Inside you'll find real-life conversations that give you helpful ideas for what to say in your discussions, contrast points between Mormonism and Christianity that illuminate God's truth, biblical apologetics that allow you to minister to former LDS members wounded by their experience with the Church. They quote Bible verses to support their counterfeit gospel. The DOORSTEP BIBLE Answering Mormons and Jehovah's Witnesses features footnotes explaining how Mormons and Jehovah's Witnesses twist the Scriptures and how to answer them.

on each point DAVID A REED served for a decade as a contributing editor of Dr Walter Martin's Christian Research Journal and has authored some twenty books on Bible topics including a dozen on Jehovah's Witnesses and Mormons His most popular on these two sects are Mormons Answered Verse by Verse Baker Book House and Jehovah's Witnesses Answered Verse by Verse Baker Book House Also published in French Spanish Portuguese Polish Romanian Faroese and partially in Arabic The DOORSTEP BIBLE Answering Mormons and Jehovah's Witnesses features a modern Bible translation with notes explaining the verses that Mormons and JW's love to quote out of context along with notes on other verses they hate to look at because the plain reading of Scripture proves their interpretations wrong The DOORSTEP BIBLE features the text of The Original Bible for Modern Readers TOB The TOB Bible version renders the divine name as Jehovah where the Hebrew name for God the Tetragrammaton occurs in the original manuscripts which is especially useful in responding to both Mormons and Jehovah's Witnesses A comparison with the JW New World Translation exposes the presumptuousness of JW translators who inappropriately added Jehovah where it does not appear in the original manuscripts such as at Romans 14:8 for example Moreover the appearance of the expression Jehovah God throughout the Old Testament disproves polytheistic Mormon claims that the name Jehovah and the title God Hebrew Elohim refer to two different Gods in their pantheon See the footnotes at Genesis 2:4 and Deuteronomy 6:4 Mormons and Jehovah's Witnesses are quite different theologically but quite similar in a number of other ways Theologically Mormons view the Father Son and Holy Ghost as three different gods believe that God the Father was once a man and believe that their church members will someday become gods too while JW's believe that the Father is God alone the Son is merely the first angel God created and the holy spirit which they do not capitalize is neither God nor a person but just a force that God uses to get things done However the two sects are very similar in a number of ways Both view theirs as the only true Church the restoration of true Christianity and all other churches as apostate false religions Both originated in the western New York Pennsylvania area of America during the 1800s Both send members door to door recruiting new members and spreading their message to your doorstep Both have produced their own Bible translations with key verses modified or added to fit their unique teachings Both give lip service to the Bible but actually put other publications above the Bible as their guide to belief and practice And most seriously both put members into an Old Testament style supposed relationship with God through an organizational hierarchy rather than a New Testament style personal relationship with God through the risen Christ Both sects usurp the role of Jesus as Lord Savior and Mediator by putting their organizational hierarchy in that role instead requiring obedience to the organization so it becomes their Lord making salvation dependent upon the organization so it becomes their Savior and placing the organization in the position of Mediator acting as God's spokesman or mouthpiece on earth today This volume will help you contend earnestly for the faith which was once for all delivered to the saints Jude 1:3 TOB [Danites Research Secret Mormon Killers](#) , **The Main LDS Books** William Alexander Linn, John Taylor, Joseph Fielding Smith, Wilford Woodruff, B. The Mormon Delusion. Volume 3. Discarded Doctrines and Nonsense Revelations. Jim Whitefield, 2012-10-01 This is the third in a series of books exposing the truth behind Mormonism In this volume we review doctrines that have been discarded To early Mormons Adam was God and blood atonement was a stark reality These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets Today the Church denies they even existed The origin of the Mormon temple ceremony is established and explained An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual claiming they were restored from the time of Solomon The psychology of a Mormon testimony is explored and explained Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking Visit www.themormondelusion.com for further information on this and other volumes

