

A vibrant illustration featuring a bouquet of red roses in a vase, a cup of tea, and a butterfly. The roses are in various stages of bloom, with green leaves interspersed. The cup is white with a red rim and handle, filled with a dark liquid. A small butterfly with orange and black wings is perched on the rim of the cup. The entire scene is set against a white background.

Morning Gift:

The Morning Gift Eva Ibbotson, 2008-09-04 A richly imagined story of unexpected love independence and belonging The Morning Gift is a classic WWII romance from Eva Ibbotson With an introduction from Sarra Manning author of Diary of a Crush Eighteen year old Ruth lives in the sparkling city of Vienna with her family where she delights in its music energy and natural beauty She is wildly in love with the brilliant young pianist Heini Radik and can't wait until they are married But Ruth's world is turned upside down when the Nazis invade Austria and her family are forced to flee to England and through a devastating misunderstanding she is left behind Her only hope to escape Vienna comes from Quin a young English professor who unexpectedly offers her a marriage of convenience to bring her back to London Ruth throws herself into her new life but a secret marriage is more difficult than she expected especially as she and Quin find themselves drawn together I have binged on Eva Ibbotson her elegantly written witty and well observed fables Nigella Lawson The Times Rediscover Eva Ibbotson award winning author of Journey to the River Sea in her sweeping historical romances including The Morning Gift A Song For Summer and The Secret Countess

Morning Gift Ruth Burn, 2022-01-17 This story is a work of historical fiction based on real people and events It describes a troubled royal marriage during the course of one year in AD 675 Mercia and Northumbria have long been at war There is an unexpected romance King Aethelred of Mercia and Osryth of Northumbria decide to marry Aethelred gives Osryth a wedding gift of valuable treasure gleaned from the battlefields of the past She decides in secret to take the treasure along with the remains of her long dead uncle to a shrine in Bardney in Lincolnshire Osryth faces many challenges and setbacks on her long journeys to places such as Whitby Lincoln and later York The loss of the gold silver and jewels causes a rift in her marriage The mystery looks unlikely to be solved Will the treasure ever be found and will the couple ever be reconciled

Planning for Death, 2018-04-24 The volume Planning for Death Wills and Death Related Property Arrangements in Europe 1200 1600 analyses death related property transfers in several European regions England Poland Italy South Tirol and Sweden Laws and customary practice provided a legal framework for all post mortem property devolution However personal preference and varied succession strategies meant that individuals could plan for death by various legal means These individual legal acts could include matrimonial property arrangements marriage contracts morning gifts and legal means of altering heirship by subtracting or adding heirs Wills and testamentary practice are given special attention while the volume also discusses the timing of the legal acts suggesting that while some people made careful and timely arrangements others only reacted to sudden events Contributors are Christian Hagen R H Helmholz Mia Korpiola Anu Lahtinen Marko Lamberg Margareth Lanzinger Janine Maegraith Federica Mas Anthony Musson Tuula Rantala Elsa Trolle nnerfors and Jakub Wysmu ek

Between Betrothal and Bedding Mia Korpiola, 2009 Swedish medieval marriage formation was a process written down in the secular laws However it started to evolve because of the interaction with the medieval Catholic marriage doctrine which focused on mutual words of consent Although first the canon

law of marriage and then Lutheran marriage dogma influenced the Swedish development the perception of marriage as a process consisting of several legal acts and accompanied by property transfers proved remarkably resilient The pragmatic and rural character of Sweden contributed to this despite pressure from canon and Roman law and attempts at bringing marriage formation under ecclesiastical control Marrying by stages was in itself unremarkable in Europe but the legal foundation and formality make medieval and sixteenth century Sweden a unique case study Negotiations of Gender and Property through Legal Regimes (14th-19th Century) ,2021-04-26 This volume explores familial wealth arrangements and gendered property from the fourteenth to the nineteenth centuries in Italian German and Austrian territories including Florence Trento Tyrol and Vienna Nordic countries Western Pyrenees and England Family property as capital in the form of houses land movables financial assets and rights were of great importance in the past Arrangements of such property were characterised by a high degree of negotiating competence but likewise they entailed competition between the parties involved and were highly conflict prone Fifteen contributors from Austria Finland France Germany Italy and the UK address different marital property regimes in relation to the practices and legal regulations of inheritance patterns with consideration to inter familial negotiation conflict and resolution Contributors are Marie Pierre Arrizabalaga Laura Casella Isabelle Chabot Siglinde Clementi Simona Feci Ellinor Forster Andrea Griesebner Christian Hagen Margareth Lanzinger Janine Maegraith Silvia Mattivi Beatrice Moring Craig Muldrew Regina Sch fer and Georg Tschannett **Papers Relative to the Marriage of King James the Sixth of Scotland, with the Princess Anna of Denmark; A.D. M.D.LXXXIX.** James Thomson Gibson Craig,1828 **Publications** Bannatyne Club (Edinburgh, Scotland),1828 The Lombard Laws Katherine Fischer Drew,1973 Here presented for the first time in English are the law codes of the Lombard kings who ruled Italy from the sixth to the eighth centuries The documents afford unparalleled insight into the structure and values of Germanic society

