More Than A Feeling:

More Than a Feeling Adam J. Ramey, Jonathan D. Klingler, Gary E. Hollibaugh, 2017-04-27 Whatever you think about the widening divide between Democrats and Republicans ideological differences do not explain why politicians from the same parties who share the same goals and policy preferences often argue fiercely about how best to attain them This perplexing misalignment suggests that we are missing an important piece of the puzzle Political scientists have increasingly drawn on the relationship between voters personalities and political orientation but there has been little empirically grounded research looking at how legislators personalities influence their performance on Capitol Hill With *More Than a Feeling* Adam J Ramey Jonathan D Klingler and Gary E Hollibaugh Jr have developed an innovative framework incorporating what are known as the Big Five dimensions of personality openness to experience conscientiousness extraversion agreeableness and neuroticism to improve our understanding of political behavior among members of Congress To determine how strongly individuals display these traits the authors identified correlates across a wealth of data including speeches campaign contributions and expenditures committee involvement willingness to filibuster and even Twitter feeds They then show how we might expect to see the influence of these traits across all aspects of Congress members political behavior from the type and quantity of legislation they sponsor and their style of communication to whether they decide to run again or seek a higher office They also argue convincingly that the types of personalities that have come to dominate Capitol Hill in recent years may be contributing to a lot of the gridlock and frustration plaguing the American political system **More Than A Feeling** Erika Kelly, 2017-04-04 He might be a rock star but he never forgot the woman he d only desperately loved from afar When Cooper Hood left Snowberry Montana ten years ago he swore he d never go back to the town that painted him with the same brush as his addict mother But right in the middle of his band s national tour he gets a call to come home his mom s got a whopper of a secret to reveal Daisy Charbonneau s in trouble The talent she hired for her resort s annual Huckleberry Festival just bailed on her and she s desperate to find a replacement act Luck turns her way when she discovers her high school crush is back in town and he happens to be a rock star As they work together a crush deepens into so much more but who falls in love in two weeks Especially when Cooper s never coming back to town and Daisy s never going to leave it *More Than A Feeling* Sandra Hall, 2015-12-25 Ramona Bennett met Robert Johnson At first glance something kick started in her heart The odds were against a young adult falling in love so dramatically and quickly with a slightly older and worldly man that seemed too good to be true Robert claimed she was the one and his intentions were set on making her feel the same about him He had two weeks to convince her and her family that he s the man meant to be by her side **More Than a Feeling** Sara Richardson, 2016-03-29 STOP RUNNING AND START FALLING For Ruby James the Walker Mountain Ranch is her safe haven Here in Aspen Colorado she can finally build a quiet life for herself without fear of her old one rearing its ugly head Or so Ruby thinks Any single woman would be happy to indulge a tall dark and curious cop but the closer Ruby gets to him the

closer she gets to losing her newfound peace Police officer Sawyer Hawkins is no stranger to secrets He s ready to leave town for good until a security threat brings him back to Walker Ranch and Ruby s gorgeous green eyes soon have him second guessing his decision to go Her kindness and quiet strength awaken feelings he d thought long buried even as her reluctance to talk about her past worries him The cop in Sawyer only wants the truth but the man in him wants Ruby in his arms forever

More Than a Feeling (Boston, Toto Etc). ,2004 Conversations with Barth on Preaching Bishop William H.

Willimon,2010-09-01 One of today s greatest preacher theologians engages one of the twentieth century s greatest teacher theologians on the meaning of preaching Readers of William H Willimon s many books have long found there the influence of Karl Barth probably the most significant theologian of the twentieth century In this new book Willimon explores that relationship explicitly by engaging Barth s work on the pitfalls and problems glories and grandeur of preaching the Word of God The Swiss theologian says the author expressed one of the highest theologies of preaching of any of the great theologians of the church Yet too much of Barth s understanding of preaching lies buried in the Church Dogmatics and other sometimes obscure sources Willimon brings this material to light introducing the reader to Barth s thought not just on the meaning but the practice of preaching as well

Self-Feeling Gerhard Kreuch,2019-11-11 This monograph offers new insights into the connection between self consciousness and emotion It focuses on what fundamental feelings of being tell us about ourselves The results enrich the philosophy of human affectivity and help shed new light on some pressing current problems The author seeks to understand self consciousness as an affective phenomenon namely as self feeling He identifies it as a pre reflective pre propositional bodily feeling that shapes our space of possibilities It is the affective disclosure of individual existence His account overcomes the difficulties of infinite regress and vicious circularity that reflective or higher order accounts of self consciousness struggle with At the same time it helps build a bridge between the basic level of self consciousness and the higher level of more substantial thoughts about oneself The title explores fundamental affectivity Matthew Ratcliffe s theory of existential feelings features of self feeling and appropriateness and inappropriateness in self interpretation It also considers the contributions of the Heidelberg School of self consciousness to current debates The title provides students and researchers with a unique look into such vital philosophical questions as What is self consciousness How do we know ourselves It will also appeal to a wider audience interested in self consciousness and or human affectivity since it does not presuppose knowledge of the jargon

Jackals of Samarra Benjamin H. Roberts,2001-01-15 Jackals of Samarra was written in the period

immediately preceding the Gulf War It was just as contemporary then as it is now as borne out by today s headlines of naval vessels falling victim to terrorist bombs The Gulf region is a perpetual cauldron ready to boil over at a moment s notice The book sets up shop here and uses a scenario of fact and fiction that wends its way back and forth from the Middle East to the West The plot employs surprise military attacks espionage blackmail oil and nuclear weapons to culminate in a gut wrenching unpredictable situation with the Iranians catching the West off guard as the world holds its collective breath Though Jackals of Samarra is a work of fiction it comes so uncomfortably close to being real that using a book marker at stopping points might not work too well After reading the last sentence of Jackals you might just feel relieved and lucky that it is only fiction Then again you might not See for yourself

Theories, Predictions, and Diagnoses Malcolm Gladwell,2009-10-20 StartFragment What is the difference between choking and panicking Why are there dozens of varieties of mustard but only one variety of ketchup What do football players teach us about how to hire teachers What does hair dye tell us about the history of the 20th century In the past decade Malcolm Gladwell has written three books that have radically changed how we understand our world and ourselves The Tipping Point Blink and Outliers Now in What the Dog Saw he brings together for the first time the best of his writing from TheNew Yorker over the same period Here is the bittersweet tale of the inventor of the birth control pill and the dazzling inventions of the pasta sauce pioneer Howard Moscovitz Gladwell sits with Ron Popeil the king of the American kitchen as he sells rotisserie ovens and divines the secrets of Cesar Millan the dog whisperer who can calm savage animals with the touch of his hand He explores intelligence tests and ethnic profiling and hindsight bias and why it was that everyone in Silicon Valley once tripped over themselves to hire the same college graduate Good writing Gladwell says in his preface does not succeed or fail on the strength of its ability to persuade It succeeds or fails on the strength of its ability to engage you to make you think to give you a glimpse into someone else s head What the Dog Saw is yet another example of the buoyant spirit and unflagging curiosity that have made Malcolm Gladwell our most brilliant investigator of the hidden extraordinary EndFragment
