*Information Flow and Knowledge Sharing* Flavio Soares Correa da Silva, Jaume Agusti-Cullell, 2008-05-01 Except from the Foreword The stated aim of the book series Capturing Intelligence is to publish books on research from all disciplines dealing with and affecting the issue of understanding and reproducing intelligence artificial systems Of course much of the work done in the past decades in this area has been of a highly technical nature varying from hardware design for robots software design for intelligent agents and formal logic for reasoning It is therefore very refreshing to see *Information Flow and Knowledge Sharing* This is a courageous book indeed It is not afraid to tackle the Big Issues notions such as information knowledge information system information flow collaborative problem solving and ontological reasoning All of these notions are crucial to our understanding of intelligence and our building of intelligent artificial systems but all too often these Big Issues are hidden behind the curtains while the technical topics take center stage AI has a rich history of philosophical books that have chosen a non standard structure and narrative It is nice to see that the authors have succeeded into combining a non standard approach to deep questions with a non standard format resulting in a highly interesting volume Frank van Harmelen Series Editor Excerpt from the Introduction Our interest is to promote through a better and deeper understanding of the notions of information and knowledge a better and deeper critical understanding of information technology as situated in the full range of human activities assuming as a principle that this range of activities cannot be properly appreciated when it is reduced to the simplified means end schema proposed by Technology We invite the reader to build his her own points of view about these notions considering our propositions as a starting point for a critical analysis and discussion of these points With that we believe we are contributing to a better understanding of the impact of technology and particularly of Information Technology in everyday life Flavio Soares Correa da Silva Jaume Agusti Cullell Bridges the gap between the technological and philosophical aspects of information technology Analyzes essential notions of IT such as information knowledge information system information flow collaborative problem solving and ontological reasoning *Oscar Romero* Julio O. Torres, 2021-01-18 A unique perspective on one of the greatest religious figures of recent history An in depth portrait of Oscar Romero the Fourth Archbishop of San Salvador based on research of his diaries and sermons and on interviews with most of his surviving relatives friends and co workers This biography provides a unique insider outsider perspective on both Romero and the plight and struggle of Central American immigrants and other migrant and impoverished populations Torres takes readers into Romero s early life his seminary formation and his active ministry including conflicts with the ruling elites and hierarchy that led to his ultimate martyrdom The book concludes with his canonization and the pursuit of justice against his murderers **Cosmic Melodies - Celestial poetic journey** Bhumika Tewari, 2023-11-27 *Cosmic Melodies* is an enchanting collection of celestial poems that invites readers to embark on a journey through the vast expanse of the universe Each poem within this symphony of verses is a unique exploration of the night sky s poetic tapestry weaving together

imagery emotion and cosmic wonder From the ephemeral echoes of twilight to the dance of shadows and the serenades of stardust the poems in this collection paint vivid pictures of the cosmic landscape The verses are carefully crafted to capture the essence of the moonlit lullabies the tranquil tapestry of the night and the whimsical ballet of celestial bodies

Prophetic Imagination Walter Brueggemann,2001-06-26 In this challenging and enlightening treatment Brueggemann traces the lines from the radical vision of Moses to the solidification of royal power in Solomon to the prophetic critique of that power with a new vision of freedom in the prophets Here he traces the broad sweep from Exodus to Kings to Jeremiah to Jesus He highlights that the prophetic vision and not only embraces the pain of the people but creates an energy and amazement based on the new thing that God is doing In this new edition Brueggemann has completely revised the text updated the notes and added a new preface

**The political materialities of borders** Olga Demetriou,Rozita Dimova,2018-10-18 The Political Materialities of Borders seeks to produce social theory at from the border rather than apprehending the border as mere epiphenomenon to urban or state driven social theoretical dynamics it calls for a specificity to the border in border studies as a rejuvenated space for theoretical enquiry

*Old Testament Theology* Prof. Walter Brueggemann,2010-09-01 In this first volume in the Library of Biblical Theology series Walter Brueggemann portrays the key components in Israel s encounter with God as recorded in the Hebrew Bible Creation election Torah the divine hand in history these and other theological high points appear both in their original historical context and their ongoing relevance for contemporary Jewish and Christian self understanding

*Borders of desire* Elissa Helms,Tuija Pulkkinen,2023-06-20 Borders of desire takes a novel approach to the study of borders rather than seeing them only as obstacles to the fulfillment of human desires this collection focuses on how borders can also be productive of desire Based on long term ethnographic engagement with sites along the eastern borders of Europe particularly in the Baltics and the Balkans the studies in this volume illuminate how gendered and sexualized desires are generated by the existence of borders and how they are imagined As the chapters show borders can create new desires expressed as aspirations resentments and actions including physical movements across borders for pleasure or work or collective enactments of political ideals or resistance The collection also shows how the persistent east west symbolic border continues to act as a source of these desires in European political and social life

*The Web of Life* Augusta Cooper Bristol,1895 *Negotiating Social Relations in Bosnia and Herzegovina* Stef Jansen,Čarna Brković,Vanja Čelebičić,2016-07-15 Exploring recent configurations of social relations in post socialist post war post Yugoslav Bosnia and Herzegovina this collection of ethnographic research turns an analytical lens on questions of sociality Contributions based on long term in depth research projects explore how people in different parts of BiH make and remake social relations and outline how their practices of sociality relate to donor set priorities and formal human rights provisions The book explores the socio political concerns which have emerged within BiH incites interdisciplinary conversations and sheds critical light on ways of engaging with these concerns and discusses forms of

