More Than A Single Issue Theological Considerations Concerning The Ordination Of Practising Homosexuals:

More Than a Single Issue Murray Rae, 2000 In some quarters of the church the debate about the ordination of practising homosexuals has been reduced to sloganeering such as for example scripture is clear the gospel is inclusive this is the way God made me Jesus, the Bible, and Homosexuality Jack Bartlett Rogers, 2006-01-01 In this sure to be controversial book former seminary professor and church official Jack Rogers argues unequivocally for the ordination of homosexuals and for the extension of full and equal rights in society to all people who are homosexual Christianity he observes has moved through history in the direction of ever greater openness and inclusiveness Today's church is led by many of those who were once cast out people of color women and divorced and remarried people It is inevitable he believes that gay lesbian bisexual and transgender people will one day walk in the same steps as other Christian leaders Rogers an evangelical begins by discussing his own personal change of heart and mind on the issue a change that has moved him into the middle of this controversy in his own church the Presbyterian Church U S A He examines how the church misused the Bible to justify slavery and the denial of rights to women and links these efforts to efforts today to use biblical texts to deny equal rights to gays and lesbians He shows how neither the Bible nor the Confessions are opposed to homosexuality and debunks frequently used fundamentalist stereotypes and myths about gays and lesbians Rogers concludes with his thoughts on how the church can heal itself and move forward

Faith and Freedom David Neville, Philip Matthews, 2003 Australian Christians like Christians in many societies live in a pluralistic culture This makes the issues of faith freedom and their interrelationship all the more critical In a pluralist context Christian faith and freedom must be expressed and embodied in a coherent rather than discordant way The authors of these reflections on key ethical concerns represent the Anabaptist Anglican Baptist Lutheran Methodist Presbyterian Roman Catholic and Uniting Church traditions yet there is a harmony within this plurality of theological and ecclesiological voices Contributors include John Howard Yoder Charles Birch Stanley Hauerwas and Thorwald Lorenzen

A Special Illumination Rollan McCleary, 2017-07-28 Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s Since

coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion

Something Old, Something New Ray S. Anderson, 2007-05-15 No one has contributed more substantially to creative orthodox Christian thinking about human nature pastoral theology and counseling over the past 30 years than Ray Anderson His latest book is most welcomed particularly given its focus on the family a pivotal cultural institution of obvious developmental importance which radical postmodernism has attempted to radically redefine but which always warrants a fresh practical Christian approach and critique Eric L Johnson Southern Baptist Theological Seminary Combining the wisdom accumulated in his years as a seminary professor and scholar pastor and counselor Ray Anderson has given us an outstanding book on marriage and family ministry in contemporary culture Even more than this it is the best statement I know of on a theology of the family including the place of family in the church and wider society Hard issues in family life such as violence and abuse homosexuality care for the elderly and death are addressed with a combination of biblical truth and grace Something Old Something New is must reading for all persons involved in ministry today Jack Balwick Fuller Graduate School of Psychology For a Church often despairing of biblically based resources in ministering to the family in our postmodern culture Ray Anderson s twenty fifth book focuses on recovering a theology of the family His seminal volume written with Dennis Guernsey On Being Family Toward a Social Theology of the Family 1985 virtually created the new genre of the theology of the family In Something Old Something New Marriage and Family Ministry in a Postmodern Culture we find the fruit of Anderson s mature reflections that will give hope and guidance to the Church of the twenty first century He discusses marriage and parenting divorce and remarriage singleness and cohabitation and other issues within the diversity and relativity characterized by our postmodern context His decades of experience as a seminary professor and church pastor enable him to articulate a theology of family ministry that offers concrete help for families churches and pastors based on the healing ministry of Christ in today s society Chris Kettler Friends University and Todd Speidell Webb School of Knoxville RAY S ANDERSON 1925 2009 was Senior Professor of Theology and Ministry at Fuller Theological Seminary where he has taught for more than thirty years He is the author of more than twenty five books including The Seasons of Hope Marriage and Family Ministry in a Postmodern Culture The Soul of Ministry Ministry on the Fireline and The Shape of Practical Theology

