Morgantina Studies:

Morgantina Studies: The coins, 1981 **Morgantina Studies, Volume I** Malcolm Bell, 2014-07-14 The author considers the Morgantina terracottas as representatives of one of the liveliest traditions of the Greek minor arts and thus he examines questions of stylistic development and influence workshop traditions and technique Originally published in 1982 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Morgantina Studies: The terracottas*, 1981 **Morgantina Studies, Volume VI** Shelley C. Stone, 2015-01-25 Excavation of the ancient city of Morgantina in southeastern Sicily since 1955 has recovered an extraordinary quantity and variety of pottery both locally made and imported This volume presents the fine ware pottery dating between the second half of the fourth century BCE when Morgantina was a thriving inland center closely tied to the Hellenistic east through Syracuse and the first half of the first century CE when Morgantina had been reduced to a dwindling Roman provincial town that would soon be abandoned Bearing gloss and often paint or relief these fine ceramics were mostly tableware and together they provide a well defined picture of the evolving material culture of an important urban site over several centuries And since virtually all these vessels come from dated deposits this volume provides wide ranging contributions to the chronology of Hellenistic and early Roman pottery An introductory chapter sketches out a comprehensive history of the city discusses the many well dated archaeological deposits that contained the excavated pottery and defines the major fabrics of the ceramics found at the site The bulk of the volume consists of a scholarly presentation of more than 1 500 pottery vessels analyzing their shapes fabrics chronology decoration and techniques of fabrication This rich ceramic material includes significant bodies of Republican black gloss and red gloss vases Sicilian polychrome ware and Eastern Sigillata A as well as early Italian terra sigillata with numerous examples imported from Arezzo and other Italian centers along with regional versions from Campania and elsewhere on Sicily The relief ware includes important groups of third century BCE medallion cups and hemispherical moldmade cups of the second and first centuries BCE Morgantina was also an active center of pottery production and the debris from several workshops has been recovered enabling Shelley Stone to reconstruct the working techniques and materials of the local craftsmen the range of ceramics they produced and how their products were influenced by pottery imported to the site from elsewhere on Sicily the Italian mainland and even more distant centers The volume also presents new information about the sources of the clay used by the Morgantina potters as revealed by X ray fluorescence analysis of selected vases *Morgantina studies* Malcolm Bell, Christopher Moss, **Morgantina Studies, Volume IV** Robert Leighton, 2014-07-14 Excavations conducted at Morgantina by Princeton

University and the University of Illinois have revealed substantial Iron Age remains beneath the Greek town on the Cittadella hilltop In this volume Robert Leighton presents a full study of this extensive protohistoric settlement in Sicily The broad scope of evidence particularly the survival of long houses and tombs with much of their structures and contents preserved permits an unusually thorough examination of indigenous cultural traditions prior to the foundation of the Greek town in the Archaic period An illustrated catalogue of the finds presents more than 700 artifacts from the site most of which are previously unpublished The author discusses all the excavated protohistoric areas in detail and presents a full range of maps plans excavation photographs reconstruction drawings and radiocarbon dates The diverse body of finds includes a wide variety of pottery forms as well as tools and ornaments of both metal and stone that document local crafts metallurgy and numerous aspects of daily life In studying these objects Leighton draws on parallels with material from the Italian peninsula and considers the evidence of the historical sources revealing links between Sicily and Italy in the protohistoric period Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Morgantina Studies, Volume II Theodore V.

Buttrey, Kenan T. Erim, Thomas D. Groves, R. Ross Holloway, 2019-08-06 This volume continues documenting the well known excavations at Morgantina a Greek town in central Sicily in a presentation of the largest body of coins ever unearthed at an Italian site and published as a group The excavations conducted by Princeton University The University of Illinois and The University of Virginia between 1955 and 1981 produced nearly 10 000 identifiable coins most of them at of Sicilian Greek and Roman issues struck before the end of the first century B C The numismatic evidence not only made possible the initial identification of the site as Morgantina but has subsequently opened the way to reconstructing the history of early Roman Republican coinage and the bronze coinage of Greek Sicily The catalogue presents a full list of the coins found at Morgantina through the 1981 season with discussion of significant issues and illustrations of 679 specimens A completed corpus and study of the coins struck at Morgantina is also included Theodore V Buttrey is Professor Emeritus of Classical Studies at the University of Michigan Kenan T Erim is Professor of Classical Archaeology at New York University Thomas D Groves is a graduate student in the Department of Classical Archaeology at Princeton University R Ross Holloway is Professor of Classical Archaeology at Brown University Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly
