Wittebols, 2003-06-19 It has been said that M A S H was a show set in the 1950s which reflected the shifting values of the 1970s and early 1980s Hawkeye Pierce Radar O Reilly Trapper John McIntyre Sherman Potter Margaret Hot Lips Houlihan B J Hunnicutt Frank Burns Charles Emerson Winchester Max Klinger these and the many other characters who populated the MASH 4077 used the Korean War as a backdrop to comment on many of the social issues of their day Using a unique blend of comedy and drama the show's first three seasons 1972 1975 focused on the anti Vietnam War sentiment that consumed much of America As Vietnam ended M A S H moved on to concentrate on other contemporary issues the women's movement the rise of the religious right in American politics the new narcissism that marked the early 1980s the heightened awareness of underage or excessive alcohol use and the increased emphasis on family in American life How the series presented these issues and its success in doing so are the subjects of this critical study An episode listing brief plot outline casts and credits air dates and titles is also provided **The Merthyr Rising** Gwyn A. Williams, 2021-09-05 This book first published in 1978 examines the independent political action by the thousands of working people in the town of Merthyr Tydfil Wales After a mass rally on the hills above the town thousands of workers under a red flag broke into insurrection a detachment of Argyll and Sutherland Highlanders marched into the town to restore order The rebels repulsed the soldiers and held the town with at least two dozen workers killed Within weeks of the Rising trade unions began to appear in South Wales and this book argues that these events were central to the emergence of a Welsh working class Barack Obama John K. Wilson, 2016-01-08 Barack Obama is quickly becoming America's most popular politician and his run for the presidency has brought huge crowds at home and an unprecedented wave of international attention as well Much more than a biography this book is a political tour of Obama's legislative experience as well as his ideas about race religion and politics Political writer John K Wilson author of four previous books including a study of Newt Gingrich explores the reaction Obama has received from the left the right and the

media As the first presidential candidate from Generation X Obama has generated an exciting movement of young people to support his campaign as he defines a new kind of broadly popular progressive politics As improbable as such a quest may be this fresh new candidate may be just the right one to bridge not only generations but ideologies that often divide Amid all the hype surrounding Obama this book provides the first in depth look at what he believes what he represents and how he might transform American politics
