Encyclopedia of Cults and New Religions John Ankerberg, John Weldon, 1999 Brief synopses of more than 30 influential groups including the Integral Yoga Institute Tibetan Buddhism and the Human Potential movement are also covered Each major group is contrasted with traditional biblical teachings for easy comparison and study Straightforward organization and clearly marked sections make this book easy to use Other helpful features include brief summaries of basic tenants and sources of authority helpful charts for quick reference an in depth doctrinal appendix for further study BACK COVER The End of Democracy and Faith Sean Wallace, 2016-03-15 We are born into an automatic social contract democracy that we never consent to While seemingly championing the individual and the value of individual choice democracy ultimately degenerates into collectivism and mob rule Coupled with a reified religious mythology widespread economic and market collapse and deep political corruption the individual is lost within a democracy to the collective majority However can a just viable form of governance and society exist without the coercion of democracy The End of Democracy and Faith presents an alternative vision that wrests the value of individual choice from mob rule and restores the consent and supremacy of the individual in the social contract Eschewing faith and hope instead for a movement toward building bonds with our fellow men and women and for taking the reins and helping each other save our future it explores the connections between our morality identity history philosophy and economy And with the introduction of the concept of the voluntary state it offers a philosophical foundation in support of using freedom instead of coercion to handle our responsibilities regarding our own income retirement health care and way of life The promises of democracy and any

individualism inherent to the founding of the nation have been largely replaced by a perilous disenfranchising collectivism Pursuing an alternative social reality one that can truly enable free markets overcome religious myth and restore individual choice represents a true challenge to the moral depravity of democracy and faith There are certain elements holding back our economy the author asserts though economists rarely make mention of them due to their status as societal sacred cows His arguments against democracy are the most engaging sections of the book in part because such cases are so infrequently made Kirkus Reviews **True Latter-Day Saints' Herald** ,1905 The family magazine of the Reorganized Church of Jesus Christ of Latter Day Saints *The Maze of Mormonism* Walter Martin,1962 This work is designed primarily to be a concise handbook on Mormon history and theology for Christian workers and one which by necessity includes a systematic apologetic in defense of the historic Christian faith Preface Mormons Repen T. OrBurn,2015-12 While Christian denominations world wide have been slipping into apathy worldliness and Biblical illiteracy the cult of Mormonism has been able to preach its satanic doctrines throughout the world deceiving countless souls in the process It s time for true men women and even children of God to stand against the heresies being taught by the Mormons and contend for the true Christian faith Mormons The Serpent s Saints will teach you how to do just that Learn about Joseph Smith s witchcraft and devil worship Brigham Young s murderous teachings False prophecies historical errors in the Mormon scriptures And much more Understand the truth that just as Christians are followers of Jesus Christ of Nazareth and Lutherans are followers of the teachings of Martin Luther Mormons are in fact followers of Mormo the king of devils or none other than Satan himself Learn the truth about the satanic cult of Mormonism and its false prophets before someone you know is converted to the soul damning doctrines of Mormonism **"In the Cult Kingdom"** John Elward Brown,1918 **Misguided By Mormonism But Redeemed By God's Grace** Christina R Darlington,2019-06-02 Have you ever considered sharing your Biblical Christian faith with a member of the Church of Jesus Christ of Latter day Saints also known as the Mormon Church Within the past few years the basic relationship between the Mormon and the Christian has changed forever For the first time in the history of the Mormon Church authentic and realistic Mormon doctrine and history are now available to you through the Mormon Church s official website As director of a ministry to Mormons I speak from personal experience and I and our ministry team desire to help guide you in bringing the Mormon people to an accurate knowledge of Mormon doctrine and their church s history of deception so that Mormons can come to know Jesus Christ in simplicity and truth as He is taught in the Bible Learn how to use the Mormon Church s official website and scriptures to present the differences between Mormonism and Biblical Christianity to your Mormon LDS loved ones **The Mormon Cult** Jack B. Worthy,2008-04-01 Scrutinizing the experience of growing up Mormon this personal narrative tells the story of one man s disillusionment with his faith and subsequent excommunication from the Church This account reveals what is posited as inherent racism and sexism within the church and seeks to expose the controlling methods of indoctrination and the harsh process of excommunication The basic tenets of the

religion are explained personal stories and analyses are shared and church authorities are cited to support the claims of extreme gender and racial discrimination From unknowing follower to angry rebel and finally to a content worldly man this book recounts the experience of a survivor who feels the duty to explain his truth

The Viper on the Hearth Terryl Givens, 1997-01-30 Nineteenth century American writers frequently cast the Mormon as a stock villain in such fictional genres as mysteries westerns and popular romances The Mormons were depicted as a violent and perverse people the viper on the hearth who sought to violate the domestic sphere of the mainstream While other critics

have mined the socio political sources of anti Mormonism Givens is the first to reveal how popular fiction in its attempt to deal with the sources and nature of this conflict constructed an image of the Mormon as a religious and social Other

Mormonism Refuted in the Light of Scripture and History John Larsen, 2015-07-11 Excerpt from Mormonism Refuted in the Light of Scripture and History A Testimony to the Historical Church Hundreds of Mormon missionaries are at this time spread over all the United States Nor are they without success in gathering recruits Not only in Utah but in parts of Idaho Wyoming and Arizona there is a large Mormon population with preponderant control At this writing a polygamous Mormon is endeavoring to gain admittance to Congress The Mormon question is evidently a living question Pastors of all denominations are asking how they may meet the arguments which are being pressed upon their parishioners Many laymen are perplexed over the plausible tenets of the Mormon faith as presented by its ubiquitous missionaries There is therefore an urgent need of a clear presentation of the matter by one who by experience and ability is fitted for the task Such a man I conceive the author of this volume to be As the reader is entitled to know something of the man who has penned the following pages I cheerfully commend him as a gentleman of earnest piety and the fact of being a communicant member of an orthodox church rather than a free lance will not lessen the weight of his message That Mormonism in its conception of God is essentially pantheistic will be a revelation to many and the contrasts drawn between the Mormon and the historical Church gives the reader the best and most helpful point of view In brief the book is deserving of its title Mormonism Refuted and it gives me much pleasure to commend it May God make the publication useful in the promulgation of the truth About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Truth about Mormonism** Hugh F.