Essays in Anglo-Saxon Law Henry Adams,2004 A collection of essays by four distinguished Harvard professors The Anglo Saxon Courts of Law by Henry Adams The Anglo Saxon Land Law by Henry Cabot Lodge The Anglo Saxon Family Law by Ernest Young and The Anglo Saxon Legal Procedure by J Laurence Laughlin Includes an appendix of select cases in Anglo Saxon law with parallel translations In The Historians of Anglo American Law Holdsworth included this volume in his survey of significant books by American scholars 112 Reprint of the first edition Originally published Boston Little Brown Co 1876

An Etymological Dictionary of the Scottish Language John Jamieson,1808 **Property and Virginit** Agnes Siggerour Arnorsdottir,2010-05-31 Christianity changed the culture and society of Iceland as it also did in other parts of Northern Europe during the twelfth and thirteenth centuries One of the important areas of change involved the introduction of new rules on the legal requirements for marriage Property and Virginit examines Icelandic law codes marriage contracts and other documents related to court proceedings Based on extensive source material never researched before this pioneer study explores the very gradual Christianization of marriage in Iceland It shows that this process which lasted for hundreds of

years had consequences for family and kinship politics for inheritance and property transfer and for gender relations As canon law began to change the old ritual of betrothal the virginal state of the woman entering marriage gained greater importance At the same time marriage in the Late Middle Ages continued to include many elements of its older understanding as a contract concerning property transfer between families A new perception of gender relations also arose whereby women became partners in the actual contract making The handshake was now between the husband and wife instead of between the father of the bride and her future husband The rituals connected to the different bonds gained new meaning marriage was no longer a financial matter alone but also involved religious beliefs and a closer union of the spouses

State and Society in the Early Middle Ages Matthew Innes, 2000-04-24 This book first published in 2000 is a pioneering study of politics and society in the early Middle Ages Whereas it is widely believed that the source materials for early medieval Europe are too sparse to allow sustained study of the workings of social and political relationships on the ground this book focuses on a uniquely well documented area to investigate the basis of power Topics covered include the foundation of monasteries their relationship with the laity and their role as social centres the significance of urbanism the control of land the development of property rights and the organization of states community kinship and lordship justice and dispute settlement the uses of the written word violence and the feud and the development of political structures from the Roman empire to the high Middle Ages

An Etymological Dictionary of the Scottish Language ... To which is Prefixed, a Dissertation of the Origin of the Scottish Language John Jamieson (D.D., of Edinburgh.), 1808 **An Etymological Dictionary of the Scottish Language: Illustrating the Words in Their Different Significations, by Examples from Ancient and Modern Writers; Shewing Their Affinity to Those of Other Languages, and Especially the Northern; Explaining Many Terms, Which, Though Now Obsolete in England, Were Formerly Common to Both Countries; and Elucidating National Rites, Customs, and Institutions, in Their Analogy to Those of Other Nations: to which is Prefixed, a Dissertation on the Origin of the Scottish Language** John Jamieson, 1808 *An Etymological Dictionary of the Scottish Language ... to which is Prefixed, a Dissertation on the Origin of the Scottish Language: by John Jamieson ...*

