information in a practical setting     Raising Good Children Thomas Lickona, 2012-05-02 Raising decent caring and responsible children is the most complex and challenging job in every parent's life and an increasingly difficult one in today's society. Here is the most authoritative book available on this crucial subject: a valuable and sensitive guide for parents who want their children to grow up with lifelong positive values. Based on fascinating research, this groundbreaking work by psychologist and educator Dr. Thomas Lickona describes the predictable stages of moral development from birth to adulthood. And it offers you down-to-earth advice and guidance for each stage: Seven caring ways to discipline terrible twos; Why your preschooler lies and how to handle it; What to do about a four-year-old's back talk; How to handle your seven-year-old's endless negotiations about what's fair; Why teens have trouble with peer pressure and how to help them; How to talk to your child about drugs, drinking, and sex; How to help children of any age reason more clearly about what's right and wrong. PLUS A list of more than one hundred children's books that teach moral values and much more. An excellent book on a vastly neglected aspect of raising children. Dr. Fitzhugh Dodson, author of *How to Parent How to Father*. We have been waiting for a book like this for a long time: a readable work that translates a moral development into parents' language and experience. Dolores Curran, author of *Traits of a Healthy Family*. Truly integrates a moral development theory into a consistent approach to childrearing. Word-of-mouth recommendations from parent to parent may lift it to the level of popularity once held by Dr. Spock's book on child care. Moral Education Forum     **What Does it Mean to be Two?** Jennie Lindon, 2012-06-25 What Does It Mean To Be Two from child psychologist Jennie Lindon will give you the tools you need to ensure that your work with children, whether in a school nursery or home setting, is relevant to their individual stages of development. This book looks at the six areas of learning in the EYFS and focusses on what each area means for two-year-olds. Each area of development is backed up with examples of how real children learn what good practice looks like and working in partnership with parents. A must-have for anyone working with two-year-olds     Journal of Education, 1900     **Great Books for Babies and Toddlers** Kathleen Odean, 2008-12-18 The ideal time to begin sharing books with children is during babyhood, even with children as young as six weeks. Starting Out Right, National Research Council. All parents hope to give their children the best possible start in life. Many of them know it's a good idea to read to their children at a very young age, not with the goal of teaching their kids to read, but with the joy of having special time together looking at pictures and playing with words. Carefully chosen books that introduce children to the pleasures of language: simple story structure and wonderful artwork are the foundation for a future love of books. *Great Books for Babies and Toddlers* is the first book of its kind: a guide to the best age-appropriate children's books available. Compiled by Kathleen Odean, former Chair of the Newbery Award Committee. *Great Books for Babies and Toddlers* provides lively annotations for more than five hundred books, divided into two helpful categories: Nursery Rhymes, Fingerplays, and Songs; and Picture Story Books for the Very Young. With story selections ranging from such classics of children's literature as *Goodnight Moon* and *Where's Spot?* to excellent new books like *How Does a Dinosaur Say Good*

Night and Buzz Great Books for Babies and Toddlers will be more than a cherished guide for parents it will also be a child's first step in the lifelong adventure of reading      **Bible Story QuickSkits for 2 Kids** Steven James, 2008-11 Each skit retells a Bible story in a fun and creative way using only two students The four types of QuickSkits included here are Tandem storytelling Storymime Interview and Sports Announcer