Thomas F. Torrance and the Orthodox-Reformed Theological Dialogue Jason R. Radcliff, 2018-10-11 In this volume Jason Radcliff offers an introduction critical appreciation and constructive extension of the Orthodox Reformed Theological Dialogue spearheaded by Thomas F Torrance in the late 1980s and early 1990s Focusing upon the Greek Patristic foundations of the Dialogue as seen

particularly in the shared rapport between Torrance and Archbishop Methodios Fouyas as well as the monumental theological outcome of the Dialogue The Agreed Statement on the Holy Trinity a document that claims to cut behind the issue of the filioque this book also highlights some of the notable conversations that went on behind the scenes of the Dialogue as seen in the photos the unpublished Official Minutes and correspondence between Torrance and other major figures namely George Dragas Methodios Fouyas and The Patriarch of Constantinople himself about such topics such as the Athanasian doctrine of the Trinity Barthian Christocentrism and John Zizioulas existentialism The book includes selections from unpublished minutes and photographs as well as out of print documents such as Torrance s Memoranda on Orthodox Reformed Relations and Common Reflection as well as The Agreed Statement on the Holy Trinity Radcliff argues that the Dialogue s ecumenical use and creative interpretation of the Trinitarian and Christocentric theology of the Greek Fathers is profoundly relevant for contemporary Trinitarian theology

Fully Human in Christ Todd H. Speidell, 2016-11-08 Thomas F Torrance s theology included a thoroughgoing albeit implicit ethic of reconciliation It focused on the personalizing and humanizing mediation of Christ in all realms of life including not only a supposed private dimension of human life but also the social historical and political structures of human society and even of the cosmos itself This book builds upon that vision of a Christian ethic radically rooted in God s grace which encompasses sustains and transforms the entire human and created order A trinitarian incarnational social ethic does not begin with our human causes projects and agendas however noble they might be but with witness to the reconciling person and work of Jesus Christ for us

Church, Society, and the Christian Common Good Ephraim Radner, 2017-07-14 Philip Turner s contributions as a leader and thinker in Christian missions and social ethics are here engaged by an array of friends and colleagues Turner s scholarly and clerical career spans a key era of transition in American and world Christianity and his thinking and teaching about the intersection between ecclesial and civil life have encouraged several generations of Christian theologians and ministers The essays in this collection touch on key topics in which Turner has been involved cross cultural missions social relations in terms of family and procreation ecclesiology scriptural interpretation the nature of the public good and the character of a human life before God Turner has been a pioneer within the Anglican world especially in promoting what has been called a generous orthodoxy and these essays by prominent theologians from America and the United Kingdom extend his witness in lively and fruitful ways

New Approaches in History and Theology to Same-Sex Love and Desire Mark D. Chapman, Dominic Janes, 2018-02-15 This book offers a range of interdisciplinary evaluations of the history of same sex relationships in the Church as they have been understood in different periods and contexts The relationships between diverse forms of religious and sexual identities have been widely contested in the media since the rise of the lesbian and gay liberation movement in the 1970s One of the key images that often appears in public debate is that of lesbians and gays in the Church as a significant problem Research over the past forty years or so into queer theology and the history of same sex desire has shown

that such issues have played an important role in the story of Christianity over many centuries The contributors to this volume have all been inspired by the challenges of such revisionist study to explore religion and same sex desire as a field of opportunity for investigation and debate They uncover some of the hidden histories of the Church and its theologies they tell sometimes unexpected stories many of which invite serious further study It is quite clear through history that some in the churches have been at the vanguard of legislative and social change Similarly some churches have offered safe queer spaces Overall these essays offer new interpretations and original research into the history of sexuality that helps inform the contemporary debate in the churches as well as in the academy

