Mormonism And Its Masonic Roots:

Mormonism and Its Masonic Roots S. H. Goodwin, 2013-10 This is a new release of the original 1924 edition

Method Infinite: Freemasonry and the Mormon Restoration Cheryl L. Bruno, Joe Steve Swick III, Nicholas S.

Literski, 2022-08-09 While no one thing can entirely explain the rise of The Church of Jesus Christ of Latter day Saints the historical influence of Freemasonry on this religious tradition cannot be refuted Those who study Mormonism have been aware of the impact that Freemasonry had on the founding prophet Joseph Smith during the Nauvoo period but his involvement in Freemasonry was arguably earlier and broader than many modern historians have admitted The fact that the most obvious vestiges of Freemasonry are evident only in the more esoteric aspects of the Mormon faith has made it difficult to recognize let alone fully grasp the relevant issues Even those with both Mormon and Masonic experience may not be versed in the nineteenth century versions of Masonry s rituals legends and practices Without this specialized background it is easy to miss the Masonic significance of numerous early Mormon ordinances scripture and doctrines Method Infinite Freemasonry and the Mormon Restoration offers a fresh perspective on the Masonic thread present in Mormonism from its earliest days Smith s firsthand knowledge of and experience with both Masonry and anti Masonic currents contributed to the theology structure culture tradition history literature and ritual of the religion he founded

Mormonism 2010 Handbook on Mormonism , Freemasonry Threaded Through Mormonism Jay M. Hawkinson, 2014-03-10 Freemasonry in AMERICA was torpedoed by one man in 1826 Then Freemasonry in AMERICA all but died Mormonism was born as a new religion in 1830 seemingly from the ashes of Freemasonry As it turned out Freemasonry unknowingly provided inspiration and direction for Mormonism to develop and grow The secretive fraternity of Freemasonry and the secretive religion of Mormonism grew using the same tenants The world now benefits from the growth and services of both organizations

Joseph Smith and the Origins of The Book of Mormon, 2d ed. David Persuitte, 2010-07-27 Just as a growing interest in millennialism at the turn of this century has rejuvenated religious debate and questions concerning the fate of the world so did Mormonism develop from millennial enthusiasm early in the nineteenth century Joseph Smith the founder of Mormonism and a provocative even controversial figure in history declared that he had been given the authority to restore the true church in the latter days The primary source of Smith s latter day revelation is The Book of Mormon and to fully understand his role as the founder of the Mormon faith one must also understand The Book of Mormon and how it came to be Unfortunately the literature about Joseph Smith and The Book of Mormon is permeated with contradiction and controversy In the first edition of this impressive work David Persuitte provided a significant amount of revealing biographical information about Smith that resolved many of the controversies concerning his character He also presented an extensive comparative analysis positing that the probable conceptual source for The Book of Mormon was a book entitled View of the Hebrews or the Tribes of Israel in America which was written by an early New England minister named Ethan Smith Now in an expanded

and revised second edition incorporating many new findings relating to the origin of The Book of Mormon Mr Persuitte's book continues to shed much new light on the path Joseph Smith took toward founding the Church of Jesus Christ of Latter day Saints

The Mormon Contradiction: Marcia Van Outen, 2011-07-11 In the early 1820s a young boy named Joseph Smith claimed that God the Father and Jesus Christ appeared to him and told him to found a new church Thus began Mormonism a faith that has grown to thirteen million members worldwide The Mormon Contradiction In Their Own Words offers the reader an insight into what the Mormon Church is really all about including Where the Book of Mormon really came from Joseph Smith's personal history and use of Occultism and Freemasonry The original accounts of what happened to Smith's apostles during visions as related by them The Masonic and Occult roots of Mormon Temple ceremonies and oaths including the use of Occult symbols in the architecture of the Salt Lake Temple The Book of Abraham proven to be a fabrication Who The Danites were The original versions of LDS revelations including the doctrine of polygamy and the Manifesto DNA evidence proving the Book of Mormon's history of Native Americans to be false Linguistic and anthropological studies proving there was no migration of Jews to the New World

The Mormon Murders Steven Naifeh, Gregory White Smith, 2015-06-09 On October 15 1985 two pipe bombs shook the calm of Salt Lake City Utah killing two people The only link both victims belonged to the Mormon Church The next day a third bomb was detonated in the parked car of church going family man Mark Hoffman Incredibly he survived It wasn't until authorities questioned the strangely evasive Hoffman that another more shocking link between the victims emerged It was the appearance of an alleged historic document that challenged the very bedrock of Mormon teaching questioned the legitimacy of its founder and threatened to disillusion millions of its faithful unless the Mormon hierarchy buried the evidence

