## **Moscow And The Middle East Soviet Policy Since The Invasion Of Afghanistan:**

**Moscow and the Middle East** Robert Owen Freedman, 1991-01-25 Professor Freedman provides an exhaustive account of Soviet policy in the Middle East from the invasion of Afghanistan in December 1979 to withdrawal from the country ten years later

Soviet Policy Toward Israel Under Gorbachev Robert Owen Freedman, 1991-03-30 Mikhail Gorbachev's rise to power in 1985 signalled the beginning of significant improvements in Soviet Israeli relations thoroughly examined in this carefully researched volume Based on an analysis of Soviet behavior and interviews with Israeli and Soviet Foreign Ministry officials and PLO leaders this study describes how eased tensions between the Soviet Union and Israel have been achieved and analyzes the Soviet Union's reasons for advancing diplomatic relations with Israel Robert Owen Freedman follows the progress of Soviet policy from the 1985 meeting between the Soviet and Israeli ambassadors to France to the 1987 arrival of the Soviet consular delegation in Israel which heralded rapid improvement on the diplomatic front to the 1989 trade agreements cultural academic and athletic exchanges and the 1990 political meetings between high ranking officials Freedman identifies three primary goals that motivated these Soviet initiatives towards Israel a desire to improve relations with the United States a desire to play a major role in Middle East diplomacy and a desire for trade with Israel Both meticulously documented and forward looking the conclusions reached can stimulate discussion and provide a basis for further study for members of the academic political and diplomatic communities

**China's Economic and Political Presence in the Middle East and South Asia** Mehran Haghiriian, Luciano Zaccara, 2022-09-21 This book explores a range of key issues connected to China's relations with countries in the Middle East and South Asia It discusses economic and political connections and projects which have arisen as part of China's Belt and Road Initiative It covers both important countries in the Middle East and also Pakistan Bangladesh and Afghanistan It examines current contentious issues including Iranian sanctions and the war in Syria and assesses the roles of other powers such as Russia Turkey and Israel insofar as they affect China's relationships Overall the book presents many new perspectives on the subject with many of the perspectives representing the view from the countries of the Middle East and South Asia

The Oxford Handbook of the Cold War Richard H. Immerman, Petra Goedde, 2013-01-31 The Oxford Handbook of the Cold War offers a broad reassessment of the period war based on new conceptual frameworks developed in the field of international history Nearing the 25th anniversary of its end the cold war now emerges as a distinct period in twentieth century history yet one which should be evaluated within the broader context of global political economic social and cultural developments The editors have brought together leading scholars in cold war history to offer a new assessment of the state of the field and identify fundamental questions for future research The individual chapters in this volume evaluate both the extent and the limits of the cold war's reach in world history They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict Even though each essay offers a unique perspective

together they show the interconnectedness between cold war and national and transnational developments including long standing conflicts that preceded the cold war and persisted after its end or global transformations in areas such as human rights or economic and cultural globalization Because of its broad mandate the volume is structured not along conventional chronological lines but thematically offering essays on conceptual frameworks regional perspectives cold war instruments and cold war challenges The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history

**Russia in the Middle East** Andrej Kreutz,2006-11-30 Kreutz examines the goals and strategies of Russia and the former Soviet Union toward most of the Arab states in the Middle East The author argues that Russia has been an important actor in the region for over a century and has tried to regain its influence in several countries following its strategic retreat after the collapse of the Soviet Union in the early 1990s However according to Kreutz Moscow does not seek confrontation with the United States or with the West in general in the region Rather the Russians are interested in peace and stability in the region which is close to its borders Because of that although Moscow wants to cultivate its links with Israel it also seeks to reach a peaceful and balanced solution to the Palestinian Israel and the Arab Israeli conflicts taking Palestinian and Arab interests into account Washington can better engage Moscow as a stabilizing force in the Middle East and as a collaborator in the struggle against Islamic terrorists At the same time the United States must be cognizant of where Washington and Moscow diverge Although Russia may be too weak now to compete with the United States on a global scale it is not happy to see American or EU encroachment close to its own neighborhood If we take their weakness for granted and become blind to the possibilities for Russian alliances in the region we do so to our disadvantage This book demonstrates Russia s enduring interest and influence in the Arab Middle East