'Behind' the Text: History and Biblical

Interpretation Zondervan, 2011-04-19 Christianity believes in a God who acts in history The Bible tells us the story of God's actions in Israel culminating in the ministry of Jesus of Nazareth and the spreading of the gospel from Jerusalem to Rome The issue of history is thus unavoidable when it comes to reading the Bible Volume 4 of the Scripture and Hermeneutics Series looks at how history has dominated biblical studies under the guise of historical criticism This book explores ways in which different views of history influence interpretation It considers the implications of a theology of history for biblical exegesis and in several case studies it relates these insights to particular texts Few topics are more central to the task of biblical interpretation than history and few books open up the subject in so illuminating and thought provoking a manner as this splendid collection of essays and responses Hugh Williamson Regius Professor of Hebrew University of Oxford England breaks new ground in its interdisciplinary examination of the methodology presuppositions practices and purposes of biblical hermeneutics with a special emphasis on the relation of faith and history Eleonore Stump Robert J Henle Professor of Philosophy Saint Louis University United States This volume holds great promise for the full fledged academic recovery of the Bible as Scripture It embodies an unusual combination of world class scholarship historic Christian orthodoxy bold challenges to conventional wisdom and the launching of fresh new ideas Al Wolters Professor of Religion and Theology Redeemer University College Ontario Canada The essays presented here respect the need and fruitfulness of a critical historiography while beginning the much needed process of correcting the philosophical tenets underlying much modern and postmodern biblical research The result is a book that mediates a faith understanding both theoretical and practical of how to read the Bible authentically as a Christian today Francis Martin Chair Catholic Jewish Theological Studies John Paul II Cultural Center Washington D C Not only is history central to the biblical story but from a Christian perspective history revolves around Jesus Christ All roads of human activity before Christ lead up to him and all roads after Christ connect with him A concern with history and God's action in it is a central characteristic of the Bible The Bible furnishes us with an account of God's interactions with people and with the nation of Israel that stretches down the timeline from creation to the early church It tells us of real men women and children real circumstances and events real cultures places languages and worldviews And it shows us God at work in human affairs revealing his character and heart through his activities Behind the

Text examines the correlation between history and the Bible For the scholar student and informed reader of the Bible this volume highlights the importance of history for biblical interpretation and looks at how history has and should influence interpretation

On Being Christian and Human Todd H. Speidell, 2002-04-17 In the tradition of Karl Barth T F and J B Torrance and Ray Anderson this collection of essays articulates a theology of ministry based on the humanity of Christ A Christian theology of ministry it insists can be nothing less than a theology for humanity

Pacific Well-Being Jione Havea, 2024-03-29 This book makes space 1 for Pasifika contributions to academic conversations on critical topics and 2 for influencing the conversations to account for and thus reflect Pasifika ways and modes The critical topic that runs through the chapters is well being and the contributors were located at the time of writing in Pasifika Aotearoa Fiji Kioa Kiribati Samoa Tonga and Tuvalu but there are many more Pasifika voices and concerns than are represented in this work Nonetheless the ways in which this work seeks to influence the conversations on well being reflect the intersectional modes of thinking that native Pasifika Islanders share The essays are placed into three intersecting clusters well being of bodies and is lands well being of traditions and theologies and well being of imaginations and worldviews The rationale for this arrangement is that the well being of Pasifika requires attention to the present bodies and islands to the past traditions and theologies and to the future imaginations and worldviews The chapters address Pasifika questions and concerns and they are placed so that the conversations they spark can take place free of the traps of Western theories and disciplines with Pasifika accents and rhythms

Church and Civil Society Sue Leppert, Francis Sullivan, 2004 This collection of essays examines the relationship between theology church state politics and civil society

A War of Loves David Bennett, 2018-11-13 At 14 David Bennett came out to his parents At 19 he encountered Jesus Christ At that moment his life changed forever As a young gay man David Bennett saw Christianity as an enemy to freedom for LGBTQI people and his early experiences with prejudice and homophobia led him to become a gay activist But when Jesus came into his life in a highly unexpected way he was led down a path he never would have predicted or imagined In *A War of Loves* David recounts his dramatic story from his early years exploring new age religions and French existentialism to his university experiences as an activist Following supernatural encounters with God he embarked on a journey not only of seeking to reconcile his faith and sexuality but also of discovering the higher call of Jesus Christ *A War of Loves* investigates what the Bible teaches about sexuality and demonstrates the profligate unqualified grace of God for all people David describes the joy and intimacy he found in following Jesus Christ and how love has taken on a radically new and far richer meaning for him

The Quest for Paul's Gospel Douglas Campbell, 2005-03-01 Douglas Campbell gives a clear account of why much current description of

Paul's theology and of his gospel and of his theory of salvation is so confused. After outlining the difficulties underlying much of the current debate, he lays out some basic options that will greatly clarify the debate. He then engages with these options and shows how one offers far more promise than the others, sketching out some of its initial applications. Campbell then shows in more detail how another option, the main alternative and the main culprit in terms of many of our difficulties, can be circumvented textually in a responsible fashion. That is, we see how we could remove this option from Paul's text exegetically and so reach greater clarity. Finally, he concludes with a road map of where future more detailed research into Paul needs to go if the foregoing strategy is to be carried out thoroughly. Campbell believes that by utilising this strategy, Paul's gospel will be shown to be both cogent and constructive. This is volume 274 in the Journal for the Study of the New Testament Supplement series.
