Morning Song Serenade Serenata Series No 7:

Romancing God Lynn S. Neal, 2006-12-08 In the world of the evangelical romance novel sex and desire are mitigated by an omnipresent third party the divine Thus romance is not just an encounter between lovers but a triangle of affection man woman and God Although this literature is often disparaged by scholars and pastors alike inspirational fiction plays a unique and important role in the religious lives of many evangelical women In an engaging study of why women read evangelical romance novels Lynn S Neal interviews writers and readers of the genre and finds a complex religious piety among ordinary people In evangelical love stories the success of the hero and heroine s romance rests upon their religious choices These fictional religious choices readers report often inspire real spiritual change in their own lives Amidst the demands of daily life or during a challenge to one s faith these books offer a respite from problems and a time for fun but they also provide a means to cultivate piety and to appreciate the unconditional power of God s love The reading of inspirational fiction emerges from and reinforces an evangelical lifestyle Neal argues but women s interpretations of the stories demonstrate the constant negotiations that characterize evangelical living Neal s study of religion in practice highlights evangelicalism s aesthetic sensibility and helps to alter conventional understandings both secular and religious of this prominent subculture
