More Than a Muckraker Robert C. Kochersberger, 1994 Twentieth century investigative journalism finds its roots in the work of Ida M Tarbell 1857-1944 Interested in the sciences Tarbell brought the rigor of scientific inquiry and a penchant for accuracy to detailed investigations of larger topics especially those involving governmental corruption and the excesses of big business And although Tarbell is best known for her muckraking journalistic battles with John D Rockefeller's Standard Oil and the fight for antitrust legislation she was also a thorough biographer a social commentator and speaker and a women's rights advocate of sorts during a time when most women did not work or write outside the home Despite all of Tarbell's accomplishments there has been little analysis and no compilation of her writings Robert C Kochersberger has painstakingly gathered the best of her scattered articles book chapters speeches and previously unpublished pieces into a single volume so that her writings may be reexamined in the light of recent scholarship in the fields of journalism women's and gender studies sociology and American history The resulting analysis reveals Tarbell to have been much more than just a muckraker as Teddy Roosevelt once labeled her In fact Kochersberger's presentation of Tarbell's fifty year writing career holds her as an exemplary journalist whose passion conviction and nonfiction reporting of business and social topics demonstrate how the best journalists should use and communicate facts and impressions to the reading public