John Jamieson, 1808 Gender, Law and Material Culture Annette Cremer, 2020-10-26 This interdisciplinary volume discusses the division of the early modern material world into the important legal economic and personal categories of mobile and immobile property possession and the rights to usufruct The chapters describe and compare different modes of acquisition and intergenerational transfer via law and custom The varying perspectives including cultural history legal history social and economic history philosophy and law allow for a more nuanced understanding of the links between the movability of an object and the gender of the person who owned possessed or used it Case studies and examples come from a wide geographical range including Norway England Scotland the Holy Roman Empire Italy Tyrol the Ottoman Empire Greece Romania and the European colonies in Brazil and Jamaica By covering both urban and rural areas and exploring all social

groups from ruling elites to the lower strata of society the chapters offer fresh insight into the division of mobile and immobile property that socially and economically posed disadvantages for women By exploring a broad scope of topics including landownership marriage contracts slaveholding and the dowry this book is an essential resource for both researchers and students of women s history social and economic history and material culture

The Oxford History of the Laws of England Volume II John Hamilton Baker,2003 The Oxford History of the Laws of England provides a detailed survey of the development of English law and its institutions from the earliest times until the twentieth century drawing heavily upon recent research using unpublished materials

Women's Roles in the Middle Ages Sandy Bardsley,2007-06-30 Information about women in this truly fascinating period from 500 to 1500 is in great demand and has been a challenge for historians to uncover Bardsley has mined a wide range of primary sources from noblewomen s writing court rolls chivalric literature laws and legal documents to archeology and artwork This fresh survey provides readers with an excellent understanding of how women high and low fared in terms of religion work family law culture and politics and public life Even though medieval women were divided by social class religion age marital status place and period they were all subject to an overarching patriarchal structure and sometimes could transcend their inferior status Numerous examples of these exceptional women and their words are included Chapter 1 examines religion focusing on women s roles in the early Christian church the lives of nuns and other professional religious women such as anchoresses and Beguines the participation of Christian laywomen and the experiences of Jewish and Islamic women in Western Europe The second chapter examines women s work looking in turn at the kinds of work performed by peasant women townswomen and noblewomen Women s roles within the family form the subject of the third chapter This chapter follows women throughout the typical lifecycle from girl to widow examining the expectations and experiences of women at each stage Chapter 4 Women and the Law focuses on the ways in which laws both restricted and protected women It also considers the crimes with which women were most often charged and surveys laws regarding marriage and widowhood Women s roles in creative arts form the basis of the fifth chapter Women and Culture This chapter examines women s roles as artists authors composers and patrons as well as investigating the ways in which women were represented in works produced by men Finally chapter 6 discusses women s experiences in politics and public life While women as a group were typically banned from holding positions of public authority some found ways to get around this stricture while others were able to exercise power behind the scenes The final chapter thus encapsulates a major theme of this book the interplay between broader patriarchal forces that limited women s status and autonomy and the role of individuals who were able to overcome or circumvent such forces Medieval women were as a group subordinate to their husbands and fathers but certain women under certain circumstances evaded subordination

To Have and to Hold Philip L. Reynolds,John Witte,2007-02-05 This 2007 book analyzes how why and when pre modern Europeans documented their marriages through property deeds marital settlements dotal charters church court

depositions wedding liturgies and other indicia of marital consent The authors consider both the function of documentation in the process of marrying and what the surviving documents say about pre modern marriage and how people in the day understood it Drawing on archival evidence from classical Rome medieval France England Iceland and Ireland and Renaissance Florence Douai and Geneva the volume provides a rich interdisciplinary analysis of the range of marital customs laws and practices in Western Christendom The chapters include freshly translated specimen documents that bring the reader closer to the actual practice of marrying than the normative literature of pre modern theology and canon law

The Making of the Modern Greek Family Paul Sant Cassia, Constantina Bada, 1992 This 1991 study deals with a specific set of institutions in nineteenth century Athens Relying on matrimonial contracts travellers accounts memoirs and popular literature the authors show how distinctive forms of marriage kinship and property transmission evolved in Athens in the nineteenth century These forms then became a feature of wider Greek society which continued into the twentieth century Greece was the first post colonial modern nation state in Europe whose national identity was created largely by peasants who had migrated to the city As Athenian society became less agrarian a new mercantile group superseded and incorporated previous elites and went on to dominate and control the new resources of the nation state Such groups developed their own more mobile systems of property transmission mostly in response to external pressures of a political and economic character This is a persuasive piece of detective work which has advanced our knowledge of modern Greece It is a model for scholarship on the development of family and other intimate ideologies where nation states encroach upon local consciousness