VOLUME II THE CREATION OF MORMONISM: JOSEPH SMITH JR. IN THE 1820S

JOHN J HAMMOND, 2011-07-27 This is Volume II of an epic multi volume work entitled The Quest for the New Jerusalem A Mormon Generational Saga which combines family Mormon and American history focusing upon how the author s ancestors were affected by their conversion to the Mormon religion In Volume I four of the author s ancestral families the Carters Hammonds Knowltons and Spencer s and the ancestors of Mormon Church founders Joseph Smith and Brigham Young are followed from the time they enter the Massachusetts Bay Colony in New England in the 1600s down to the early 1800s Their private lives are described as well as how they are affected by such events and situations as King Philip s War the Salem Witch Trials the institution of black slavery the French and Indian War and the American Revolution Toward the end of Volume I the focus is upon Joseph Smith and his family including their move from Vermont to western New York their religious and magic world views the latter involving astrology ritual magic and treasure seer and treasure digging activities Volume II takes up the narrative at about the year 1820 and involves a detailed comprehensive and critical look at the events in the life of Joseph Smith Jr during the decade in which he purportedly was visited by numerous heavenly messengers received the golden plates translated the writing on the plates to produce the Book of Mormon received priesthood authority from other heavenly messengers published the Book of Mormon and organized the Mormon LDS Church Making use of the most recent historical research the author tackles the controversial issues surrounding the First Vision the supposed appearance to Joseph Jr of God the Father and his Son Jesus Christ in 1820 the Second Vision 1823 to 1827 which produced the Book of Mormon and the Third Vision late 1820s or early 1830s which involved the restoration of priesthood authority The author looks at original sources documents and also compares the perspectives of major loyal Mormon non Mormon and

ex Mormon scholars on these controversial questions There is a discussion of the serious lack of congruence between how Joseph Smith Jr described these events officially after 1837 and what was being said by the Smith family their neighbors early Mormon converts and by newspaper accounts during the 1820s and early 1830s There is for example no mention of a First Vision for at least twelve years after it supposedly occurred and there are several conflicting versions of it by Joseph Jr in the 1830s once he started talking about it Primary focus however is upon what the author collectively calls the Second Vision which purportedly involved multiple visitations by an angel spirit between 1823 and 1827 It was from this heavenly messenger that Joseph Jr obtained golden plates and the Book of Mormon was he maintained a translation by him of the ancient American writings on these plates There is a thorough examination of the complex and contentious issues surrounding the origin of the Book of Mormon and several chapters look closely at the evidence regarding its authenticity the question whether it was written by Joseph Jr or by ancient American prophets scribes The author also thoroughly discusses the testimony in the Book of Mormon of the Three Witnesses and Eight Witnesses and offers an alternative narrative regarding what really transpired with Joseph Jr during the 1820s Later in Volume II several chapters look at how Mormon Church organization went through a significant evolution during its earliest years moving against the American democratic grain toward an increasingly centralized authoritarian structure There is a detailed look at Joseph Jr s claims regarding a restoration of priesthood authority during the late 1820s and early 1830s and the considerable controversy The Voice of the Seventh Angel, Proclaiming the End of Time! the Resurrection of the Dead! the Day of Final Judgment! and the Rule of Righteousness and Peace! James Brighouse, Henry I. Doremus, 1892 **The Voice of the Seventh Angel!** James Brighouse, 1892 **True Latter-Day Saints' Herald**, 1907 The family magazine of the Reorganized Church of Jesus Christ of Latter Day Saints **Transformation of the Mormon Culture Region** Ethan R. Yorgason, 2024-03-18 In this unique study Ethan R Yorgason examines the Mormon culture region of the American West which in the late nineteenth century was characterized by sexual immorality communalism and anti Americanism but is now marked by social conservatism Foregrounding the concept of region Yorgason traces the conformist conservative trajectory that arose from intense moral and ideological clashes between Mormons and non Mormons from 1880 to 1920 Looking through the lenses of regional geography history and cultural studies Yorgason investigates shifting moral orders relating to gender authority economic responsibility and national loyalty community and home life Transformation of the Mormon Culture Region charts how Mormons and non Mormons resolved their cultural contradictions over time by a progressive narrowing of the range of moral positions on gender in favor of Victorian gender relations the economy in favor of individual economics and the nation identifying with national power and might Mormons and non Mormons together constructed a regime of effective coexistence while retaining regional distinctiveness The Mormon Delusion Jim Whitefield, 2009-05-21 An expos of Joseph Smith s fraud which spawned the Mormon Church The Church of Jesus Christ of Latter Day Saints Conclusive evidence that every

aspect of Smith's Church was a hoax and that the modern Mormon LDS Church continues in a conspiracy to deceive rank and file Mormons with lies and suppression of the real historical truth Visit <http://themormondelusion.com> for more information on this and other work