The Palestinian Left and Its Decline Francesco Saverio Leopardi,2020-07-06 This book examines the history of the Palestinian Left by focusing on the trajectory of the Popular Front for the Liberation of Palestine PFLP during its declining phase Relying on a substantial corpus of primary sources this study illustrates how the PFLP s political agency contributed to its own marginalisation within the Palestinian national movement Following the 1982 eviction of the Palestine Liberation Organisation PLO from Lebanon the bases of the PFLP s opposition to Fatah s primacy in the national movement were jeopardised This book argues that the PFLP s loyalty to the PLO institutional and political framework prevented the formulation of a real counterhegemonic political project This drove the PFLP s action to suffer a fundamental contradiction undermining its stance within the national movement In the attempt to continue its opposition to Fatah while maintaining integration in the Palestinian mainstream the PFLP s agency fluctuated compromising its effectiveness and credibility Apparently irreversible the PFLP s marginalisation is a factor fostering the current Palestinian impasse as no alternative is emerging to break the thirteen year long Hamas Fatah polarisation

*Russia and the GCC* Diana Galeeva,2022-12-29 In recent decades Russia has played an increasingly active role in the Middle East as states within the region continue to

diversify their relations with major external powers Yet the role of specific Russian regions especially those that share an Islamic identity with the GCC has been overlooked In this book Diana Galeeva examines the relations between the Gulf States and Russia from the Soviet era to the present day Using the Republic of Tatarstan one of Russia's Muslim polities as a case study Galeeva demonstrates the emergence of relations between modern Tatarstan and the GCC States evolving from concerns with economic survival to a rising paradiplomacy reliant on shared Islamic identities Having conducted fieldwork in the Muslim Republics of Tatarstan Bashkortostan and Dagestan the book includes interviews with high ranking political figures heads of religious organisations and academics Moving beyond solely economic and geopolitical considerations the research in this book sheds light on the increasingly important role that culture and shared Islamic identity play in paradiplomacy efforts

**The American Bibliography of Slavic and East European Studies** Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology

*The World Facing Israel, Israel Facing the World* Alfred Wittstock, 2011-01-01 Papers presented at meetings held May 2010 in Rhineland Palatinate

Neutrality and Vulnerable States Nasir Andisha, 2020-10-08 This book offers a timely and concise academic and historical background to the concept and practice of neutrality a relatively new phenomenon in foreign and security policy It approaches two key questions under what circumstances can permanent neutrality be applied and what are the main ingredients of success and the causes of failure in applying permanent neutrality By evaluating comparing and contrasting the two successful European case studies of Austria and Switzerland and the two challenging Asian case studies of Afghanistan and Laos the author creates a new framework of analysis to explore the feasibility of reframing adopting and applying a policy of neutrality and jump start debates on the feasibility of the idea of new neutrality He opens the debate by asking whether as neutrality successfully functioned as a conflict resolution tool during the Cold War a reframed and adopted version of neutrality could also serve the needs of the twenty first century world order This is an insightful book for all scholars students and policymakers working in international relations security studies the history of neutrality and Afghanistan studies

*The Middle East Since Camp David* Robert O Freedman, 2019-07-09 Since the Camp David agreements of September 1978 the Middle East has experienced a series of major military and political developments that have affected not just the nations of the region and the two superpowers but the rest of the world as well The fall of the Shah of Iran the Soviet invasion of Afghanistan the Iraqi invasion of Iran the assassination of Egyptian President Anwar Sadat and the Israeli invasion of Lebanon to name only a few events have had a major impact In this volume a group of internationally recognized scholars many of whom are present and former U S government officials analyze these Middle Eastern developments from the perspectives of the superpowers the region in general and the five major actors during this period Egypt Israel the PLO Syria and Iran Although the individual

