers and graduates in modernist studies and British literature *Experimenting on the Borders of Modernism* Kristin Bluemel, 1997 As one of the first English novelists to employ stream of consciousness as a narrative technique Dorothy Richardson ranks among modernism's most important experimentalists yet her epic autobiographical novel *Pilgrimage* has rarely received the kind of attention given to the writings of her contemporaries James Joyce Virginia Woolf and Marcel Proust Kristin Bluemel's study explores the relationship between experimental forms and oppositional politics in *Pilgrimage* demonstrating how the novel challenged the literary conventions and cultural expectations of the late Victorian and Edwardian world and linking these relationships to the novel's construction of a lesbian sexuality its use of medicine to interrogate class structures its feminist critique of early twentieth century science and Richardson's short stories and nonfiction *The Guru Drinks Bourbon?* Dzongsar Jamyang Khyentse, 2016-11-22 An enlightening accessible and highly entertaining guide to the guru-disciple relationship the heart of Tibetan Buddhism The humility and compassionate activity of the Dalai Lama is something many people can connect with but how can one understand the stories about some other Buddhist teachers' unorthodox behavior The centrality of and reliance on a guru is one of most misunderstood elements of Tibetan Buddhism and one that is most often veiled in mystery Because the guru can and will use whatever means it takes to wake us up this relationship may require us to drop our most deeply held beliefs and expectations Dzongsar Jamyang Khyentse addresses some of the most misunderstood aspects of this powerful relationship and gives practical advice on

making the most of this precious opportunity for transformation Through stories and classical examples he shows how to walk the path with eyes wide open with critical thinking skills sharpened and equipped to analyze the guru before taking the leap

Jesus:

Miriam's Child, Sophia's Prophet Elisabeth Schüssler Fiorenza, 2015-11-19 In *Jesus Miriam's Child Sophia's Prophet* Elisabeth Schüssler Fiorenza makes a unique contribution to two quite different discussions of Jesus the Christ. On the one hand she looks at biblical christology from a critical feminist perspective in the tradition of liberation theology. On the other she examines the feasibility of a feminine christology by considering such problems as Christian anti-Judaism, ideological justification of domination, religious exclusivism, and the formation of patriarchal identity. Re-imagining the Jesus movement in a feminist key transcends the boundaries set by history, gender, and doctrine. By assessing various Jesus traditions and interpretations in terms of whether they can engender liberating visions for today, Schüssler Fiorenza seeks to challenge and transform a Christianity dominated by masculinity and exclusivist theological frameworks so that it offers a vision of justice and well-being for all. The central image in which is the reign, the coming world of God. This Cornerstones edition features a new extended introduction which takes into account the developments in the field since the work was originally published in 1994.

Being For Myself Alone Marcus Moseley, 2005-06-13 This is a work of unprecedented scope tracing the origins of Jewish autobiographical writing from the early modern period to the early twentieth century. Drawing on a multitude of Hebrew and Yiddish texts, very few of which have been translated into English, and on contemporary autobiographical theory, this book provides a literary-historical explanatory paradigm for the emergence of the Jewish autobiographical voice. The book also provides the English reader with an introduction to the works of central figures in the history of Hebrew and Yiddish literature and it includes discussion of material that has never been submitted to literary critical analysis in English.

Miriam's Heart Emma Miller, 2011-05-01 Miriam Yoder always thought she'd marry Charley Byler. Steady, dependable Charley who grew up on the neighboring farm and has been sweet on her since they were young. But then local veterinarian John Hartman catches Miriam's eye. He's handsome, charming, cares for animals, and is not Plain. While Miriam is known as the wild Yoder sister, she is still expected to marry a good Amish man. But what if it's God's plan to match her with John? Miriam must listen to her heart to truly know which man will claim her love and her future.

Miriam's Family Blitz Molly Cutpurse, 2015-06-07 On the 7 September 1940 the London Blitz began in earnest. This was when the Nazi Luftwaffe machine switched from daylight raids on military targets to heavy bomber raids at night, focusing on large cities. *Miriam's Family Blitz*, already broadly conceived in *Miriam's War* by the same author, places her family's first fifteen days of the London Blitz under a magnifying glass. A period in which the mundane lives of her close family and friends in the East End found themselves experiencing front-line warfare for the first time, undergoing the inconvenient blackout, general restrictions, and rationing. From the family's once relatively quiet life and with Miriam released from Holloway prison only one year previously, the intense and very real fear of invasion, gassing, destruction, and death occupies almost their every thought.