sociality politics and agency which remain largely absent from the official political discourse and practice of local and foreign actors Explicitly focusing on social relations in BiH against the historical background of both war and Yugoslav socialism and directly placing these in relation to authoritative discourses and policies regarding BiH today brings the different strands together while the commentaries of specialists who have studied BiH in different ways explicitly situates the contribution of ethnographic work in the country Walking Palestine Stefan Szepesi,2012-12-31 With the images of the Israeli Palestinian conflict so dominant in our minds walking for leisure is the one activity probably least associated with the West Bank region But Stefan Szepesi's book wanders well off the beaten track of Palestine as only a synonym for occupation and strife exploring its inspiring natural and cultural landscape its intriguing past and present and the hospitality of its people The book takes first time walkers and experienced hikers as well as armchair explorers through Palestine's steep desert gorges along its tiny herders trails and over its quiet dirt roads running past silver green olive groves With side stories and anecdotes on heritage history culture and daily life in the West Bank the book ventures into the traits and character of Palestine today Beyond the 250 km of walking trails described and mapped in detail throughout the book *Walking Palestine* offers a wealth of practical walking tips including references to local guides the West Bank's best leisure spots and countryside restaurants and the most charming places to spend the night **The Art Of Ambivalence** Muntazir,2022-08-26

This poetry collection is all about being stuck at an intersection of sadness and pleasure It's about the feeling of numbness and the feeling of being an ambivalent These poems are neither totally painful nor do they make me smile *A Memorial Volume* Jonathan Mayhew Wainwright,1856 Walk with Me Barry S. Savits M.D.,2022-11-28 Enticed I walked along the white sand beach joining by consent a stranger who was going my way as daylight slowly crept into light and tangled my bare feet with the sharp sherds of sand and frothy wavelets which cooled my toes and carried me away into another world Barry Savits appreciates the gifts life has afforded him and enjoys reflecting on his varied life experiences and perspectives on the world around him In a collection of poetry and prose Savits explores diverse themes that include social justice the emotions and the possibilities often encountered along life's path and the lessons learned as we all attempt to overcome obstacles and challenges and love unconditionally His vivid writings reflect on an introspective walk on the beach a kiss tinged with mystery an alley that lures late night revelers a look back at fatherhood the crumbling of a wall against love and permanent involvement and a baffled mind Throughout his collection Savits encourages others to enjoy the word play appreciate the Eden in which we dwell and welcome a world that promises goodwill and harmony *Walk with Me* shares poems and prose that explore one man's life experiences as he embraces life's gifts challenges joys and obstacles

*Race-ing Fargo* Jennifer Erickson,2020-10-15 Tracing the history of refugee settlement in Fargo North Dakota from the 1980s to the present day *Race-ing Fargo* focuses on the role that gender religion and sociality play in everyday interactions between refugees from South Sudan and Bosnia Herzegovina and the dominant white Euro American population of the city

Jennifer Erickson outlines the ways in which refugees have impacted this small city over the last thirty years showing how culture political economy and institutional transformations collectively contribute to the racialization of white cities like Fargo in ways that complicate their demographics Race ing Fargo shows that race religion and decorum prove to be powerful forces determining worthiness and belonging in the city and draws attention to the different roles that state and private sectors played in shaping ideas about race and citizenship on a local level Through the comparative study of white secular Muslim Bosnians and Black Christian Southern Sudanese Race ing Fargo demonstrates how cross cultural and transnational understandings of race ethnicity class and religion shape daily citizenship practices and belonging The New Moses Dale C. Allison Jr.,2013-02-01 This fresh and stimulating work is the first book entirely given to the subject of Moses and Mosaic allusions in the Gospel of Matthew Also included are the history of the discussion of the subject from Bacon to the present as well as a comprehensive analysis of the depiction of ancient Jewish and Christian persons in Mosaic categories **The Role of Old Testament Theology in Old Testament Interpretation** Walter Brueggemann,2015-05-14 This collection of essays is drawn from a series of previous collections to which the author has contributed that were designed to honor senior scholars in the discipline of Old Testament study Each of these essays reflects a distinct intention depending on the nature of the original collection in which they appeared and the scholar who was being honored Taken together however this collection amounts to an articulation of Brueggemann s distinctive approach to theological interpretation of the Old Testament Already in his major volume on Old Testament theology Brueggemann proposed a dynamism of tension dispute and contradiction as the text of ancient Israel sought to give voice to the mystery of God as a sustaining and disruptive agent in the life of the world Over a long period of time this collection reflects the author s growing clarity about the task of Old Testament theology It further reflects on the nature of the biblical text and the way in which the God who inhabits the text runs beyond all of our attempts to define and explain These essays reflect not so much on methodological issues but take up the substantive questions that regularly occupied these ancient text makers *Lonely Planet New York City* Lonely Planet, **Duke** Terry Teachout,2013-10-17 A major new biography of Duke Ellington from the acclaimed author of *Pops A Life of Louis Armstrong* Edward Kennedy Duke Ellington was the greatest jazz composer of the twentieth century and an impenetrably enigmatic personality whom no one not even his closest friends claimed to understand The grandson of a slave he dropped out of high school to become one of the world s most famous musicians a showman of incomparable suavity who was as comfortable in Carnegie Hall as in the nightclubs where he honed his style He wrote some fifteen hundred compositions many of which like *Mood Indigo* and *Sophisticated Lady* remain beloved standards and he sought inspiration in an endless string of transient lovers concealing his inner self behind a smiling mask of flowery language and ironic charm As the biographer of Louis Armstrong Terry Teachout is uniquely qualified to tell the story of the public and private lives of Duke Ellington A semi finalist for the National Book Award Duke peels away countless layers of Ellington s evasion and public deception to tell the

unvarnished truth about the creative genius who inspired Miles Davis to say All the musicians should get together one certain day and get down on their knees and thank Duke     **A Spray of Cosmos** Augusta Cooper Bristol,1904
