European Economic and Political Survey ,1925 **Moscow and Leningrad** Martin Hürlimann,2003-01 *Power and the Sacred in Revolutionary Russia* Glennys Young,2010-11 After the 1917 Revolution in Russia the Bosheviks launched a massive assault on religion Although we know a great deal about how the Bolsheviks went about doing this propaganda persecution of clergy and laity seizing church property scholars have not devoted much attention to the other side of the story the people who were being persecuted and how they responded to their persecutors Glennys Young shows how ordinary Russian peasants devised ways of asserting their religious faith during the difficult period of New Economic Policy

1921-28 when the Party state was ideologically obsessed with eradicating religion. Faced with persecution, torture and the creation of antireligious organizations such as the League of the Godless, Orthodox clergy and laity organized themselves against the Bolsheviks. They revived factional politics even using the village soviets, the intended cornerstone of Soviet power in the countryside, to defend their religious interests. When they achieved some degree of success in their resistance, the Bolsheviks were forced to respond and adapt their strategies. A conclusion that scholars have not put forward previously. Based on extensive research in archives and published sources, Young's book will force historians of Soviet Russia to confront religious issues as central to rural politics. Her work also draws upon cultural anthropology and theories of peasant politics, making it of great interest to any scholars studying the processes of secularization and desacralization in other cultures.

The Soviet Arctic Pier Horensma, 2003-09-02. The Soviet Arctic is the first book to consider Soviet policy in this area from an historian's point of view. Horensma assesses the importance of historic legacies to current Soviet Arctic policy and their consequences on an international level. The book also discusses the significance of historic precedents in the determination of polar sovereignty. Appearances of Soviet Leaders, 1976. Dun-Camp's Tour Manual ..., 1929. *The Development of Soviet Folkloristics (RLE Folklore)* Dana Howell, 2015-02-11. Crucial to the world history of folkloristics is this key study, first published in 1992, of the development of folklore study in the Soviet Union. Nowhere else has political ideology been so heavily involved with folklore scholarship. Professor Howell has examined in depth the institutional development of folkloristics in the Soviet Union in the first half of the twentieth century, concentrating especially upon the transition from pre-revolutionary Russian to Soviet Marxist folkloristics. The study of folklore moved from narrator studies to the description of the relationship of lore to larger contexts of social groups and social classes. Showing an exceptional knowledge of Russian political theory and folkloristics, Dana Howell provides a valuable window into the rise of folkloristics in a country undergoing almost unprecedented changes in social and political conditions. *Meyerhold* Edward Braun, 2013-12-23. Edward Braun's acclaimed work on Meyerhold is available for the first time in paperback. Vsevolod Meyerhold began his career in theatre as an actor with the Moscow Art Theatre and after a spell in the remote provinces he returned to Moscow at Stanislavski's invitation and founded a new experimental studio for the Art Theatre. This book takes us through Meyerhold's extraordinary life of experiment and discovery, describing his rehearsal techniques and exercises and providing an acute assessment of his continuing influence on contemporary theatre.