authors speak from differing perspectives and viewpoints in their analyses the book as a whole presents a balanced examination of the key developments in the volatile Middle East since Camp David      Problems of Communism, 1991      **A Slow Reckoning** Vassily Klimentov, 2024-02-15 A Slow Reckoning examines the Soviet Union's and the Afghan communists' views of and policies toward Islam and Islamism during the Soviet Afghan War 1979-1989 As Vassily Klimentov demonstrates the Soviet and communist Afghan disregard for Islam was telling of the overall communist approach to reforming Afghanistan and helps explain the failure of their modernization project A Slow Reckoning reveals how during most of the conflict Babrak Karmal the ruler installed by the Soviets instrumentalized Islam in support of his rule while retaining a Marxist Leninist platform Similarly the Soviets at all levels failed to give Islam its due importance as communist ideology and military considerations dominated their decision making This approach to Islam only changed after Mikhail Gorbachev replaced Karmal by Mohammad Najibullah and prepared to withdraw Soviet forces Discarding Marxism Leninism for Islam proved the correct approach but it came too late to salvage the Soviet nation building project A Slow Reckoning also shows how Soviet leaders only started seriously paying attention to an Islamist threat from Afghanistan to Central Asia after 1986 While the Soviets had concerns related to Islamism in 1979 only the KGB believed the threat to be potent The Soviet elites never fully conceptualized Islamism continuing to see it as an ideology the United States Iran or Pakistan could instrumentalize at will They believed the Islamists had little agency and that their retrograde ideology could not find massive appeal among progressive Soviet Muslims In this they were only partly right      **The Cold War in the Third World** Robert J. McMahon, 2013-06-13 This collection explores the complex interrelationships between the Soviet American struggle for global preeminence and the rise of the Third World Featuring original essays by twelve leading scholars it examines the influence of Third World actors on the course of the Cold War      Unexceptional Marc J. O'Reilly, 2008-04-07 Unexceptional America's Empire in the Persian Gulf 1941-2007 examines U.S. policy vis-à-vis the Persian Gulf since the Second World War It asserts that the American experience in this strategic yet volatile region known for its plentiful oil and gas can be best understood as an unexceptional imperial endeavor similar in kind to that of the British Ottoman and other empires in previous centuries Since 1941 the U.S. empire in the Gulf has achieved successes such as Operation Desert Storm and the invasion of Iraq Setbacks have included the Iranian Revolution and the ongoing occupation of Iraq Given these and many other events which this book spotlights America's Gulf empire has undergone repeated expansion and contraction a typical imperial pattern The result has been a cycle of waxing and waning U.S. influence in a critical region of the world Until its occupation of Iraq the United States practiced informal empire in the Gulf rather than colonialism Currently however the formal empire established by the United States in Iraq jeopardizes the overall American position in the Gulf which seemed unassailable in early 2003      *Routledge Handbook of International Relations in the Middle East* Shahram Akbarzadeh, 2019-03-26 This handbook examines the regional and international dynamics of the Middle East It challenges the

state society dichotomy to make sense of decision making and behavior by ruling regimes The 33 chapter authors include the world's leading scholars of the Middle East and International Relations IR in order to make sense of the region This synthesis of area studies expertise and IR theory provides a unique and rigorous account of the region's current dynamics which have reached a crisis point since the beginning of the Arab Spring The Middle East has been characterized by volatility for more than a century Although the region attracts significant scholarly interest IR theory has rarely been used as a tool to understand events The constructivist approach in IR highlights the significance of state identity shaped by history and culture in making sense of international relations The authors of this volume consider how IR theory can elucidate the patterns and principles that shape the region in order to provide a rigorous account of the contemporary challenges of the Middle East The Routledge Handbook of International Relations in the Middle East provides comprehensive coverage of International Relations issues in the region Thus it offers key resources for researchers and students interested in International Relations and the Middle East