The Mormon Delusion. Volume 3. Discarded Doctrines and Nonsense Revelations. Jim Whitefield, 2012-10-01 This is the third in a series of books exposing the truth behind Mormonism In this volume we review doctrines that have been discarded To early Mormons Adam was God and blood atonement was a stark reality These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets Today the Church denies they even existed The origin of the Mormon temple ceremony is established and explained An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual claiming they were restored from the time of Solomon The psychology of a Mormon testimony is explored and explained Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking Visit www.themormondelusion.com for further information on this and other volumes

So Say We All Richard Hatch, 2006-09-10 The science fiction television series Battlestar Galactica is known for raising thought provoking questions concerning martial law artificial intelligence power and corruption and ultimately what it means to be human What ethical complexities come into play when one mistake could mean the annihilation of the human race How do you maintain

faith in the Gods when you re involved in an Armageddon of your own creation What is the distinction between a terrorist and a freedom fighter These questions are given an intelligent and insightful examination in this engaging collection of essays **Jehovah's Witnesses & the False Teachings of the Watchtower Society** Billy Crone, **Handbook of**

Freemasonry, 2014-06-12 Freemasonry is the largest oldest and most influential secret society in the world The Brill Handbook of Freemasonry is a pioneering work that brings together for the first time leading scholars on Freemasonry The first section covers historical perspectives such as the origins and early history of Freemasonry The second deals with the relationship between Freemasonry and specific religious traditions such as the Catholic Church Judaism and Islam In the third section organisational themes such as the use of rituals are explored while the fourth section deals with issues related to society and politics women blacks colonialism nationalism and war The fifth and final section is devoted to Freemasonry and culture including music literature modern art architecture and material culture *Cryptoscatology* Robert

Guffey, 2012-06-01 Examining nearly every conspiracy theory in the public s consciousness today this investigation seeks to link seemingly unrelated theories through a cultural studies perspective While looking at conspiracy theories that range from the moon landing and JFK s assassination to the Oklahoma City bombing and Freemasonry this reconstruction reveals newly discovered connections between wide swaths of events Linking Dracula to George W Bush UFOs to strawberry ice cream and Jesus Christ to robots from outer space this is truly an all original discussion of popular conspiracy theories **Mormon**

Crises James A Beverley, 2013-03-12 Mitt Romney s run for President of the United States and the recent success of the Broadway play Book of Mormon has created enormous interest in the Church of Jesus Christ of Latter day Saints In spite of enormous media focus during this so called Mormon Moment coverage has been often shallow and misleading even from the LDS Church Few reporters dug deep enough to deal with the evidence that the Mormon Church is in a deep crisis not only because of members leaving but because of increasing proof of lies fraud false teaching and criminality at the start of Mormonism In Mormon Crisis Jim Beverley deals with major issues about Joseph Smith the first LDS prophet He provides a sustained critique of Mormon Scripture examines flaws in the LDS understanding of Church leadership and probes unique doctrines and practices including the secret temple ceremonies The book offers a serious indictment of the LDS belief system but also presents a way out of the current crisis facing one of America s most famous and controversial religions

Equal Rites Clyde R. Forsberg, 2004 Both the Prophet Joseph Smith and his Book of Mormon have been characterized as ardently indeed evangelically anti Masonic Yet in this sweeping social cultural and religious history of nineteenth century Mormonism and its milieu Clyde Forsberg argues that masonry like evangelical Christianity was an essential component of Smith s vision Smith s ability to imaginatively conjoin the two into a powerful and evocative defense of Christian or Primitive Freemasonry was Forsberg shows more than anything else responsible for the meteoric rise of Mormonism in the nineteenth century This was to have significant repercussions for the development of Mormonism particularly in the articulation of specifically Mormon gender roles Mormonism s unique contribution to the Masonic tradition was its inclusion of women as active and equal participants in Masonic rituals Early Mormon dreams of empire in the Book of Mormon were motivated by a strong desire to end social and racial discord lest the country fall into the grips of civil war Forsberg demonstrates that by seeking to bring women into previously male exclusive ceremonies Mormonism offered an alternative to the male dominated sphere of the Master Mason By taking a median and mediating position between Masonry and Evangelicism Mormonism positioned itself as a religion of the people going on to become a world religion But the original intent of the Book of Mormon gave way as Mormonism moved west and the temple and polygamy indeed the quest for empire became more prevalent The murder of Smith by Masonic vigilantes and the move to Utah coincided with a new imperialism and a new polygamy Forsberg argues that Masonic artifacts from Smith s life reveal important clues to the precise nature of his early Masonic thought that include no less than a vision of redemption and racial concord