**The Oil Crisis** Fiona Venn, 2016-07-01 In October 1973 two crises one economic one political intersected with dramatic and long term consequences for international relations On 6 October Egypt and Syria launched an attack on Israel and within a few days the major Arab oil producers announced their support by use of the oil weapon including a boycott of supplies for countries friendly to Israel and a programme of production cuts This was followed by the unilateral declaration of a steep increase in the price of oil by the Organization of Petroleum Exporting Countries OPEC The result was international panic and world recession Crude oil prices soared by a massive fourfold in just three months The West's vulnerability had been exposed it was being held hostage to oil Yet despite efforts to address this dependence on oil imports in following years the 1979 Iranian Revolution triggered a further upward surge in prices Today the importance of oil remains at the forefront of the West's foreign policy calculations in the Middle East In this fascinating and timely new look at the oil crisis Fiona Venn examines these issues and the more unexpected effects of the crisis She asks just how much really changed in the economic balance of power Most importantly she argues that OPEC was used as a scapegoat for the world recession which had been already underway when the crisis detonated

**The Soviet Union In The Third World** Carol R Saivetz, 2019-07-09 This book examines the crucial role that Soviet policy toward the Third World played in Soviet efforts to influence the development of the international system in competition with the United States It traces the evolution of Soviet policy toward the Third World

**U.S. Strategic Interests In The Gulf Region** Wm. J. Olson, 2021-11-28 An area vital to US interests the Gulf has long been a volatile region The vulnerability of Western interests is illustrated by such destabilizing influences as the political power of OPEC the fall of the Shah of Iran the Soviet invasion of Afghanistan and the Iran 1 Iraq War The contributors to this volume examine the causes and effects of instability in the region and US policy response focusing on patterns of regional conflict Soviet interests Islamic fundamentalism and US long term policy for facing threats to its interests Discussing the options open to government planners the contributors analyze

the viability of alternative political and military strategies for the Gulf in the future      The Great Power Competition Volume 4

Adib Farhadi, Anthony Masys, 2023-05-02 *Lessons Learned from Afghanistan America's Longest War* examines the lessons of how America's longest war came to an ignominious end with staggering consequences for the United States and the Afghan nation. Afghanistan today faces an unprecedented humanitarian crisis, a looming threat of a civil war, and a resurgence of violent extremism organizations similar to pre-9/11. As the U.S. enters a new era in the strategic geopolitical Great Power Competition, an analysis of the original mission intent, shifting policy and strategic objectives, and ineffective implementation of security, political, and economic programs reveal critical lessons and questions such as: What led to the strategic failure of the U.S. in Afghanistan? What decisions resulted in the present-day humanitarian, civil, and political crises in Afghanistan? Were these consequences in fact avoidable? Was there an alternative approach that could have maintained the hard-fought gains of the last two decades and better demonstrated America's standing as a defender of global human rights? *Lessons Learned from Afghanistan America's Longest War* further explores lessons of the past negotiations between the United States, Taliban, and former U.S.-backed Afghan government to suggest alternative pathways that honor the original intent of the mission and meet present-day obligations to an Afghan nation in crisis.

This Captivating World of Kindle Books: A Thorough Guide Revealing the Pros of Kindle Books: A World of Convenience and Versatility E-book books, with their inherent mobility and simplicity of access, have freed readers from the constraints of hardcopy books. Gone are the days of lugging cumbersome novels or carefully searching for particular titles in bookstores. E-book devices, stylish and portable, effortlessly store an wide library of books, allowing readers to immerse in their favorite reads anytime, anywhere. Whether commuting on a bustling train, lounging on a sunny beach, or simply cozying up in bed, E-book books provide an exceptional level of ease. A Literary Universe Unfolded: Exploring the Wide Array of Kindle Moscow And The Middle East Soviet Policy Since The Invasion Of Afghanistan Moscow And The Middle East Soviet Policy Since The Invasion Of Afghanistan The Kindle Shop, a virtual treasure trove of bookish gems, boasts an extensive collection of books spanning diverse genres, catering to every readers taste and preference.
